B. Fast Growth School Coalition Bond Economic Impact Study

At the recent Fast Growth School Coalition a study was presented which outlined a great deal of data related to the true financial impact of school bond programs on their associated communities.

A link to the report in its entirety can be found [here](#).

I will be addressing a few of the areas I found of interest to us as citizens of the state as well as information specific to Aledo ISD.

C. Region XI Education Service Center Board of Directors Election

At each Trustee's place is a ballot for election of Trustees Region XI. You have been previously provided information related to each of the candidates. As you cast your ballots, please place them in the envelope Mrs. Worthington has so that we mail them to the service center staff for tabulation.

D. Huckabee & Associates Statement

I have been made aware of statements circulating around the AISD community regarding the past business relationship between Aledo ISD and this architecture firm.

I will be clearing up a general misunderstanding regarding this company verbally at this meeting.
