Introduction

Dear Parents and Guardians,

Welcome to a new school year at Pipestone Area Middle and High School!

As I begin my second year as principal, I am filled with pride and excitement for the opportunities ahead. Last year was a year of learning, growth, and relationship-building, and I'm grateful for the warm welcome I received from this incredible community. It has been an honor to serve our students, staff, and families, and I look forward to continuing that work with even more momentum this year.

At Pipestone Area Schools, our mission is to create a safe, supportive, and engaging learning environment where every student is empowered to reach their full potential. We are committed to academic excellence, personal growth, and strong partnerships between home and school. We know that student success is built on collaboration, and we deeply value the role you play in your child's education.

As we look ahead, we remain focused on maintaining high expectations for both behavior and academics while also supporting students' well-being and sense of belonging. We have an outstanding team of educators who are passionate about helping students grow—not just as learners, but as young adults who are ready to make a difference in the world.

I encourage you to stay connected through our school website and our school app. Open communication is essential, and we welcome your questions, ideas, and feedback throughout the year.

Thank you for entrusting us with your child's education. Together, we will make this school year one of success, growth, and positive memories.

With gratitude,

Mrs. Sonja Ortman

Principal, Pipestone Area Middle & High School

PART I – INFORMATION

Arrival and Dismissal Hours

School building hours are from 8:15 a.m. to 3:15 p.m. Students are expected to leave school grounds promptly at the end of the school day, unless they are participating in a school-sponsored activity or program. The school does not provide supervision after dismissal. This applies to any/all early releases as well.

Calendar

The school calendar is adopted annually by the school board. A copy of the school calendar can be found on the school district's [website](#).

Complaints

Students, parents/guardians, employees, or other persons may report concerns or complaints to the school district. Complaints may be either written or oral. People are encouraged, but not required, to file a written complaint at the building level where appropriate. The appropriate administrator will respond in writing to the complaining party regarding the school district's response to the complaint.

E-Learning Day Plan

The state of Minnesota allows up to five e-learning days per year. While e-learning certainly does not replace face-to-face instruction, Pipestone Area School District believes that it can be a valuable alternative for students when inclement weather prevents us from being in the building. Teachers communicate the plan for potential e-learning to students throughout the year. Students may have assignments located on Google Classroom, they may be asked to attend Zoom meetings, or they may be asked to watch previously recorded lectures/video. Students must "check in" in order to be counted present for e-learning.

Eighteen-Year-Old Students

The age of majority for most purposes in Minnesota is 18 years of age. All students, regardless of age, are governed by the rules for students provided in school district policy and this handbook.

Employee Directory

The staff directory can be found on the [school district website](#).

Employment Background Checks

The school district will seek criminal history background checks for all applicants who receive an offer of employment with the school district. The school district also will seek criminal history background checks for all individuals, except enrolled student volunteers, who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services to the school district, regardless of whether compensation is paid. These positions include, but are not limited to, all athletic coaches, extracurricular academic coaches, assistants, and advisors. The school district may elect to seek criminal history background checks for other volunteers, independent contractors, and student employees.

Equal Access to School Facilities

The school district has created a limited open forum for secondary students to conduct non-curriculum-related meetings during noninstructional time. The school district will not discriminate against or deny equal access or a fair opportunity on the basis of the religious, political, philosophical, or other content of the speech at such meetings. These limited open forum meetings will be voluntary and student initiated; will not be sponsored by school employees or agents; employees or agents of the school will be present at religious meetings only in a non-participatory capacity; the meetings will not interfere with the orderly conduct of educational activities within the school; and non-school persons will not

direct, control, or regularly attend activities of student groups. All meetings under this provision must follow the procedures established by the school district.

Fees

Materials that are part of the basic educational program are provided with state, federal, and local funds at no charge to a student. Students are expected to provide their own pencils, pens, paper, erasers, notebooks, and other personal items.

Students will be charged for textbooks, workbooks, and library books that are lost or destroyed. The school district may waive a required fee or deposit if the student and parent/guardian are unable to pay. For more information, contact the school superintendent.

Food in the Classrooms

Students may bring water bottles to school. Other food or drink items are prohibited in the classroom setting. The classroom teacher reserves the right to allow occasional snacks or treats.

Fundraising

All fundraising activities conducted by student groups and organizations and/or parent groups must be approved in advance by the Activities Director. Participation in nonapproved fundraising activities is a violation of school district policy. Solicitations of students or employees by students for non-school-related activities will not be allowed during the school day.

Gifts to Employees

Employees are not allowed to solicit, accept, or receive a gift from a student, parent, or other individual or organization of greater than nominal value. Parents/guardians and students are encouraged to write letters and notes of appreciation or to give small tokens of gratitude.

Graduation Ceremony

Student participation in the graduation ceremony is a privilege, not a right. Students who have completed the requirements for graduation are allowed to participate in graduation exercises, unless participation is denied for appropriate reasons, which may include discipline. Graduation exercises are under the control and direction of the building principal.

Interviews of Students by Outside Agencies

Students may not be interviewed during the school day by persons other than a student's parents/guardians or school district officials, employees, and/or agents, except as provided by law and/or school policy.

Lead-in-Water Annual Notification

Minnesota Statute 121A.335 requires public school buildings serving pre-kindergarten through grade 12 to test for lead in water every 5 years. This statute also requires school districts to make the results of the testing available to the public for review and notify parent of the availability of the information. Notification may be accomplished by publishing a statement in the "Back to School" newsletter or another publication that is available to staff, students, parents and the public. Pipestone Area Schools have historically conducted and continues to conduct Lead in Drinking Water testing per the Minnesota Department of Health guidelines.

Pipestone Area Schools are committed to providing a safe working and learning environment for employees and students. The district has developed a Lead in Water management plan and testing program that complies with the Minnesota Statute 121A.335, as well as Minnesota Department of Health (MDH), and Minnesota Department of Education (MDE)

For more information on Pipestone Area School's lead reduction program and testing results, please contact Main Office at 507-825-5861.

Library and Media Center

The library/media center is open during school hours. Students may use the library/media center during the school day and before and after school only when a supervisor is present.

Lunch

Lunch is to be eaten in designated areas only. Lunch times vary by classroom. Students will be notified of their assigned lunch time on the first day of school.

Students may receive a lunch at school or bring a prepared lunch from home. Milk will be available to supplement lunches brought from home. Please see the school website under ["Food Nutrition Service"](#) for more specific information. See *Appendix 13* for School Meals Policy.

Malicious and Sadistic Conduct

Malicious and sadistic conduct involving race, color, creed, national origin, sex, age, marital status, status with regard to public assistance, disability, religion, sexual harassment, and sexual orientation and gender identity as defined in Minnesota Statutes, chapter 363A is prohibited. This prohibition applies to students, independent contractors, teachers, administrators, and other school personnel.

Malicious and sadistic conduct and sexual exploitation by a school district or school staff member, independent contractor, or enrolled student against a staff member, independent contractor, or student that occurs as **described below is prohibited:**

- A. An act of bullying, by either an individual student or a group of students, is expressly prohibited:
1. on the school premises, at the school functions or activities, on the school transportation;
 2. by the use of electronic technology and communications on the school premises, during the school functions or activities, on the school transportation, or on the school computers, networks, forums, and mailing lists; or
 3. by use of electronic technology and communications off the school premises to the extent such use substantially and materially disrupts student learning or the school environment.

Messages to Students

Office telephones are not for students' personal use. Students will not be called out of class to receive phone messages except in the event of an emergency. Personal cell phone use during the instructional day is prohibited.

Nondiscrimination

The school district is committed to inclusive education and providing an equal educational opportunity for all students. The school district does not discriminate on the basis of race, color, creed, religion, national origin, sex, marital status, parental status, status with regard to public assistance, disability, sexual orientation, including gender identity and expression, or age in its programs and activities. The school board has designated Dr. Klint W. Willert, Superintendent, 1401 7th St SW, Pipestone, MN 56164, 507-562-6068 as the district's human rights officer to handle inquiries regarding nondiscrimination.

Notice of Violent Behavior by Students

The school district will give notice to teachers and other appropriate school district staff before students with a history of violent behavior are placed in their classrooms. Prior to giving this notice, district officials will inform the student's parent or guardian that the notice will be given. The student's parents/guardians have the right to review and challenge their child's records, including the data documenting the history of violent behavior.

Parent and Teacher Conferences

Parent and teacher conferences will be held November 13 from 1-7:30 pm. For more information, contact the building principal.

Pledge of Allegiance

Students will recite the Pledge of Allegiance to the flag of the United States of America every day. Any person who does not wish to participate in reciting the Pledge of Allegiance for any personal reason may elect not to do so. Students must respect another person's right to make that choice. Students will also receive instruction in the proper etiquette toward, correct display of, and respect for the flag.

All spectators at school-sponsored activities are expected to behave appropriately. Students and employees may be subject to discipline. Parents/guardians and other spectators may be subject to sanctions for inappropriate, illegal, or unsportsmanlike behavior at these activities or events.

The Pipestone Area School District is a member of the Minnesota State High School League (MSHSL). Students who participate in MSHSL activities must abide by the MSHSL rules. The district will enforce all MSHSL rules during the school year and in the summer as applicable.

Employees who conduct MSHSL activities will cover applicable rules, penalties, and opportunities with students and parents/guardians prior to the start of an activity. For more information about the MSHSL rules and student eligibility requirements, contact Mr. Rick Zollner, Activities Director.

There is no cost for student participation in activities. Students may not practice until all required documentation is submitted, which may include proof of a physical. Any exceptions must be approved by the administration. All PAS students in grades K-12 receive a free activity pass.

School Closing Procedures

School may be cancelled when the superintendent believes severe weather or other circumstances threaten the safety of students and employees. The superintendent will decide as early in the day as possible about closing school or school buildings. School closing announcements will be broadcast over KLOH, KISD, and KJOE Radio; the school website and Facebook page; school messenger, schoolapp, and Keloland TV.

Searches

In the interest of student safety and to ensure that schools are drug free, district authorities may conduct searches, and those may include K-9 searches. Students violate school policy when they carry contraband on their person or in their personal possessions or store contraband in desks, lockers, or vehicles parked on school property. "Contraband" means any unauthorized item, the possession of which is prohibited by school district policy and/or law. If a search yields contraband, school officials will seize the item(s) and, when appropriate, give the item(s) to legal officials for ultimate disposition. Students found to be in violation of this policy are subject to discipline in accordance with the school district's "Student Discipline" policy, which may include suspension, exclusion, expulsion, and, when appropriate, the student may be referred to legal officials.

Lockers and Personal Possessions Within a Locker

Under Minnesota law, school lockers are school district property. At no time does the school district relinquish its exclusive control of lockers provided for students' convenience. School officials may inspect the interior of lockers for any reason at any time, without notice, without student consent, and without a search warrant.

