Background Information:

In order to engage in long range planning, MISD administration is presenting academic calendars for the next two school years. The process included an interdepartmental collaboration that designed ways to solicit staff, student and community input. The academic calendar committee considered the input from stakeholders to design three versions of academic calendars for the next two years. Teachers must have 187 work days and students must receive a minimum of 75,600 instructional minutes each academic calendar year.

The district received over 3,000 responses from stakeholders that included initial input on what to consider when designing the academic calendars and votes for their calendar preference. Teacher members of the District Advisory Team shared the desire for teachers to start in August rather than July. Upon Board request to include Veterans Day as a holiday, administration is now presenting calendar Option A to the board for approval. Calendar Option A includes Veterans Day as a holiday.
