

CANDIDATE QUESTIONNAIRE

OSBA board of directors

Name: David H Krumbein Date: 22 June 20008

District/ESD/CC: Pendleton SD 16R Position: Board

I certify that if elected, I will faithfully serve as a member of the OSBA board of directors. My nomination form has been submitted to OSBA (or is attached to this document) as evidence.

Signed: David H Krumbein

Be brief; please limit your responses to 50 words per question.

1. Describe in your own words the mission and goals of OSBA.

OSBA is the voice for public education in Oregon. We are in a position to represent the entire State and provide a wide range of opinions relating to Education in Oregon.

2. What do you want to accomplish by serving on the OSBA board of directors?

My job would be to present the Region's concerns effectively at the State level. One of the strengths of OSBA is the statewide representation. I can give a perspective to our Region's concerns that will be heard at the state level.

3. What leadership skills do you believe you bring to the board of directors? Give an example of a situation in which you demonstrated these skills.

I have served on many Boards and continue on a few. I have been the State Chairman for the Professional Land Surveyors of Oregon. Serve as a Legislative contact to Washington, D.C. for the American Society of Civil Engineers as well as OSBA. While I was the Board Chair for the Pendleton School District I presided over a very contentious meeting where we voted to release a long time baseball coach and kept control of the speakers.

(continued)

4. What do you see as the two most challenging issues faced by OSBA?

Sustainable funding for the organization, taking into account the loss of the Insurance funding.

Maintaining a healthy relationship with the Oregon Department of Education and the Legislature.

5. What do you see as the two most challenging issues faced by your region?

We are a very diverse region with large schools (4A) and small (1A), as well as charter schools. They all represent different needs that OSBA must consider when making decisions.

Geographically we cover a large part of the state, it is over two hundred miles from one end to the other. Sharing thoughts and information will always be a challenge. Technology can help, but it has its limitations.

6. What is your plan for communicating with boards in your region?

I plan to visit some of the Board's during the year and make reports on the actions of the State Board.

I also will do a written summary after each State Board meeting and send that out to each board in the Region.

If we can make time at the State Annual Convention in November we can have a Regional meeting. I will also be using the Regional ListServe to inform members of Statewide issues. It will be a challenge.

Materials submitted by the candidate on this form may be subject to a public information request under ORS Chapter 192.