Students' personal possessions within a school locker may be searched only when school officials have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. As soon as practicable after the search of a student's personal possessions, the school officials will provide notice of the search to students whose lockers were searched, unless disclosure would impede an ongoing investigation by police or school officials.

Desks

School desks are school district property. At no time does the school district relinquish its exclusive control of desks provided for students' convenience. School officials may inspect the interior of desks for any reason at any time, without notice, without student consent, and without a search warrant.

Personal Possessions and Student's Person

The personal possessions of a student and/or a student's person may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law or school rules. The search will be reasonable in its scope and intrusiveness.

Patrols and Inspections of Vehicles on Campus

School officials may conduct routine patrols of student parking lots and other school district locations and routine inspections of the exteriors of the motor vehicles of students. Such patrols and inspections may be conducted without notice, without student consent, and without a search warrant.

Search of the Interior of a Student's Motor Vehicle

The interior of a student's motor vehicle, including the glove and trunk compartments, in a school district location may be searched when school officials have a reasonable suspicion that the search will uncover

a violation of law and/or school policy or rule. The search will be reasonable in its scope and intrusiveness. Such searches may be conducted without notice, without consent, and without a search warrant. A student will be subject to loss of parking privileges and to discipline if the student refuses to open a locked motor vehicle or its compartments under the student's control upon a school official's request.

Student Publications and Materials

The school district's policy is to protect students' free speech rights while, at the same time, preserving the district's obligation to provide a learning environment that is free of disruption. All school publications are under the supervision of the building principal and/or sponsor. Non-school-sponsored publications may not be distributed without prior approval.

Distribution of Non-School-Sponsored Materials on School Premises

The school district recognizes that students and employees have the right to express themselves on school property. This protection includes distributing non-school-sponsored material, subject to school district regulations and procedures, at a reasonable time and place and in a reasonable manner. For detailed information, see the complete "Distribution of Non-School-Sponsored Materials on School Premises by Students and Employees" policy (*Appendix 2*).

School-Sponsored Media

School district [Policy 512](#) sets forth the rights and responsibilities of student journalists. Student media advisers shall supervise student journalists to ensure compliance with the law and school district policies. Students producing school-sponsored media and participating in school activities will be under the supervision of a student media adviser and the school principal. Expression in school-sponsored media or school-sponsored activity is prohibited when the material:

1. is obscene to minors;
2. is defamatory;
3. is profane, harassing, threatening, or intimidating;
4. constitutes an unwarranted invasion of privacy;
5. violates federal or state law;
6. causes a material and substantial disruption of school activities;
7. is directed to inciting or producing imminent lawless action on school premises or the violation of lawful school policies or rules, including a policy adopted in accordance with Minnesota Statutes, section 121A.03 or 121A.031;
8. advertises or promotes any product or service not permitted for minors by law;
9. advocates sexual, racial, or religious harassment or violence or prejudice; or
10. is distributed or displayed in violation of time, place, and manner regulations.

Expression in school-sponsored media or school-sponsored activity is subject to school district editorial control over the style and content when the school district's actions are reasonably related to legitimate pedagogical concerns. School-sponsored media may be distributed at reasonable times and locations.

Student Records

Student records are classified as public, private, or confidential. State and federal laws protect student records from unauthorized inspection or use and provide parents/guardians and eligible students with certain rights. For the purposes of student records, an “eligible” student is one who is 18 or older or who is enrolled in an institution of post-secondary education. For more information on the rights of parents/guardians and eligible students regarding student records, see “Student Records” (*Appendix 3*). A complete copy of the school district’s “Protection and Privacy of Pupil Records” policy may be viewed [online](#), or in the MS/HS office.

Student Surveys

Occasionally, the school district utilizes surveys to obtain student opinions and information about students. For complete information on the rights of parents/guardians and eligible students about conducting surveys, collection, and use of information for marketing purposes, and certain physical examinations, see “Student Surveys” (*Appendix 4*).). A complete copy of the school district’s “Student Surveys” policy may be viewed [online](#), or in the MS/HS office.

Transportation of Public-School Students

The school district will provide transportation, at the expense of the school district, for all resident students. Transportation will be provided on all regularly scheduled school days or make-up days. Transportation will not be provided during the summer school break, except in certain circumstances. The school district will not provide transportation for students whose transportation privileges have been revoked by school administration or have been voluntarily surrendered by the students’ parent or guardian.

Video and Audio Recording

School Buses

All school buses used by the school district may be equipped for the placement and operation of a video camera. The school district will post a notice in a conspicuous location informing students that their conversations or actions may be recorded. The school district may use a video recording of the actions of student passengers as evidence in any disciplinary action arising from the students’ misconduct on the bus.

Places Other Than Buses

The school district buildings and grounds are equipped with video cameras. Video surveillance may occur in any school district building or on any school district property.

PART II — ACADEMICS

Alternative Educational Opportunities

Some students may be at risk of not continuing or completing their educational programs. The school district provides alternative learning options for students at risk of not succeeding in school. Alternative educational opportunities may include special tutoring, modified curriculum and instruction, instruction through electronic media, special education services, homebound instruction, and enrollment in an alternative learning center, among others. Students and parents/guardians with questions about these programs should contact the principal, Mrs. Sonja Ortman.

Cheating and Plagiarism

Cheating and plagiarism are prohibited. Students who cheat or commit plagiarism on any test or assignment will be given a failing grade for that test or assignment and will be disciplined in accordance with the school district's "Student Discipline" policy (*Appendix 5*).

For more information on extended school year opportunities for students with an IEP, contact your child's case manager.

Field Trips

Field trips may be offered to supplement student learning in which students voluntarily participate and, if so, students who participate may be charged. Students will not be required to pay for instructional trips that take place during the school day, relate directly to a course of study, and require student participation.

Students' grades will be reported consistently during the year. Parents and students may access current grades and missing assignments on StudentVue or ParentVue portals. Report cards may be printed, or they are fully available online.

Graduation Requirements

PART III — RULES AND DISCIPLINE

For detailed information, see the "Student Attendance" policy (*Appendix 6*).

Bullying Prohibition

The school district is committed to providing a safe and respectful learning environment for all students. Acts of bullying, in any form, by either an individual student or a group of students, are prohibited on school district property, at school-related functions or activities, on school transportation, and by misuse of technology. For detailed information, see the school district's "Bullying Prohibition" policy (*Appendix 7*).

Buses – Conduct on School Buses and Consequences for Misbehavior

Riding the school bus is a privilege, not a right. The school district's general student behavior rules are in effect for all students on school buses, including nonpublic and charter school students. The school district will not provide transportation for students whose transportation privileges have been revoked.

The school district is committed to transporting students in a safe and orderly manner. To accomplish this, student riders are expected to follow school district rules for waiting at a school bus stop and for riding on a school bus.

While waiting for the bus or after being dropped off at a school bus stop, all students must comply with the following rules:

- Get to the bus stop five minutes before your scheduled pick up time. The school bus driver will not wait for late students.
- Respect the property of others while waiting at the bus stop.
- Keep your arms, legs, and belongings to yourself.
- Use appropriate language.
- Stay away from the street, road, or highway when waiting for the bus.
- Wait until the bus stops before approaching the bus.
- After getting off the bus, move away from the bus.
- If you must cross the street, always cross in front of the bus where the driver can see you. Wait for the driver to signal to you before crossing the street.
- No fighting, harassment, intimidation, or horseplay.
- No use of alcohol, tobacco, or drugs.

While riding a school bus, all riders must comply with the following rules:

- Follow the driver's directions at all times.
- Remain seated facing forward while the bus is in motion.
- Talk quietly and use appropriate language.
- Keep all parts of your body inside the bus.
- Keep arms, legs, and belongings to yourself and out of the aisle.
- No fighting, harassment, intimidation, or horseplay.
- Do not throw any object.
- No eating, drinking, or use of alcohol, tobacco, or drugs.
- Do not bring any weapons or dangerous objects on the school bus.
- Do not damage the school bus.

Consequences for school bus/bus stop misconduct will be imposed by the school district under administrative discipline procedures. All school bus/bus stop misconduct will be reported to the school district's transportation safety director. Serious misconduct may be reported to local law enforcement.

Cell Phones and Other Personal Electronic Communication Devices

In this section, **"cell phone" refers to a smart phone, smart watch, and/or wireless earbuds/headphones, and other personal connected technology devices.**

The school board recognizes the challenges created with personal cell phones, smart watches, and wireless ear buds/headphones during the academic portion of the school day. These devices can be distracting and can contribute to cyber bullying as well as disruption to academic time in the school day.

During the academic portions of the school day cell phones, smart watches, wireless ear buds/headphones, and other personal connected technology devices shall be stored in a secure location. Exceptions include a device prescribed by an IEP or 504, or medically directed by a physician.

As directed by administration, students will either store their "cell phones" in an administratively designated secure location in the classroom upon entering, or keep "cell phones" in their lockers.

"Cell phones" are not to be accessed during the academic portions of the school day. These rules are designed to enhance the educational experience in the classroom and to minimize distraction and the impact of cell phone and personal device use on student behavior, mental health, and academic achievement.

Cell phone policy for high school:

1. Cell phones will be allowed before school, during lunch, and after school. Students are not allowed to use these devices during the time that class is in session. It is the expectation of the school that students place their cell phones on silent in a designated location within the classroom that has been determined by the classroom teacher. High school students should not have phones out when the bell rings to start class and until after the bell rings to release students to their next class.
2. If a teacher determines that a student has violated this policy, the teacher will collect the device and bring it to the office. The use of such devices in school is a privilege and not a guaranteed student right. The school will not be held accountable for the security of electronic equipment brought to school.

Cell phone policy for middle school:

1. Electronic devices are permitted before and after school. During the day they are to be turned off and in the student's locker. Consequences may include loss of device for the school day, detention, or parental notification and collections.
2. If a teacher determines that a student has violated this policy, the teacher will collect the device and bring it to the office. The use of such devices in school is a privilege and not a guaranteed student right. The school will not be held accountable for the security of electronic equipment brought to school.

Middle School/High School Consequences for Violating Cell Phone Policy:

- 1st offense: verbal warning/documented/confiscation of phone until the end of the day (in the office)
- 2nd offense: Automatic 30-minute detention/confiscation of phone until the end of the day (parent contact)
- 3rd offense: Automatic 60-minute detention/confiscation of phone until the end of the day (parent contact)

- 4th offense: Automatic 90-minute detention. Cell phone plan created with parent/guardian and school administration. Phone will be held by administration during days or not allowed on site.

