Asbestos Abatement Response Action Services - Summer 2018
Lincoln Hall Middle School - (Arcon Project 17088)
6855 N. Crawford Avenue, Lincolnwood, Illinois 60712**

Dear Mr. Ciserella:

On May 11, 2018, six (6) bids were received, opened, and read by Lincolnwood School District #74 regarding the project indicated above. A copy of the bid tabulation is attached. The six (6) bids ranged from \$47,000.00 to \$100,000.00, with one (1) bid found unresponsive. The apparent low bidder was EHC Industries, Inc. (EHC) of Wauconda, Illinois at \$47,000.00 and submission of all required conditions, agreements, a detailed project schedule and bid forms. As required in the bidding documents, EHC viewed the proposed scope of work on May 1, 2018.

We have contacted Mr. Mike Foster, Project Estimator for EHC and reviewed his bid and scope of work. Mr. Foster stated that he fully understands the scope of work, the tight time frame for this multi-phased project, the manpower needed for the project, current site conditions and liquidated damages. Mr. Foster stated that he was comfortable and confident with the bid. In addition, review of EHC's past work experience demonstrates that they are both competent and capable of performing the work as specified. Therefore, United Analytical Services, Inc. (UAS) recommends award of the project to the apparent low responsible bidder, EHC.

Sincerely,
UNITED ANALYTICAL SERVICES, INC.
