Re: Purchase of Furniture

At the Building & Site Committee meeting on Monday January 7, 2013, the Board of Education discussed purchasing student furniture.

At that time the Board asked that we verify the quote from last fall was the current price. The quote was from School Specialty, a vendor with the national contract purchasing agency, National Joint Powers Alliance (NJPA). NJPA is one of the many 'pre bid' organizations we use to obtain the best possible pricing on purchases. The furniture we have priced is the same furniture the District has purchased in the recent past. We have received confirmation from School Specialty that they will maintain the earlier price quote. You may recall this was a total cost of \$108,826 for 700 desks and 1000 chairs. We will include this item for Board consideration at the January 22, 2013 regular Board of Education meeting.

The funding source for this purchase is the 2012 Capital Projects fund. The fund was established in 2012 from the sale of property during that year.

Please let me know if there are any further questions.