Discipline

Misbehavior by one student can disrupt the learning process for many other students. In addition, students must learn to practice good safety habits, value academic honesty, respect the rights of others, and obey the law. For detailed information on the Student Code of Conduct and consequences for violations, see the "Student Discipline" policy (*Appendix 5*).

Dress and Appearance

Pipestone Area School students are expected to come to school dressed in clean and appropriate clothing to conform to educational standards. See the "Student Dress and Appearance" policy (*Appendix 8*).

Neat and Clean Attire: Clothing should be clean, in good condition, and appropriately sized.

Coverage: Students should wear clothing that adequately covers the body. This generally means no overly revealing clothing.

Prohibited Items:

- Clothing with offensive, inappropriate, or discriminatory language or imagery.
- Apparel promoting drugs, alcohol, tobacco, or illegal activities.
- Gang-related attire.
- Head coverings inside the building, unless for religious or medical reasons.

Students who violate the dress code policy will be spoken to by the principal or dean of students. Students will be given an opportunity to change into something more appropriate.

Drug-Free School and Workplace

The possession or use of alcohol, controlled substances, toxic substances, medical cannabis, nonintoxicating cannabinoids, and edible cannabinoid products are prohibited at school or in any other school location before, during, or after school hours. Paraphernalia associated with controlled substances also is prohibited. The school district will discipline or take appropriate action against anyone who violates this policy.

District policy is not violated when a person brings a controlled substance that has a currently accepted medical treatment use onto a school location for personal use if the person has a physician's prescription for the substance except marijuana is not allowed on school property even if prescribed. Students who have prescriptions must comply with the school district's "Student Medication and Telehealth" policy. The school district will provide an instructional program in every elementary and secondary school on chemical abuse and the prevention of chemical dependency. See the "Drug-Free Workplace Drug-Free School" policy (*Appendix 9*).

Harassment and Violence Prohibition

The school district strives to maintain a learning and working environment free from harassment and violence on the basis of race, color, creed, religion, national origin, sex, gender identity, age, marital status, familial status, status with regard to public assistance, sexual orientation, or disability. The school district prohibits any form of harassment or violence on the basis of race, color, creed, religion, national origin, sex, gender, age, marital status, familial status, status with regard to public assistance,

sexual orientation, or disability. Detailed information on the school district's "Harassment and Violence Prohibition" policy is included in this handbook (*Appendix 10*).

Hazing Prohibition

Hazing is prohibited. No student will plan, direct, encourage, aid, or engage in hazing. Students who violate this rule will be subject to disciplinary action pursuant to the school district's "Student Discipline" policy. Please see the school district's "Hazing Prohibition" policy (*Appendix 11*).

Internet Acceptable Use

All school district students have conditional access to the school district's computer system, including Internet access, for limited educational purposes, including use of the system for classroom activities, educational research, and professional and career development. Use of the school district's system is a privilege, not a right. Unacceptable use of the school district's computer system or the Internet may result in one or more of the following consequences: suspension or cancellation of use or access privileges; payments for damages and repairs; discipline under other appropriate school district policies, including, but not limited to, suspension, expulsion, or exclusion; or civil or criminal liability under other applicable laws.

A copy of the school district's "Internet, Technology, and Cell Phone Acceptable Use and Safety" policy is available [online](#), or in the MS/HS office.

Within 30 days of the start of each school year, the school district must give parents and students direct and timely notice, by United States mail, e-mail, or other direct form of communication, of any curriculum, testing, or assessment technology provider contract affecting a student's educational data. The notice must:

1. identify each curriculum, testing, or assessment technology provider with access to educational data;
2. identify the educational data affected by the curriculum, testing, or assessment technology provider contract; and
3. include information about the contract inspection and provide contact information for a school department to which a parent or student may direct questions or concerns regarding any program or activity that allows a curriculum, testing, or assessment technology provider to access a student's educational data.

The school district must provide parents and students an opportunity to inspect a complete copy of any contract with a technology provider.

Students will receive a copy of the school district's "Internet, Technology, and Cell Phone Acceptable Use" policy and are expected to understand and agree to abide by the policy as a condition of use of the school district's computer system. All students who wish to use the school district's computer system must sign the Internet Use Agreement form yearly.

Parking on School District Property

Students

The school district allows limited use and parking of motor vehicles by students in school district locations subject to the following rules:

- Parking a motor vehicle on school property during the school day is a privilege;

- Students are permitted to use motor vehicles on the high school campus only before and after the school day. Exceptions include senior students with privileges and parent verification/authorization.
- Unauthorized vehicles parked on school district property may be towed at the expense of the owner or operator.

The school district may conduct routine patrols of school district properties and inspections of the exteriors of the motor vehicles of students. Interiors of students' vehicles in school district locations may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law and/or school policy or rule. If a search yields contraband, school officials may seize the item and may turn it over to legal authorities when appropriate. A student who violates this policy may be subject to withdrawal of parking privileges and/or discipline according to the school district's "Student Discipline" policy (*Appendix 5*).

Visitors

Visitors are permitted to park in designated school district visitor parking areas. Unattended vehicles left in other locations on school district property may be towed at the owner's expense.

Tobacco-Free Schools; Possession and Use of Tobacco, Tobacco-Related Devices, and Electronic Delivery Devices; Vaping Awareness and Prevention Instruction

School district students and staff have the right to learn and work in an environment that is tobacco free. School policy is violated by any individual's use of tobacco, tobacco-related devices, or carrying or using activated electronic delivery devices in a public school, on school grounds, in any school-owned vehicles, or at any school events or activities. Students may not possess any type of tobacco, tobacco-related devices, or electronic delivery devices in a public school, on school grounds, in any school-owned vehicles, or at any school events or activities. Any student who violates this policy is subject to school district discipline. For detailed information on the school district's "Tobacco-Free Environment; Possession and Use of Tobacco, Tobacco-Related Devices, and Electronic Delivery Devices; Vaping Awareness and Prevention Instruction" policy, see *Appendix 12*. Contact the building principal if you have questions or wish to report violations.

Truancy – Pipestone County Truancy Policy

Research data tells us that students who become truant do not perform as well in school as those who attend school each and every day. Truancy could also lead to a student dropping out of school and sabotaging their opportunity for future employment success. The community, schools, parents, and the student share in the responsibility to promote regular attendance.

What is the Definition of Truancy?

There are two classifications of truancy according to Minnesota Statutes 260A.02, subd. 3. A continuing truant and habitual truant are defined as follows:

A **continuing truant** is a student, under the age of 18, who is absent from attendance at school without lawful excuse for:

- three or more days in one school year in elementary school; or
- three or more class periods or three or more days in one school year in middle, junior, and senior high school.

A **habitual truant** is a student, under 18, who is absent without a valid excuse for:

- seven or more days in elementary school; or
- one or more class periods on seven school days or seven or more days in middle, junior, and senior high school.

District/School Responsibility

The school is the arbitrator of whether or not student's absences are excused or unexcused. Examples

of excused absences could be parent/doctor verified illness, family emergencies, and medical/dental appointments. Examples of unexcused absences could be overslept, babysitting, missed the bus, and no call/note from parent. Family vacation may be considered unexcused if prior arrangements have not been made with the school.

The districts, under the umbrella of the mission of public education, shall provide instruction to every child between the ages of 7 and 18 (Minnesota Statue 120A.05, subd. 5). This means according to Minnesota Statue 260A.03, that a child who has **one to three unexcused absences, the parent must be notified** immediately. The school is legally responsible to begin the intervention (see Truancy Intervention Levels) which includes parent notification. It also includes the school setting up a meeting with a parent and child (and Family Services after 3-6 absences) and /or detention for the child. **A school is required to report the student in violation of the law at seven unexcused absences** according to Minnesota Statue 260.131, subd 1b.

Parent Responsibility

Parents hold primary responsibility for their child's attendance at school (Minnesota Statute 120A.22, subd. 1). Failure for parents to compel their children to attend school could result in criminal penalties of a \$700 fine and/or 90 days in jail.

Any student between the ages of 16 and 18 may withdraw from school if the student's parents or guardians do the following:

- Attend a meeting with school personnel to discuss the educational opportunities available to the student including alternative education opportunities; and
- Sign a written election to withdraw.

Pipestone County's Responsibility

Upon receipt of the Truancy Offense Report and referral form from the school:

- Review the information to ensure that the Truancy Offense Report and Referral form is complete.
- Participate in a team meeting with the child/family/school.
- Provide intervention, and services as needed to assist the child to return to school and stay in school.
- Involve the court only when necessary.

Vandalism

Vandalism of any district property is prohibited. Violators will be disciplined and may be reported to law enforcement officials.

Weapons Prohibition

No person will possess, use, or distribute a weapon when in a school location except as provided in school district policy. A "weapon" means any object, device, or instrument designed as a weapon or through its use is capable of threatening or producing bodily harm or which may be used to inflict self-injury including, but not limited to, any firearm, whether loaded or unloaded; airguns; pellet guns; BB guns; all knives; blades; clubs; metal knuckles; numchucks; throwing stars; explosives; fireworks; mace and other propellants; stunguns; ammunition; poisons; chains; arrows; and objects that have been modified to serve as a weapon. A weapon also includes look-alike weapons. Appropriate discipline and action will be taken against any person who violates this policy. The school district does not allow the possession, use, or distribution of weapons by students. Discipline of students will include, at a minimum: immediate out-of-school suspension; confiscation of the weapon; immediate notification of police; parent or guardian notification; and recommendation to the superintendent of dismissal for a period of time not to exceed one year. The building principal shall, as soon as practicable, refer to the criminal justice or juvenile delinquency system, as appropriate, a student who brings a firearm to school unlawfully. A student who brings a firearm to school will be expelled for at least one year, subject to school district discretion on a case-by-case basis. For a copy of the "School Weapons" policy, contact the Middle/High School Principal.

PART IV — HEALTH AND SAFETY

Accidents

All student injuries that occur at school, at school-sponsored activities, or on school transportation should be reported to the middle school/high school main office. Parents/guardians of an injured student will be notified as soon as possible. If the student requires immediate medical attention, the principal or other district leader will call 911 or seek emergency medical treatment and then contact the parent(s).

Crisis Management

The school district has developed a “Crisis Management” policy. Each school building has its own building-specific crisis management plan. Students and parents will be provided with information as to district- and school-specific plans.

The “Crisis Management” policy addresses a range of potential crisis situations in the school district. The school district has developed general crisis procedures for securing buildings, classroom evacuation, campus evacuation, sheltering, and communication procedures. The school district will conduct lock-down drills, fire drills, and a tornado drill. Building plans include classroom and building evacuation procedures.

Emergency Contact Information

When parents register their children at Pipestone Area School, they are asked to fill out information which includes identifying an emergency contact. Families have an opportunity to update this information each year at Open House.

