

## Administrative recommendation on Audit RFP

Morrow County SD received four audit proposals. The review committee consisted of the Superintendent, two staff and two board members. Each committee member completed an evaluation/scoring form that evaluated the proposals on the Understanding of engagement, Approach to examination, Experience with schools, Staffing (size, training, experience and location) and Audit fee. The completed forms were totaled for each proposer. Dickey and Tremper, LLP received the highest score per the evaluation standards. We had three very good proposals, but after scoring, the review committee recommends Dickey and Tremper as the 2018-19 Auditors for the District. We have issued the notification of intent to award the audit contract to Dickey and Tremper upon approval of the Board.
