Secondary Road Patrol Agreement

Funding Period — October 1, 2023 - September 30, 2024

State Allocation

\$80,941.00

Maintenance of Effort (MOE) Requirement

1.00 FTEs

Background:

The Office of Highway Safety Planning (OHSP) is responsible for administering the Secondary Road Patrol and Traffic Accident Prevention Fund. Before a county obtains its grant from the amount annually appropriated for secondary road patrol and traffic accident prevention, the county shall enter into an agreement for the secondary road patrol and traffic accident prevention services with the OHSP.

In each fiscal year, \$15,000,000 of the proceeds deposited in the state treasury for taxes on the retail selling price of spirits must be allocated to the secondary road patrol and training fund (MCL 256.629e). (A percentage of the proceeds are also allocated to MCOLES to administer the training to locals grant).

A county's share of the amount annually appropriated for secondary road patrol and traffic accident prevention must be the same percentage that the county received, or was eligible to receive, of the total amount allocated to all counties under section 12 of 1951 PA 51, MCL 247.662, less the amounts distributed for snow removal and engineers, during the period of July 1, 1976, through June 30, 1977. As such, this funding formula has not changed since 1977.

Maintenance of Effort (MOE):

The county shall immediately notify OHSP of any reductions in the expenditures or working number of county-funded road patrol positions if the remaining number of working road patrol positions is below the September 30, 1978 or September 30, 2021 level, whichever year the expenditures or level of road patrol is lower. This notification shall include the latest county estimate of total county general fund revenue for the pertinent county fiscal year. Notification shall be in writing and include appropriate explanatory information.

County agrees to use funding solely on secondary roads for the following services to be provided:

- Patrolling and monitoring traffic violations.
- Enforcing the criminal laws of this state, violations of which are observed by or brought to the attention of the sheriff's office while providing the services required by Public Act 416 of 1978 (P.A. 416).
- Investigating accidents involving motor vehicles.
- Providing emergency assistance to persons on or near a highway or road patrolled as required by P.A. 416.

The sheriff's office can provide these services on secondary roads within a city or village if the legislative body of the local unit of government passes a resolution requesting the services, with the exception of taking complaints.

How funds can be spent:

- Employing additional personnel
- Purchasing additional equipment
- Enforcing laws in state and county parks
- Providing selective motor vehicle inspection programs
- Providing traffic safety information and education programs that are in addition to those provided before the effective date of P.A. 416, October 1, 1978

Eligible Expenses:

Eligible expenses include:

- Salaries and fringe benefits for time that deputies spend on secondary road patrol assignments.
- Mileage reimbursement OR Actual automotive costs.
NOTE: If using a mileage rate that includes an allowance for depreciation of the vehicle, including the IRS rate, the county may not also request reimbursement for a vehicle.
- Equipment expenses
- Supplies and Operating expenses

Ineligible Expenses:

Ineligible expenses include:

- Salaries and fringe benefits for time that deputies did not spend on secondary roads.
- Any costs related to non-secondary road patrol activity.

Quarterly Reimbursement Requests:

The county agrees to submit a Quarterly Financial Report within 20 days of the completion of each quarterly period beginning with the date of this agreement. A general ledger report produced by the county's official accounting system must be submitted with each Quarterly Financial Report. The ledger **must** reconcile to reported costs.

Funds are allocated each fiscal year beginning October 1. Sheriff offices must submit for reimbursement requests quarterly. Quarterly reports are due:

1. January 20
2. April 20
3. July 20
4. October 20

Reimbursement requests must be made using the OHSP MGX system. All personnel costs, automotive expenses, equipment, and operating costs must be listed and provided with the general ledger. All costs requested must reconcile

with the general ledger.

Method of Payment:

The State of Michigan shall reimburse the county for expenditures incurred during the previous quarter. Reimbursement may be delayed should the county fail to provide all required reports and other documentation or is not in compliance with P.A. 416 and the Agreement Conditions and Requirements. Unallowable costs will not be reimbursed.

