

Comprehensive Achievement Planning – Next Steps

- The plans are now considered “live” and will cease to have deadlines, rather required check points
- The final deadlines are:
 - July 1 for re-submission
 - August 1 for Supplemental Title 1 Components
- Middle and High School will be using Indistar in lieu of SIP starting next school year
- Administrative PLC will go into a Monitor / Plan / Do cycle in order to drive implementation of plans and continue to build internal capacity
- We don't yet know Focus School budget amounts for 13.14
- We will be welcoming to our team “School Support Specialists” who will be neutral outside staff who monitor implementation