Health Information

First Aid

The nurse’s office in each building is equipped to handle minor injuries requiring first aid. If the nurse’s office is not open, assistance can be sought from the building’s administrative office. If a student experiences a more serious medical emergency at school, 911 will be called and/or a parent/guardian will be contacted depending on the situation.

The district has installed automated external defibrillators (AEDs) in the following areas:

- Outside auditorium doors, across from district office
- Outside the gymnasium by the water fountain across from the wrestling room
- 2nd Floor, top of stairs, above library
- 6 AEDs in athletic department, rotated locations during seasons

Tampering with any AED is prohibited and may result in discipline.

Communicable Diseases

To protect other students from contagious illnesses, students infected with certain diseases are not allowed to come to school while contagious. If a parent or guardian suspects that his/her child has a communicable or contagious disease, the parent or guardian should contact the school nurse or principal so that other students who might have been exposed to the disease can be alerted.

Students with certain communicable diseases will not be excluded from attending school in their usual daily attendance settings as long as their health permits and their attendance does not create a significant risk of transmitting the illness to other students or school district employees. The school district will determine on a case-by-case basis whether a contagious student’s attendance creates a significant risk of transmitting the illness to others.

Health Service

The student health office is staffed by a trained registered nurse.

Students who become sick at school should ask their teacher for a pass to see the nurse. The school nurse and the attendance secretary will arrange for students who get sick at school to go home early.

A parent/guardian should notify the school if his/her child is unable to attend school because of illness. email the attendance secretary at hsmsattendance@pas.k12.mn.us

Immunizations

All students must provide proof of immunization or submit appropriate documentation exempting them from such immunizations in order to enroll or remain enrolled. Students may be exempted from the immunization requirement when the immunization of the student is contraindicated for medical reasons; laboratory confirmation of adequate immunity exists; or due to the conscientiously held beliefs of the parents/guardians or student. The school district will maintain a file containing the immunization records for each student in attendance at the school district for at least five years after the student reaches the age of 18. For a copy of the immunization schedule or to obtain an exemption form or information, contact the school nurse, Josie Loll, at Josie.Loll@pas.k12.mn.us

Medications at School During the School Day

The school district acknowledges that some students may require prescribed drugs or medication during the school day. The administration of prescription medication or drugs at school requires a completed signed request from the student's parent. An "Administering Prescription Medications" form must be completed once a year and/or when a change in the prescription or requirements for administration occurs. Prescription medications must be brought to school in the original container labeled for the student by a pharmacist, and must be administered in a manner consistent with the instructions on the label. Prescription medications are not to be carried by the student, but will be left with the appropriate school personnel. Exceptions that may be allowed include: prescription asthma medications administered with an inhaler pursuant to school district policy and procedures, medications administered as noted in a written agreement between the school district and parent or as specified in an Individualized Education Program (IEP), a plan developed under Section 504 of the Rehabilitation Act (section 504 Plan), or an individual health plan (IHP). Marijuana is not allowed on school property even if prescribed. The school district is to be notified of any change in administration of a student's prescription medication.

Pesticide Application Notice

A Minnesota state law went into effect in 2000 that requires schools to inform parents and guardians if they apply certain pesticides on school property.

Specifically, this law requires schools that apply these pesticides to maintain an estimated schedule of pesticide applications and to make the schedule available to parents and guardians for review or copying at each school office.

State law also requires that you be told that the long-term health effects on children from the application of such pesticides or the class of chemicals to which they belong may not be fully understood.

If you would like to be notified prior to pesticide applications made on days other than those specified in the estimated schedule please contact Cody Heidebrink, Maintenance and Grounds, Pipestone Area School, 1401 7th St. SW, Pipestone, Minnesota, 56164 or call at (507)825-5861

Safety

The safety of students on campus and at school-related activities is a high priority of the district. While district-wide safety procedures are in place, student and parent cooperation is essential to ensuring school safety.

Visitors in District Buildings

Parents/guardians and community members are welcome to visit the schools. To ensure the safety of those in the school and to avoid disruption to the learning environment, all visitors must report directly to the High School office upon entering the building, with the exception of events open to the public. All visitors will be required to sign in at the main office and to wear a "visitors' badge" while in the building during the school day. Visitors are asked for their government-issued identification, which is returned upon the departure of the visitor. Visitors must have the approval of the principal before visiting a classroom during instructional time. An individual or group may be denied permission to visit a school or school property, or such permission may be revoked, if the visitor does not comply with school district procedures or if the visit is not in the best interests of the students, employee, or the school district.

Students are not allowed to bring visitors to school without prior permission from the principal.

2. DISTRIBUTION OF NONSCHOOL-SPONSORED MATERIALS ON SCHOOL PREMISES BY STUDENTS AND EMPLOYEES

I. PURPOSE

The purpose of this policy is to protect the exercise of students' and employees' free speech rights, taking into consideration the educational objectives and responsibilities of the school district.

II. GENERAL STATEMENT OF POLICY

- A. The school district recognizes that students and employees have the right to express themselves on school property. This protection includes the right to distribute, at a reasonable time and place and in a reasonable manner, nonschool-sponsored material.
- B. To protect First Amendment rights, while at the same time preserving the integrity of the educational objectives and responsibilities of the school district, the school board adopts the following regulations and procedures regarding distribution of nonschool-sponsored material on school property and at school activities.

III. DEFINITIONS

- A. "Distribute" or "Distribution" means circulation or dissemination of material by means of handing out free copies, selling or offering copies for sale, accepting donations for copies, posting or displaying material, or placing material in internal staff or student mailboxes.
- B. "Nonschool-sponsored material" or "unofficial material" includes all materials or objects intended for distribution, except school newspapers, employee newsletters, literary magazines, yearbooks, and other publications funded and/or sponsored or authorized by the school. Examples of nonschool-sponsored materials include, but are not limited to, leaflets, brochures, buttons, badges, flyers, petitions, posters, and underground newspapers whether written by students or employees or others, and tangible objects.
- C. "Obscene to minors" means:
 - 1. The average person, applying contemporary community standards, would find that the material, taken as a whole, appeals to the prurient interest of minors of the age to whom distribution is requested;
 - 2. The material depicts or describes, in a manner that is patently offensive to prevailing standards in the adult community concerning how such conduct should be presented to minors of the age to whom distribution is requested, sexual conduct such as intimate sexual acts (normal or perverted), masturbation, excretory functions, or lewd exhibition of the genitals; and
 - 3. The material, taken as a whole, lacks serious literary, artistic, political, or scientific value for minors.
- D. "Minor" means any person under the age of eighteen (18).
- E. "Material and substantial disruption" of a normal school activity means:
 - 1. Where the normal school activity is an educational program of the district for which student attendance is compulsory, "material and substantial disruption"

is defined as any disruption which interferes with or impedes the implementation of that program.

2. Where the normal school activity is voluntary in nature (including school athletic events, school plays and concerts, and lunch periods) "material and substantial disruption" is defined as student rioting, unlawful seizures of property, conduct inappropriate to the event, participation in a school boycott, demonstration, sit-in, stand-in, walk-out, or other related forms of activity.

In order for expression to be considered disruptive, specific facts must exist upon which the likelihood of disruption can be forecast including past experience in the school, current events influencing student activities and behavior, and instances of actual or threatened disruption relating to the written material in question.

- F. "School activities" means any activity sponsored by the school including, but not limited to, classroom work, library activities, physical education classes, official assemblies and other similar gatherings, school athletic contests, band concerts, school plays and other theatrical productions, and in-school lunch periods.
- G. "Libelous" is a false and unprivileged statement about a specific individual that tends to harm the individual's reputation or to lower that individual in the esteem of the community.

IV. GUIDELINES

- A. Students and employees of the school district have the right to distribute, at reasonable times and places as set forth in this policy, and in a reasonable manner, nonschool-sponsored material.
- B. Requests for distribution of nonschool-sponsored material will be reviewed by the administration on a case-by-case basis. However, distribution of the materials listed below is always prohibited. Material is prohibited that:
 1. is obscene to minors;
 2. is libelous or slanderous;
 3. is pervasively indecent or vulgar or contains any indecent or vulgar language or representations, with a determination made as to the appropriateness of the material for the age level of students to which it is intended;
 4. advertises or promotes any product or service not permitted to minors by law;
 5. advocates violence or other illegal conduct;
 6. constitutes insulting or fighting words, the very expression of which injures or harasses other people (e.g., threats of violence, defamation of character or of a person's race, religious, or ethnic origin);
 7. presents a clear and present likelihood that, either because of its content or the manner of distribution, it will cause a material and substantial disruption of the proper and orderly operation and discipline of the school or school activities, will cause the commission of unlawful acts or the violation of lawful school regulations.

- C. Distribution by students and employees of nonschool-sponsored materials on school district property are subject to reasonable time, place, and manner restrictions set forth below. In making decisions regarding the time, place, and manner of distribution, the administration will consider factors including, but not limited to, the following:
1. whether the material is educationally related;
 2. the extent to which distribution is likely to cause disruption of or interference with the school district's educational objectives, discipline, or school activities;
 3. whether the materials can be distributed from the office or other isolated location so as to minimize disruption of traffic flow in hallways;
 4. the quantity or size of materials to be distributed;
 5. whether distribution would require assignment of school district staff, use of school district equipment, or other resources;
 6. whether distribution would require that nonschool persons be present on the school grounds;
 7. whether the materials are a solicitation for goods or services not requested by the recipients.

V. TIME, PLACE, AND MANNER OF DISTRIBUTION

- A. No nonschool-sponsored material shall be distributed during and at the place of a normal school activity if it is reasonably likely to cause a material and substantial disruption of that activity.
- B. Distribution of nonschool-sponsored material is prohibited when it blocks the safe flow of traffic within corridors and entrance ways of the school, and school parking lots. Distribution shall not impede entrance to or exit from school premises in any way.
- C. No one shall coerce a student or staff member to accept any publication.
- D. The time, place, and manner of distribution will be solely within the discretion of the administration, consistent with the provisions of this policy.

VI. PROCEDURES

- A. Any student or employee wishing to distribute (as defined in this policy) nonschool-sponsored material must first submit for approval a copy of the material to the principal at least 24 hours in advance of desired distribution time, together with the following information:
1. Name and phone number of the person submitting the request and, if a student, the room number of his or her first-period class.
 2. Date(s) and time(s) of day intended for distribution.
 3. Location where material will be distributed.
 4. If material is intended for students, the grade(s) of students to whom the distribution is intended.

