

Board of Education

PRESENTATION

TITLE:	A presentation on how letter grades are assigned under ESSA (Every Student Succeeds Act) and how schools use these assigned grades to develop specific School Improvement Plans (SIP).
DATE:	July 2, 2018
RESPONSIBLE ADMINISTRATOR:	Dr. Kellie Cohen Director of Student Achievement and Accountability

BACKGROUND/CONSIDERATIONS:

Beginning with the 2018-19 school year, boards of education must approve each school's School Improvement Plan (SIP). These plans were approved at the June 25, 2018 school board meeting. Plans are written in response to each school's performance on the previous ACT Aspire assessment administered each Spring.

This presentation explains how grades are derived based on the ESSA performance indicators. Additionally, information will be shared on specific improvement strategies which have been submitted and approved.

RECOMMENDATION:

This is an information item. No action is required.
