- Goal** To expand my knowledge and experience of nursing with a focus of advancing to critical care from a medical-surgical unit and eventually moving up into administration.
- Education**
- 2014-2015 **University of Texas – Arlington, Arlington, TX**
Bachelors of Science in Nursing, December 2015. Worked full time as an RN on a med-surg unit specializing in bariatric surgery.
- 2008-2012 **Odessa College- Odessa, TX.**
Associates Degree in Nursing, May 2012. Worked full time during program at a local children’s center.
- Employment**
- 2012-present **Medical Center Hospital, Odessa, Tx.**
Upon graduation, I started on a 30 bed medical-surgical unit (primarily abdominal surgeries) specializing in bariatric surgery, in a 310 bed, Level 2 trauma center. I since have maintained this position and have decided to stay while finishing with school. I relief charge and also work PRN on the night shift on my scheduled days off when they are short-handed. Duties involve delegation to LVN’s and unlicensed staff, as well as communication with doctors, fellow nurses, and other departments in the hospital including families of the patients in order to provide the most appropriate care for our patients. Recently transferred to a critical care unit.
- Certifications**
- RN license # 824175
BLS&ACLS Certified
Board Certified through ANCC
Pressure Ulcer and Sepsis Champion
Staffing Advisory Committee
Quality Improvement Team
- Hobbies** crafts, reading, jogging, church activities, spending time with family