- B. Within one school day, the principal will review the request and render a decision. In the event that permission to distribute the material is denied or limited, the person submitting the request should be informed in writing of the reasons for the denial or limitation.
- C. If the person submitting the request does not receive a response within one school day, the person shall contact the office to verify that the lack of response was not due to an inability to locate the person.
- D. If the person is dissatisfied with the decision of the principal, the person may submit a written request for appeal to the superintendent. If the person does not receive a response within three (3) school days (not counting Saturdays, Sundays, and holidays) of submitting the appeal, the person shall contact the office of the superintendent to verify that the lack of response is not due to an inability to locate the person.
- E. Permission or denial of permission to distribute material does not imply approval or disapproval of its contents by either the school, the administration of the school, the school board, or the individual reviewing the material submitted.

VII. DISCIPLINARY ACTION

- A. Distribution by any student of nonschool-sponsored material prohibited herein or in violation of the provisions of time, place, and manner of distribution as described above will be halted and disciplinary action will be taken in accordance with the school district's Student Discipline Policy.
- B. 2. The right to request the amendment of the student's education records to ensure that they are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights;
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that such consent is not required for disclosure pursuant to this policy, state or federal law, or the regulations promulgated thereunder;
4. The right to refuse release of names, addresses, and home telephone numbers of students in grades 11 and 12 to military recruiting officers and post-secondary educational institutions;

6. The right to be informed about rights under the federal law; and

B. Eligible Students

All rights and protections given to parents under this policy transfer to the student when he or she reaches eighteen (18) years of age or enrolls in an institution of post-secondary education. The student then becomes an "eligible student." However, the parents of an eligible student who is also a "dependent student" are entitled to gain access to the education records of such student without first obtaining the consent of the student. In addition, parents of an eligible student may be given access to education records in connection with a health or safety emergency if the disclosure meets the conditions of any provision set forth in 34 Code of Federal Regulations, section 99.31(a).

C. Students with a Disability

The school district shall follow 34 Code of Federal Regulations, sections 300.610-300.617 with regard to the privacy, notice, access, recordkeeping, and accuracy of information related to students with a disability. The school district shall provide for the need to effectively notify parents or eligible students with a disability.

The school district shall give parents of students currently in attendance and eligible students currently in attendance annual notice by such means as are reasonably likely to inform the parents and eligible students of the following:

D. Annual Notification of Rights

1. The school district shall permit the parent of a student, an eligible student, or the parent of an eligible student who is also a dependent student who is or has been in attendance in the school district to inspect or review the education records of the student, except those records which are made confidential by state or federal law or as otherwise provided in Section VIII. of this policy.

The school district shall respond to any request pursuant to Subdivision A. of this section immediately, if possible, or within ten (10) days of the date of the request, excluding Saturdays, Sundays, and legal holidays.

2. That the parent or eligible student has a right to seek amendment of the student's education records to ensure that those records are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights and the procedure for requesting amendment of records;
3. That the parent or eligible student has a right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that federal and state law and the regulations promulgated thereunder authorize disclosures without consent;
4. That the school district may disclose education records to other school officials within the school district if the school district has determined they have legitimate educational interests. For purposes of such disclosure, a "school official" is a person employed by the school district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or other employee; a person serving on the school board; a person or company with whom the school district has consulted to perform a specific task (such as an attorney, auditor, medical consultant, therapist, public information officer or data practices compliance official); or a parent or student serving on an official committee, such as a disciplinary or grievance committee; or any individual assisting a school official in the performance of his or her tasks. A school official has a "legitimate educational interest" if the individual needs to review an education record in order to fulfill his or her professional responsibility and includes, but is not limited to, an interest directly related to classroom instruction, teaching, student achievement and progress, discipline of a student and student health and welfare and the ability to respond to a request for educational data;
5. That the school district forwards education records on request to a school or post-secondary education institution in which a student seeks or intends to enroll, or is already enrolled, as long as the disclosure is for purposes related to the student's enrollment, including information about disciplinary action taken as a result of any incident in which the student possessed or used a dangerous weapon, suspension and expulsion information pursuant to 20 U.S.C. § 7917, part of the federal Every Student Succeeds Act and data regarding a student's history of violent behavior, and any disposition order which adjudicates the student as delinquent for committing an illegal act on school district property and certain other illegal acts;
6. That the parent or eligible student has a right to file a complaint with the U.S. Department of Education regarding an alleged failure by the school district to comply with the requirements of FERPA and the rules promulgated thereunder. The name and address of the office that administers FERPA is:

U.S. Department of Education
Student Privacy Policy Office
400 Maryland Avenue, S.W.
Washington, D.C. 20202-8520

7. The school district shall provide for the need to effectively notify parents of students identified as having a primary or home language other than English.

The school has adopted a school board policy in order to comply with state and federal laws regarding education records. The policy does the following:

- a. It classifies records as public, private, or confidential.
- b. It establishes procedures and regulations to permit parents/guardians or students to inspect and review a student's education records. These procedures include the method of determining fees for copies, a listing of the locations of these education records, and the identity of the individuals in charge of the records.
- c. It establishes procedures and regulations to allow parents/guardians or students to request the amendment of a student's education records to ensure that the records are not inaccurate, misleading, or otherwise in violation of the student's privacy rights.
- d. It establishes procedures and regulations for access to and disclosure of education records.
- e. It establishes procedures and regulations for safeguarding the privacy of education records and for obtaining prior written consent of the parent or student when required prior to disclosure.

Copies of the school board policy and accompanying procedures and regulations are available to parents/guardians and students upon written request to the Superintendent.

Directory Information

"Directory information" means information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. It includes the student's name; address; telephone listing; electronic mail address; photograph; date and place of birth; major field of study; dates of attendance; grade level; enrollment status (i.e., full-time or part-time); participation in officially recognized activities and sports; weight and height of members of athletic teams; degrees, honors and awards received; and the most recent educational agency or institution attended. It also includes the name, address, and telephone number of the student's parent(s). Directory information does not include:

- a. a student's social security number
- b. a student's identification number (ID), user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems if the identifier may be used to access education records without use of one or more factors that authenticate the student's identity such as a personal identification number (PIN), password, or other factor known or possessed only by the authorized user;
- c. a student ID or other unique personal identifier that is displayed on a student ID badge if the identifier can be used to gain access to educational records when used in conjunction with one or more factors that authenticate the student's identity, such as a PIN, password, or other factor known or possessed only by the student;
- d. personally identifiable data which references religion, race, color, social position, or nationality; or
- e. data collected from nonpublic school students, other than those who receive shared time educational services, unless written consent is given by the student's parent or guardian.

A school district may choose not to designate some or all of the enumerated information as directory information. A Minnesota school district may add items to the FERPA definition of "directory information", as long as the added data is not information that generally would be deemed as an invasion of privacy or information that references the student's religion, race, color, social position, or nationality. Federal law now allows a school district to specify that the disclosure of directory information will be limited to specific parties, for specific purposes, or both. The identity of those parties and/or purposes should be identified.

To the extent a school district adds these restrictions, it must then limit its directory information disclosures to those individuals and/or purposes specified in this public notice. Procedures to address how these restrictions will be enforced by the school district are advised. Designation of directory information is an important policy decision for the local school board who must balance not only the privacy interests of the student against public disclosure but also the additional administrative requirements such restrictions on disclosures will place on the school district.

The 2024 Minnesota legislature enacted Minnesota Statutes, section 480.40, which includes a law limiting disclosure of personal information concerning "judicial officials" (school districts can review the statutory definition of "judicial official"). "Personal information" about a judicial official includes "the name of any child" and the name of any school that such a child attends if combined with an assertion that the child attends the school. School districts may not "knowingly publicly post, display, publish, sell, or otherwise make available on the Internet the personal information of any judicial official," including in response to requests for directory information.

Information to Military Recruiters

Pursuant to applicable law, Pipestone Area School District gives notice to parents/guardians of secondary students and eligible secondary students of their rights regarding release of information to military recruiting officers. The school district must release the names, addresses, electronic mail address (which shall be the electronic mail addresses provided by the school district, if available, that may be released to military recruiters only), and home telephone numbers of students in grades 11 and 12 to military recruiting officers within sixty (60) days after the date of the request. Data released to military recruiting officers under this provision may be used only for the purpose of providing information to students about military service, state and federal veterans' education benefits, and other career and educational opportunities provided by the military and cannot be further disseminated to any other person except personnel of the recruiting services of the armed forces.

Should the parent of a student or the eligible student so desire, any or all of the listed information will not be disclosed to military recruiting officers without prior consent.

To refuse release of this information without prior consent, the parent or eligible student must make a written request to the responsible authority, the building principal, by September 1 each year. This written request must include the following information:

- Name of student and parent, as appropriate;
- Home address;
- Student's grade level;
- School presently attended by student;
- Parent's legal relationship to student, if applicable;
- Specific category or categories of information which are not to be released to military recruiters without prior consent;
- Specific category or categories of directory information which are not to be released to the public, including military recruiters.

[NOTE: Refusal to release the above information to military recruiting officers alone does not affect the school district's release of directory information to the public, including military recruiting officers. In order to make any directory information about a student private, the procedures contained in the Directory Information section above also must be followed. If you do not want your child's or eligible student's directory information (including a school district-provided email address) released to military recruiting officers, you also must notify the school district that you do not want this directory information released to any member of the public, including military recruiting officers.]

5. Student Discipline

I. PURPOSE

The purpose of this policy is to ensure that students are aware of and comply with the school district's expectations for student conduct. Such compliance will enhance the school district's ability to maintain discipline and ensure that there is no interference with the educational process. The school district will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy.

II. GENERAL STATEMENT OF POLICY

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child's dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others, and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making, and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. The position of the school district is that a fair and equitable district-wide student discipline policy will contribute to the quality of the student's educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56.

In view of the foregoing and in accordance with Minnesota Statutes, section 121A.55, the school board, with the participation of school district administrators, teachers, employees, students, parents, community members, and such other individuals and organizations as appropriate, has developed this policy which governs student conduct and applies to all students of the school district.

III. DEFINITIONS

- A. "Nonexclusionary disciplinary policies and practices" means policies and practices that are alternatives to dismissing a pupil from school, including but not limited to evidence-based positive behavior interventions and supports, social and emotional services, school-linked mental health services, counseling services, social work services, academic screening for Title 1 services or reading interventions, and alternative education services. Nonexclusionary disciplinary policies and practices include but are not limited to the policies and practices under sections 120B.12; 121A.575, clauses (1) and (2); 121A.031, subdivision 4, paragraph (a), clause (1); 121A.61, subdivision 3, paragraph (r); and 122A.627, clause (3).

- B. The duration of the withdrawal agreement cannot be for more than a 12-month period.

The policies must be designed to address students' inappropriate behavior from recurring.

