

SOUTH SAN ANTONIO INDEPENDENT SCHOOL DISTRICT

Agenda Item Summary

Meeting Date: June 16, 2025

Agenda Section: Consent

Agenda Item Title: i-Ready

From/Presenters: Dr. Gutierrez, Deputy Superintendent

Description: i-Ready, developed by Curriculum Associates, is a comprehensive, adaptive online instructional program designed to support the academic needs of students in Special Education Resource classrooms in grades K–5. The program focuses on Reading and Math, and is fully aligned with the Texas Essential Knowledge and Skills (TEKS) standards. i-Ready helps ensure access to curriculum by providing individualized learning pathways based on each student's academic level.

Within Special Education Resource settings, i-Ready supports students with disabilities through the following key components:

- Online Diagnostic Assessment: i-Ready includes a nationally normed, adaptive diagnostic tool that determines each student's current instructional level. This data-driven assessment also serves as an ongoing progress monitoring resource, informing Individualized Education Program (IEP) goals and instructional planning.
- Personalized Learning Paths: After completing the diagnostic, students are automatically assigned customized instructional paths that target their specific skill gaps in Reading and/or Math. These individualized paths help address learning needs efficiently and effectively.
- Teacher-Led, Standards-Aligned Lessons: i-Ready provides special education resource teachers with ready-to-use, research-based lesson plans aligned to TEKS. These materials are specifically designed for small group instruction during resource pull-out sessions and support targeted intervention.
- Online Independent Practice: Students engage with interactive, scaffolded digital lessons that reinforce learning at their appropriate level. These lessons can be completed independently, outside of resource sessions, to build confidence, support retention, and encourage academic independence.

This program ensures that students receiving special education services are not only given access to high-quality instruction, but are also provided with tools and strategies tailored to their individual progress and growth.

Historical Data: Currently, the district does not have a formal or dedicated curriculum in place for Special Education teachers serving students in K–5 resource pull-out settings. Best practices in special education emphasize the importance of providing students with access to evidence-based intervention tools that go beyond the general education curriculum available to all students.

Recommendation: Approve the purchase of i-Ready TEKS aligned curriculum for the 2025 - 2026 school year.

Purchasing Director and Approval Date: Victoria Cantu, June 16, 2025

Funding Budget Code and Amount: 410 E 11 6395 00 825 6 11 0 00 \$22,535.00

Goal 1: SSAISD will increase academic achievement for all students and thus close the gap between student populations in pursuit of advanced performance and post-secondary educational or career paths.

Curriculum Associates®

Information on Professional Learning Sessions and COVID-19

Protecting the health and safety of the educators we serve and their students, as well as the health and safety of our employees, is of paramount importance to Curriculum Associates. While it is our preference to deliver PL sessions in person, circumstances related to COVID-19 may require us to provide sessions virtually instead. Curriculum Associates' policy is to only provide PL sessions in person where one of our employees can reach the session site by car and where adequate safety measures are in place to protect the health of our session leaders and participants. Curriculum Associates reserves the right to switch any session from in-person to virtual if we cannot reach a session site by car, if adequate safety measures cannot be put in place, or if Curriculum Associates determines that it would otherwise put its employees at risk to provide an in-person session.

If your school or district will not permit visitors at the time of a scheduled session, Curriculum Associates would be happy to provide an equivalent live, virtual session via videoconference. Similarly, Curriculum Associates will comply with your school or district's health and safety requirements regarding on-site visitors if we are given adequate advance notice. Our PL Operations team will work with school or district personnel to hold sessions in a manner that protects the safety of educators and your school community as well as Curriculum Associates employees.

We are pleased to be able to serve you in these challenging times and look forward to providing productive learning sessions to your staff. Any questions regarding scheduling in-person or virtual training sessions should be directed to pdoperations@cainc.com.

Notice for Usage of Teacher Toolbox Materials

Thank you for your interest in Teacher Toolbox! Teacher Toolbox is a digital collection of instructional materials, designed to support teachers in delivering research-based instruction, remediation, and enrichment to students in Grades K–8.

Your Teacher Toolbox subscription provides access to Teacher Toolbox content for Grades K–8. During this time, educators may use Teacher Toolbox materials during whole class and small group instruction, for individual assignments, and may post student-facing Teacher Toolbox PDFs on a password-protected learning management system (LMS). Please be aware that files expire on June 30 of each year for purposes of Teacher Toolbox maintenance and updates. If you add files to an LMS, this expiration date may require that you re-load these files after this date.
