Knightline Newsletter

May/June 2019

North Valley Community,

Spring is upon us and the school year is rapidly coming to a close. With the end in sight, I would like to reflect on this past month and prepare our community for the close of the school year. We have had much to celebrate in the month of April . . . Academic Masters success, FBLA, Speech, and Skills USA state competitions as well as robotics competitions. Furthermore, Spring sports are in full swing and many programs are looking forward to competing at the state level.

Our staff is working hard to help students achieve their academic goals and keep everyone on-track for graduation. Please encourage your students to continue to work hard and demonstrate our 3R's in their pursuit of academic excellence. Hopefully, you were able to visit us during conferences on the 25th and 26th of April and learn more about your student's happening at NVHS.

21st Century Grant Opportunities.....

Three Rivers School District has been awarded the 21st Century Grant. North Valley High School is included in this award this year. The Grant is here to provide services and opportunities for our students outside of school hours. We will be linked with local instruction as well as community partners. All of the classes are drop in and give something new a try. Of course we hope that the students will join in and attend for the whole term of sessions they are interested in. Finally as a school we have a lofty goal we need to have attendance at these functions. Our goal is to get over 30% of our student body to attend activities regularly. For more information on any of these opportunities please contact Melissa Madsen at melissa.madsen@threerivers.k12.or.us.