- C. The school is responsible for ensuring that alternative educational services, if the pupil wishes to take advantage of them, must be adequate to allow the pupil to make progress toward meeting the graduation standards adopted under Minnesota Statutes, section 120B.02 and help prepare the pupil for readmission in accordance with section Minnesota Statutes, section 121A.46, subdivision 5.
- D. For expulsion and exclusion dismissals and pupil withdrawal agreements as defined in Minnesota Statutes, section 121A.41, subdivision 13:
 - 1. for a pupil who remains enrolled in the school district or is awaiting enrollment in a new district, the school district's continuing responsibility includes reviewing the pupil's schoolwork and grades on a quarterly basis to ensure the pupil is on track for readmission with the pupil's peers. The school district must communicate on a regular basis with the pupil's parent or guardian to ensure that the pupil is completing the work assigned through the alternative educational services as defined in Minnesota Statutes, section 121A.41, subdivision 11. These services are required until the pupil enrolls in another school or returns to the same school;
 - 2. a pupil receiving school-based or school-linked mental health services in the school district under Minnesota Statutes, section 245.4889 continues to be eligible for those services until the pupil is enrolled in a new district; and

IX. RECESS AND OTHER BREAKS

- A. "Recess detention" means excluding or excessively delaying a student from participating in a scheduled recess period as a consequence for student behavior. Recess detention does not include, among other things, providing alternative recess at the student's choice.
- B. The school district is encouraged to ensure student access to structured breaks from the demands of school and to support teachers, principals, and other school staff in their efforts to use evidence-based approaches to reduce exclusionary forms of discipline.
- C. The school district must not use recess detention unless:
 1. a student causes or is likely to cause serious physical harm to other students or staff;
 2. the student's parent or guardian specifically consents to the use of recess detention; or
 3. for students receiving special education services, the student's individualized education program team has determined that withholding recess is appropriate based on the individualized needs of the student.
- D. The school district must not withhold recess from a student based on incomplete schoolwork.

- E. The school district must require school staff to make a reasonable attempt to notify a parent or guardian within 24 hours of using recess detention.
- F. The school district must compile information on each recess detention at the end of each school year, including the student's age, grade, gender, race or ethnicity, and special education status. This information must be available to the public upon request. The school district is encouraged to use the data in professional development promoting the use of nonexclusionary discipline.
- G. The school district must not withhold or excessively delay a student's participation in scheduled mealtimes. This section does not alter a district or school's existing responsibilities under Minnesota Statutes, section 124D.111 or other state or federal law.

X. DISCIPLINARY ACTION OPTIONS

The general policy of the school district is to utilize progressive discipline to the extent reasonable and appropriate based upon the specific facts and circumstances of student misconduct. The specific form of discipline chosen in a particular case is solely within the discretion of the school district. At a minimum, violation of school district code of conduct, rules, regulations, policies, or procedures will result in discussion of the violation and a verbal warning. The school district shall, however, impose more severe disciplinary sanctions for any violation, including exclusion or expulsion, if warranted by the student's misconduct, as determined by the school district. Disciplinary action may include, but is not limited to, one or more of the following:

- A. Student conference with teacher, principal, counselor, or other school district personnel, and verbal warning;
- B. Confiscation by school district personnel and/or by law enforcement of any item, article, object, or thing, prohibited by, or used in the violation of, any school district policy, rule, regulation, procedure, or state or federal law. XI. REMOVAL OF STUDENTS FROM CLASS

- A. The teacher of record shall have the general control and government of the classroom. Teachers have the responsibility of attempting to modify disruptive student behavior by such means as conferring with the student, using positive reinforcement, assigning detention or other consequences, or contacting the student's parents. When such measures fail, or when the teacher determines it is otherwise appropriate based upon the student's conduct, the teacher shall have the authority to remove the student from class pursuant to the procedures established by this discipline policy. "Removal from class" and "removal" mean any actions taken by a teacher, principal, or other school district employee to prohibit a student from attending a class or activity period for a period of time not to exceed five (5) days, pursuant to this discipline policy.

Grounds for removal from class shall include any of the following:

- 1. Willful conduct that significantly disrupts the rights of others to an education, including conduct that interferes with a teacher's ability to teach or communicate effectively with students in a class or with the ability of other students to learn;
- 2. Willful conduct that endangers surrounding persons, including school district employees, the student or other students, or the property of the school;
- 3. Willful violation of any school rules, regulations, policies or procedures, including the Code of Student Conduct in this policy; or
- 4. Other conduct, which in the discretion of the teacher or administration, requires removal of the student from class.

Such removal shall be for at least one (1) activity period or class period of instruction for a given course of study and shall not exceed five (5) such periods.

A student must be removed from class immediately if the student engages in assault or violent behavior. "Assault" is an act done with intent to cause fear in another of immediate bodily harm or death; or the intentional infliction of, or attempt to inflict, bodily harm upon another.

- B. If a student is removed from class more than ten (10) times in a school year, the school district shall notify the parent or guardian of the student's tenth removal from class and make reasonable attempts to convene a meeting with the student's parent or guardian to discuss the problem that is causing the student to be removed from class.
- C. Procedures for Removal of a Student From a Class.
1. The building principal will determine the amount of time appropriateness of a student removal from class.
 2. The teacher will follow up on any removal from class with a written description of the incident which led to the request for a student to be removed.
 3. Documentation is recorded in the district adopted Student Information System.
- D. Period of Time for which a Student may be Removed from a Class (may not exceed five (5) class periods for a violation of a rule of conduct)
1. The removal from class shall be for a period of time deemed appropriate by the principal, in consultation with the teacher.
- E. Responsibility for and Custody of a Student Removed from Class.
1. Any student removed from class should report to the principal's office immediately.
 2. A student removed from class will be expected to walk to the office without an escort, unless the situation warrants an escort be present.
 3. While removed from class, the student may be assigned to a supervised study area and is expected to complete assignments missed while removed.
 4. The building principal or designee will be responsible for assigning the student to a supervised study area while removed from class.
- F. Procedures for Return of a Student to a Specific Class from Which the Student was Removed.
1. Principal/Teacher/Parent/Student conference to discuss terms and conditions of the student's return to class.

 2. When appropriate, a conference with the parent/guardian and student will be held prior to readmission to school or a class.
- H. Students with a Disability; Special Provisions.

1. Any violation of school rules by a disabled student which results in serious disciplinary action or continuous assignment of less severe consequences will be followed up by a conference to determine if further assessment is needed, to review the adequacy of the current IEP and to determine if a referral is needed.
 - 2.. Any student suspected of having a disability may be referred to Special Education services for assessment and determination of eligibility.
- I. Procedures for Detecting and Addressing Chemical Abuse Problems of Students While on School Premises.
1. District will convene a chemical abuse preassessment team to the extent necessary.
 2. Staff shall report chemical abuse concerns to the appropriate administrator for referral to the chemical abuse preassessment team.

XII. DISMISSAL

- A. "Dismissal" means the denial of the current educational program to any student, including exclusion, expulsion, and suspension. Dismissal does not include removal from class.

The school district shall not deny due process or equal protection of the law to any student involved in a dismissal proceeding which may result in suspension, exclusion or expulsion.

The school district shall not dismiss any student without attempting to use nonexclusionary disciplinary policies and procedures before dismissal proceedings or pupil withdrawal agreements, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property.

The use of exclusionary practices for early learner's Pre-K through Grade 3 as defined in Minnesota Statutes, section 121A.425, is prohibited. The use of exclusionary practices to address attendance and truancy issues is prohibited.

- B. Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the following grounds:
1. Willful violation of any reasonable school board regulation, including those found in this policy;
 2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or
 3. Willful conduct that endangers the student or other students, or surrounding persons, including school district employees, or property of the school.
- C. Disciplinary Dismissals Prohibited
1. A pupil enrolled in the following is not subject to dismissals under the Pupil Fair Dismissal Act:

- a. a preschool or prekindergarten program, including an early childhood family education, school readiness, school readiness plus, voluntary prekindergarten, Head Start, or other school-based preschool or prekindergarten program; or
 - b. kindergarten through Grade 3.
2. This section does not apply to a dismissal from school for less than one school day, except as provided under Minnesota Statutes, chapter 125A and federal law for a student receiving special education services.
3. Notwithstanding this section, expulsions and exclusions may be used only after resources outlined under Nonexclusionary discipline have been exhausted, and only in circumstances where there is an ongoing serious safety threat to the child or others.

D. Suspension Procedures

1. "Suspension" means an action by the school administration, under rules promulgated by the School Board, prohibiting a student from attending school for a period of no more than ten (10) school days; provided, however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the superintendent with a reason for the longer term of suspension. This definition does not apply to dismissal for one (1) school day or less where a student with a disability does not receive regular or special education instruction during that dismissal period.
2. School administration must allow a suspended pupil the opportunity to complete all school work assigned during the period of the pupil's suspension and to receive full credit for satisfactorily completing the assignments. The school principal or other person having administrative control of the school building or program is encouraged to designate a district or school employee as a liaison to work with the pupil's teachers to allow the suspended pupil to (1) receive timely course materials and other information, and (2) complete daily and weekly assignments and receive teachers' feedback.
3. If a student's total days of removal from school exceed ten (10) cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student's parent or guardian before subsequently removing the student from school and, with the permission of the parent or guardian, arrange for a mental health screening for the student at the parent or guardian's expense. The purpose of this meeting is to attempt to determine the student's need for assessment or other services or whether the parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.
4. The definition of suspension under Minnesota Statutes, section 121A.41, subdivision 10, does not apply to a student's dismissal from school for less than one day, except as provided under federal law for a student with a disability. Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must

not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child abuse, child neglect, or medical or educational neglect. The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property or where the school district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.

5. A child with a disability may be suspended. When a child with a disability has been suspended for more than five (5) consecutive days or ten (10) cumulative school days in the same year, and that suspension does not involve a recommendation for expulsion or exclusion or other change in placement under federal law, relevant members of the child's IEP team, including at least one of the child's teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's IEP. That meeting must occur as soon as possible, but no more than ten (10) days after the sixth (6th) consecutive day of suspension or the tenth (10th) cumulative day of suspension has elapsed.
6. Alternative education services must be provided to a pupil who is suspended for more than five (5) consecutive school days. Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minnesota Statutes, section 123A.05 selected to allow the student to progress toward meeting graduation standards under Minnesota Statutes, section 120B.02, although in a different setting.
7. The school administration shall not suspend a student from school without an informal administrative conference with the student. The informal administrative conference shall take place before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.
8. After school administration notifies a student of the grounds for suspension, school administration may, instead of imposing the suspension, do one or more of the following:
 - a. strongly encourage a parent or guardian of the student to attend school with the student for one day;
 - b. assign the student to attend school on Saturday as supervised by the principal or the principal's designee; and

- c. petition the juvenile court that the student is in need of services under Minnesota Statutes chapter 260C.
9. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student's parent or guardian by mail within forty-eight (48) hours of the conference. (See attached sample Notice of Suspension.)
10. The school administration shall make reasonable efforts to notify the student's parent or guardian of the suspension by telephone as soon as possible following suspension.
11. In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student's parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.
12. Notwithstanding the foregoing provisions, the student may be suspended pending the school board's decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent that suspension exceeds five (5) consecutive school days.