Annual Reporting Requirements:

The county is required to submit their annual report through the MGX system which contains:

- (a) A description of the services provided by the sheriff's department of the county under MCL 51.76, other than the services provided in a county park.
- (b) A description of the services provided by the sheriff's department of the county under MCL 51.76 in county parks in the county.
- (c) A copy of each resolution by a city or village of the county which requests the sheriff's department of the county to provide the services described in MCL 51.76.
- (d) A copy of each contract between a county and a township of the county in which township the sheriff's department is providing a law enforcement service, as required by MCL 51.77(7).
- (e) The recommendations of the sheriff's department of the county on methods of improving the services provided under section MCL 51.76; improving the training programs of law enforcement officers; and improving the communications system of the sheriff's department.
- (f) The total number of sworn officers in the sheriff's department.
- (g) The number of sworn officers in the sheriff's department assigned to road safety programs.
- (h) The accident and fatality data for incorporated and unincorporated areas of the county during the preceding calendar year. *
- (i) The crime statistics for the incorporated and unincorporated areas of the county during the preceding calendar year. *
- (j) The law enforcement plan developed under subsection (7), i.e., The sheriff of each county and the director of the department of state police, or their authorized representatives shall meet and develop a law enforcement plan for the unincorporated areas of the county. The law enforcement plan must be reviewed and updated periodically.
- (k) A description of the role alcohol played in the incidences of personal injury traffic accidents and traffic fatalities in the county.

The data for lines (h) and (i) will be compiled by the OHSP. The county will not be required to provide this information.

Record Keeping Requirements:

The county must maintain accounting records, following generally accepted accounting procedures, to receive reimbursement for expenditures under this agreement. Documentation supporting all expenditures shall be maintained for at least three years after the expiration of the fiscal year covering this agreement. The Sheriff agrees to expend funds obtained under this agreement only during the period covered by the agreement and only for purposes specified. All revenue and expenditures shall be recorded in a fund or account separate from the provider's other funds or accounts. The general ledger is required and must reconcile to reported costs.

1. **Personnel Costs.** Amounts expended under this agreement for P.A. 416-Funded Road Patrol Deputies shall be based upon payrolls documented and approved in accordance with the policies and practices of the Sheriff and shall be supported by time and attendance records and daily activity logs for individual employees. The daily logs must detail all activities engaged in, locations of activities, and times engaged in each activity.
2. All automotive expenses, supplies, and equipment shall be authorized and procured in accordance with the general policies and practices of the county. Automotive expenses can be reported based either on the actual costs incurred for vehicles, gasoline, maintenance, insurance, and other vehicle costs, or on actual miles driven times a mileage rate. If the county chooses to use a mileage rate, they may either use the most recently published IRS business rate, in which case no further calculation is required, or calculate the mileage rate based on the county's actual costs. Supporting documentation for the county's calculated rate must be kept on file for review during monitoring.

Monitoring and Audit:

The OHSP, the Local Government Audit Division of the Michigan Department of Treasury, and the State Auditor General, or any of their duly authorized representatives, shall have access to any books, documents, papers, and records of the Sheriff which are related to this agreement, for purpose of monitoring and audit.

The county shall comply with the requests of the OHSP for information on reports related to the manpower, expenditures, and services of the county.

Termination

The agreement is void if the county reduces its expenditures or level of road patrol below that which the county was expending or providing immediately before October 1, 1978, or October 1, 2021, whichever year the expenditures or level of road patrol is less. (MCL 51.77(1)). If there is an allegation of non-compliance with the provisions of this subsection, the OHSP shall notify the Sheriff in writing and afford the Sheriff with an opportunity to demonstrate compliance. If compliance cannot be established, OHSP shall notify the Sheriff in writing of the termination of this agreement. This termination shall be effective as of the date on which the non-compliance originally occurred.

Sanctions:

If the county materially fails to comply with the terms and conditions of the agreement, the OHSP may take one or more of the following actions, as appropriate in the circumstances:

1. Temporarily withhold cash payments pending correction of the deficiency by the county.
2. Disallow all or part of the cost of the activity or action not in compliance.
3. Wholly or partly suspend or terminate the current agreement.
4. Withhold further funding for the program.
5. Take other remedies that may be legally available.
