

2018-2019

Club Name Napi Science Club Sponsor Theodora Weatherwax

Club Goals: Students will be introduced to science activities that is going to be useful to them living in
Montana and cultural activites that we as the Blackfeet used for survival. The students are going to learn
how to use technology with lego's, ozobot, computers, and hands-on projects. Students will visit Boone
and Crocket for an over night trip to learn about how to measure deer and elk horns. They will use the
science room for science activities and learn about how to attend outside learning from the school. Short
field trips around the community to learn about careers and local programs.

Proposed Meeting Dates: We will meet Monday's after school

Summary of Proposed Club Activities: Learn activities about science, programs in our community,
how to build structures, measure deer and elk horns. Students who worked hard and will go on an over nigh
trip to Boone and Crocket, Dupuyer, Mt. Students will meet different adults who work in Science fields

All sponsors must keep sign-in sheets for ALL meetings and sign-in sheets will include the date of the meeting and SIGNATURES of STUDENTS attending. These sign-in sheets will be turned in at the end of the year prior to receiving the stipend.