E. Expulsion and Exclusion Procedures

1. "Expulsion" means a school board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled. The authority to expel rests with the school board.
2. "Exclusion" means an action taken by the school board to prevent enrollment or re-enrollment of a student for a period that shall not extend beyond the school year. The authority to exclude rests with the school board.
3. All expulsion and exclusion proceedings will be held pursuant to and in accordance with the provisions of the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56.
4. No expulsion or exclusion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the student and parent or guardian.
5. The student and parent or guardian shall be provided written notice of the school district's intent to initiate expulsion or exclusion proceedings. This notice shall be served upon the student and his or her parent or guardian personally or by mail, and shall contain a complete statement of the facts; a list of the witnesses and a description of their testimony; state the date, time and place of hearing; be accompanied by a copy of the Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56; describe the nonexclusionary disciplinary practices accorded the student in an attempt to avoid the expulsion proceedings; and inform the student and parent or guardian of their right to: (1) have a representative of the student's own choosing, including legal counsel at the

hearing; (2) examine the student's records before the hearing; (3) present evidence; and (4) confront and cross-examine witnesses. The school district must advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the Minnesota Department of Education (MDE) and is posted on its website.

6. The hearing shall be scheduled within ten (10) days of the service of the written notice unless an extension, not to exceed five (5) days, is requested for good cause by the school district, student, parent, or guardian.
7. All hearings shall be held at a time and place reasonably convenient to the student, parent, or guardian and shall be closed, unless the student, parent, or guardian requests an open hearing.
8. The school district shall record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense.
9. The student shall have a right to a representative of the student's own choosing, including legal counsel, at the student's sole expense. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from MDE. The school board may appoint an attorney to represent the school district in any proceeding.
10. If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the parent or guardian providing them with access to and/or copies of the student's records.
11. All expulsion or exclusion hearings shall take place before and be conducted by an independent hearing officer designated by the school district. The hearing shall be conducted in a fair and impartial manner. Testimony shall be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.
12. At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.
13. The student, parent or guardian, or authorized representative, shall have the right to compel the presence of any school district employee or agent or any other person who may have evidence upon which the proposed dismissal action may be based, and to confront and cross-examine any witnesses testifying for the school district.
14. The student, parent or guardian, or authorized representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.
15. The student cannot be compelled to testify in the dismissal proceedings.
16. The hearing officer shall prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which must be made to the school board and served upon the parties within two (2) days after the close of

the hearing.

17. The school board shall base its decision upon the findings and recommendation of the hearing officer and shall render its decision at a meeting held within five (5) days after receiving the findings and recommendation. The school board may provide the parties with the opportunity to present exceptions and comments to the hearing officer's findings and recommendation provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the Commissioner of the Minnesota Department of Education (Commissioner) of the basis and reason for the decision.
18. A party to an expulsion or exclusion decision made by the school board may appeal the decision to the Commissioner within twenty-one (21) calendar days of school board action pursuant to Minnesota Statutes section 121A.49. The decision of the school board shall be implemented during the appeal to the Commissioner.
19. The school district shall report any suspension, expulsion or exclusion action taken to the appropriate public service agency, when the student is under the supervision of such agency.
20. The school district must report, through the MDE electronic reporting system, each expulsion or exclusion within thirty (30) days of the effective date of the action to the Commissioner. This report must include a statement of alternative educational services given the student and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must also include the student's age, grade, gender, race, and special education status. The dismissal report must include state student identification numbers of affected students.
21. Whenever a student fails to return to school within ten (10) school days of the termination of dismissal, a school administrator shall inform the student and his/her parent or guardian by mail of the student's right to attend and to be reinstated in the school district.

XIII. ADMISSION OR READMISSION PLAN

A school administrator must prepare and enforce an admission or readmission plan for any student who is excluded or expelled from school. The plan must include measures to improve the student's behavior, which may include completing a character education program consistent with Minnesota Statutes, section 120B.232, subdivision 1, social and emotional learning, counseling, social work services, mental health services, referrals for special education or 504 evaluation, and evidence-based academic interventions. The plan must include reasonable attempts to obtain parental involvement in the admission or readmission process, and may indicate the consequences to the student of not improving the student's behavior. The readmission plan must not obligate parents to provide a sympathomimetic medication for their child as a condition of readmission.

XIV. NOTIFICATION OF POLICY VIOLATIONS

Notification of any violation of this policy and resulting disciplinary action shall be as provided herein, or as otherwise provided by the Pupil Fair Dismissal Act or other applicable law. The teacher, principal or other school district official may provide additional notification as deemed appropriate.

In addition, the school district must report, through the MDE electronic reporting system, each exclusion or expulsion, each physical assault of a school district employee by a pupil, and each pupil withdrawal agreement within thirty (30) days of the effective date of the dismissal action, pupil withdrawal, or assault, to the MDE Commissioner. This report must include a statement of the nonexclusionary disciplinary practices, or other sanction, intervention, or resolution in response to the assault given to the pupil and the reason for, the effective date, and the duration of the exclusion or expulsion or other sanction, intervention, or resolution. The report must also include the pupil's age, grade, gender, race, and special education status.

XV. STUDENT DISCIPLINE RECORDS

The policy of the school district is that complete and accurate student discipline records be maintained. The collection, dissemination, and maintenance of student discipline records shall be consistent with applicable school district policies and federal and state law, including the Minnesota Government Data Practices Act, Minnesota Statutes chapter 13.

XVI. STUDENTS WITH DISABILITIES

Students who are currently identified as eligible under the IDEA or Section 504 will be subject to the provisions of this policy, unless the student's IEP or 504 plan specifies a necessary modification.

Before initiating an expulsion or exclusion of a student with a disability, relevant members of the child's IEP team and the child's parent shall, consistent with federal law, conduct a manifestation determination and determine whether the child's behavior was (i) caused by or had a direct and substantial relationship to the child's disability and (ii) whether the child's conduct was a direct result of a failure to implement the child's IEP. If the student's educational program is appropriate and the behavior is not a manifestation of the student's disability, the school district will proceed with discipline – up to and including expulsion – as if the student did not have a disability, unless the student's educational program provides otherwise. If the team determines that the behavior subject to discipline is a manifestation of the student's disability, the team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for such student provided that the school district had not conducted such assessment prior to the manifestation determination before the behavior that resulted in a change of placement. Where a behavioral intervention plan previously has been developed, the team will review the behavioral intervention plan and modify it as necessary to address the behavior.

When a student who has an IEP is excluded or expelled for misbehavior that is not a manifestation of the student's disability, the school district shall continue to provide special education and related services during the period of expulsion or exclusion.

XVII. OPEN ENROLLED STUDENTS

The school district may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program (Minnesota Statutes section 124D.03) or Enrollment in Nonresident District (Minnesota Statutes section 124D.08) at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy (Minnesota Statutes chapter 260A), and the student's case has been referred to juvenile court. The school district may also terminate the enrollment of a nonresident student over the age of seventeen (17) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.

XVIII. DISCIPLINE COMPLAINT PROCEDURE

Students, parents and other guardians, and school staff may file a complaint and seek corrective action when the requirements of the Minnesota Pupil Fair Dismissal Act, including the implementation of the local behavior and discipline policies, are not being implemented appropriately or are being discriminately applied.

The Discipline Complaint Procedure must, at a minimum:

1. provide procedures for communicating this policy including the ability for a parent to appeal a decision under Minnesota Statutes, section 121A.49 that contains explicit instructions for filing the complaint;
2. provide an opportunity for involved parties to submit additional information related to the complaint;
3. provide a procedure to begin to investigate complaints within three school days of receipt, and identify personnel who will manage the investigation and any resulting record and are responsible for keeping and regulating access to any record;
4. provide procedures for issuing a written determination to the complainant that addresses each allegation and contains findings and conclusions;
5. if the investigation finds the requirements of Minnesota Statutes, sections 121A.40 to 121A.61, including any local policies that were not implemented appropriately, contain procedures that require a corrective action plan to correct a student's record and provide relevant staff with training, coaching, or other accountability practices to ensure appropriate compliance with policies in the future; and
6. prohibit reprisals or retaliation against any person who asserts, alleges, or reports a complaint, and provide procedures for applying appropriate consequences for a person who engages in reprisal or retaliation.

XIX. DISTRIBUTION OF POLICY

The school district will notify students and parents of the existence and contents of this policy in such manner as it deems appropriate. Copies of this discipline policy shall be made available to all students and parents at the commencement of each school year and to all new students and parents upon enrollment. This policy shall also be available upon request in each principal's office.

6. Student Attendance

I. PURPOSE

- A. The school board believes that regular school attendance is directly related to success in academic work, benefits students socially, provides opportunities for important communications between teachers and students, and establishes regular habits of dependability important to the future of the student. The purpose of this policy is to encourage regular school attendance. It is intended to be positive and not punitive.

Finally, it is the teacher's responsibility to work cooperatively with the student's parent or guardian and the student to solve any attendance problems that may arise.

4. Administrator's Responsibility

- a. It is the administrator's responsibility to require students to attend all assigned classes and study halls. It is also the administrator's responsibility to be familiar with all procedures governing attendance and to apply these procedures uniformly to all students, to maintain accurate records on student attendance, and to prepare a list of the previous day's absences stating the status of each. Finally, it is the administrator's responsibility to inform the student's parent or guardian of the student's attendance and to work cooperatively with them and the student to solve attendance problems.

- b. In accordance with the Minnesota Compulsory Instruction Law, Minnesota Statutes, section 120A.22, the students of the school district are REQUIRED to attend all assigned classes and/or study halls every day school is in session, unless the student has been excused by the school board from attendance because the student has already completed state and school district standards required to graduate from high school, has withdrawn, or has a valid excuse for absence.

B. Attendance Procedures

Attendance procedures shall be presented to the school board for review and approval. When approved by the school board, the attendance procedures will be included as an addendum to this policy.

