

Community Education Positive Happenings School Age Care (SAC)

Steps Ahead

Full-day childcare for 4 & 5 year olds

Steps Ahead is offered through the Community Education School Age Care program. Steps Ahead offers a comprehensive pre-kindergarten experience. High quality staff lead children in group activities, guided play and enriching activities in literacy, math, science, creative art and physical development. This fee-based program is an affordable, educational, and fun way to introduce preschool children to the school setting. Here they learn independence and gain valuable social skills necessary for school. Staff communicate regularly with families about progress and challenges as children develop friendships and learn new skills. Children enrolled in Steps Ahead also have the option to register with the Early Childhood Program for preschool. Registration is now open for both programs.

New – Fall 2012

Steps Ahead expands to Lino Lakes Elementary STEM School!

Steps Ahead began in 2007. It all began when SAC parents were looking for all day care for their preschool children. It has been successful at the Central Learning Center (CLC). The CLC was a great location for the first site, with a SAC site as well as Early Childhood Preschool at this location. Early Childhood expanded preschool to outlying areas including Lino Lakes making this location favorable to grow Steps Ahead. We are excited to open our new site in the fall of 2012.

To register or for more information go to www.flaschools.org or call (651) 982-8364