1. Excused Absences

- a. A parent, guardian, or other person having control of a child may apply to a school district to have the child excused from attendance for the whole or any part of the time school is in session during any school year. Application may be made to a truant officer or the school official designated by the principal. A note from a physician or a licensed mental health professional stating that the child cannot attend school is a valid excuse.
- b. To be considered an excused absence, the student's parent or legal guardian may be asked to verify, in writing, the reason for the student's absence from school.
- c. The board of the district in which the child resides may approve the application under subparagraph (a) above upon a legitimate exception being demonstrated to the satisfaction of that board.
- d. Legitimate Exceptions

The following reasons shall be sufficient to constitute excused absences:

- (1) that the child's physical or mental health is such as to prevent attendance at school or application to study for the period required, which includes:
 - (a) child illness, medical, dental, orthodontic, or counseling appointments; including appointments conducted through telehealth
 - (b) family emergencies;
 - (c) the death or serious illness or funeral of an immediate family member;
 - (d) active duty in any military branch of the United States;

 - (f) other exemptions included in this attendance policy.

- (2) that the child has already completed state and district standards required for graduation from high school; or
- (3) that it is the wish of the parent, guardian, or other person having control of the child, that the child attend for a period or periods not exceeding in the aggregate three hours in any week, instruction conducted by a Tribal spiritual or cultural advisor, or a school for religious instruction conducted and maintained by a church, or association of churches, or any Sunday school association incorporated under the laws of this state, or any auxiliary thereof. This instruction must be conducted and maintained in a place other than a public school building, and it must not, in whole or in part, be conducted and maintained at public expense. A child may be absent from school on days that the child attends upon instruction according to this clause.

c. Consequences of Excused Absences

- (1) Students whose absences are excused are required to make up all assignments missed or to complete alternative assignments as deemed appropriate by the classroom teacher.

2. Unexcused Absences

a. The following are examples of absences which will not be excused:

- (1) Truancy. An absence by a student which was not approved by the parent and/or the school district.

- (3) Work at home.
- (4) Work at a business, except under a school-sponsored work release program.
- (5) Vacations with family.

b. Consequences of Unexcused Absences

- (1) Absences resulting from official suspension will be handled in accordance with the Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56.
- (2) Days during which a student is suspended from school shall not

be counted in a student's total cumulated unexcused absences.

- (3) In cases of recurring unexcused absences, the administration may also request the county attorney to file a petition with the juvenile court, pursuant to Minnesota statutes.
- (4) Students with unexcused absences shall be subject to discipline in the following manner:
 - (a) Within 14 days upon receipt of notification, the student or his or her parent or guardian may request a conference with school officials regarding the student's absences and the prescribed discipline. The notification will state that the school strongly urges the student's parent or guardian to request such a conference.
 - (b) After 10 cumulated unexcused absences in a semester, the administration may impose the loss of academic credit in the class or classes from which the student has been absent. However, prior to loss of credit, an administrative conference must be held among the principal, student, and parent.
 - (c) If the result of a grade reduction or loss of credit has the effect of an expulsion, the school district will follow the procedures set forth in the Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56.

C. Tardiness

1. Definition

Students are expected to be in their assigned area at designated times. Failure to do so constitutes tardiness.

- 2. School-initiated absences will be accepted and participation permitted.
- 3. A student may not participate in any activity or program if he or she has an unexcused absence from any class during the day.
- 4. If a student is suspended from any class, he or she may not participate in any activity or program that day.
- 5. If a student is absent from school due to medical reasons, he or she must present a physician's statement or a statement from the student's parent or guardian clearing the student for participation that day. The note must be presented to the coach or advisor before the student participates in the activity or program.

1. That the child is truant;
2. That the parent or guardian should notify the school if there is a valid excuse for the child's absences;
3. That the parent or guardian is obligated to compel the attendance of the child at school pursuant to Minnesota Statutes, section 120A.22 and parents or guardians who fail to meet this obligation may be subject to prosecution under Minnesota Statutes, section 120A.34;
4. That this notification serves as the notification required by Minnesota Statutes, section 120A.34;
5. That alternative educational programs and services may be available in the child's enrolling or resident district;
6. That the parent or guardian has the right to meet with appropriate school personnel to discuss solutions to the child's truancy;

7. Bullying Prohibition

I. PURPOSE

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with a student's ability to learn and/or a teacher's ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, the school district intends to prevent bullying and to take action to investigate, respond to, and to remediate and discipline for those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior.

II. GENERAL STATEMENT OF POLICY

- A. An act of bullying, by either an individual student or a group of students, is expressly prohibited:
 - 1. on the school premises, at the school functions or activities, on the school transportation;
 - 2. by the use of electronic technology and communications on the school premises, during the school functions or activities, on the school transportation, or on the school computers, networks, forums, and mailing lists; or
 - 3. by use of electronic technology and communications off the school premises to the extent such use substantially and materially disrupts student learning or the school environment.
- B. A school-aged child who voluntarily participates in a public school activity, such as a cocurricular or extracurricular activity, is subject to the policy provisions applicable to the public school students participating in the activity.
- C. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student or other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyberbullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources. This policy also applies to sexual exploitation.
- D. Malicious and sadistic conduct involving race, color, creed, national origin, sex, age, marital status, status with regard to public assistance, disability, religion, sexual harassment, and sexual orientation and gender identity as defined in Minnesota Statutes, chapter 363A is prohibited. This prohibition applies to students, independent contractors, teachers, administrators, and other school personnel.

Malicious and sadistic conduct and sexual exploitation by a school district or school staff member, independent contractor, or enrolled student against a staff member, independent contractor, or student that occurs as described in Article II.A above is prohibited.

- E. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.
- F. Apparent permission or consent by a student being bullied does not lessen or negate the prohibitions contained in this policy.
- G. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.
- H. False accusations or reports of bullying against another student are prohibited.
- I. A person who engages in an act of bullying, reprisal, retaliation, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures, including the school district's discipline policy (See MSBA/MASA Model Policy 506). The school district may take into account the following factors:
 - 1. The developmental ages and maturity levels of the parties involved;
 - 2. The levels of harm, surrounding circumstances, and nature of the behavior;
 - 3. Past incidences or past or continuing patterns of behavior;
 - 4. The relationship between the parties involved; and
 - 5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion. The school district shall employ research-based developmentally appropriate best practices that include preventative and remedial measures and effective discipline for deterring violations of this policy, apply throughout the school district, and foster student, parent, and community participation.

Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events.

- J. The school district will act to investigate all complaints of bullying reported to the school district and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

III. DEFINITIONS

For purposes of this policy, the definitions included in this section apply.

- A. "Bullying" means intimidating, threatening, abusive, or harming conduct that is objectively offensive and:
1. an actual or perceived imbalance of power exists between the student engaging in the prohibited conduct and the target of the prohibited conduct, and the conduct is repeated or forms a pattern; or
 2. materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges.

The term "bullying" specifically includes cyberbullying, malicious and sadistic conduct, and sexual exploitation.

"Cyberbullying" means bullying using technology or other electronic communication, including, but not limited to, a transfer of a sign, signal, writing, image, sound, or data, including a post on a social network Internet website or forum, transmitted through a computer, cell phone, or other electronic device. The term applies to prohibited conduct which occurs on school premises, on school district property, at school functions or activities, on school transportation, or on school computers, networks, forums, and mailing lists, or off school premises to the extent that it substantially and materially disrupts student learning or the school environment.
- C. "Immediately" means as soon as possible but in no event longer than 24 hours.
- D. "Intimidating, threatening, abusive, or harming conduct" means, but is not limited to, conduct that does the following:

However, prohibited conduct need not be based on any particular characteristic defined in this paragraph or the MHRA.
- E. "Malicious and sadistic conduct" means creating a hostile learning environment by acting with the intent to cause harm by intentionally injuring another without just cause or reason or engaging in extreme or excessive cruelty or delighting in cruelty.
- F. events, or trips. School district property also may mean a student's walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting bullying at these locations and events, the school district does not represent that it will provide supervision or assume liability at these locations and events.

- G. "Prohibited conduct" means bullying, cyberbullying, malicious and sadistic conduct, sexual exploitation, or retaliation or reprisal for asserting, alleging, reporting, or providing information about such conduct or knowingly making a false report about prohibited conduct.

IV. REPORTING PROCEDURE

- A. Any person who believes he or she has been the target or victim of bullying or any person with knowledge or belief of conduct that may constitute bullying or prohibited conduct under this policy shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report bullying anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.
- B. The school district encourages the reporting party or complainant to use the report form available from the principal or building supervisor of each building or available in the school district office, but oral reports shall be considered complaints as well.
- C. The building principal, the principal's designee, or the building supervisor (hereinafter the "building report taker") is the person responsible for receiving reports of bullying or other prohibited conduct at the building level. Any person may report bullying or other prohibited conduct directly to a school district human rights officer or the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as the primary contact on policy and procedural matters. The building report taker or a third party designated by the school district shall be responsible for the investigation. The building report taker shall provide information about available community resources to the target or victim of the bullying or other prohibited conduct, the perpetrator, and other affected individuals as appropriate.

- D. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct that may constitute bullying or other prohibited conduct shall make reasonable efforts to address and resolve the bullying or prohibited conduct and shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute bullying or other prohibited conduct or who fail to make reasonable efforts to address and resolve the bullying or prohibited conduct in a timely manner may be subject to disciplinary action.

- E. Reports of bullying or other prohibited conduct are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of bullying and the record of any resulting investigation.
- F. Submission of a good faith complaint or report of bullying or other prohibited conduct will not affect the complainant's or reporter's future employment, grades, work assignments, or educational or work environment.
- G. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

V. SCHOOL DISTRICT ACTION

- A. Within three school days of the receipt of a complaint or report of bullying or other prohibited conduct, the school district shall undertake or authorize an investigation by the building report taker or a third party designated by the school district.
- B. The building report taker or other appropriate school district officials may take immediate steps, at their discretion, to protect the target or victim of the bullying or other prohibited conduct, the complainant, the reporter, and students or others, pending completion of an investigation of the bullying or other prohibited conduct, consistent with applicable law.
- C. The alleged perpetrator of the bullying or other prohibited conduct shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.
- D. Upon completion of an investigation that determines that bullying or other prohibited conduct has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited conduct. Remedial responses to the bullying or other prohibited conduct shall be tailored to the particular incident and nature of the conduct and the student's developmental age and behavioral history. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; the student discipline policy (See MSBA/MASA Model Policy 506) and other applicable school district policies; and applicable regulations.

[NOTE: The language added above appears in Minnesota Statutes, section 121A.031.]

- E. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent or guardian of students who are targets of bullying or other prohibited conduct and the parent or guardian of alleged perpetrators of bullying or other prohibited conduct who have been involved in a reported and confirmed bullying incident of the remedial or disciplinary action taken, to the extent permitted by law. For purposes of notification presumed under this

paragraph, a parent or legal guardian may designate in writing to the school another individual to be notified of the prohibited conduct.

[NOTE: The 2025 Minnesota legislature added the final sentence to Minnesota Statutes, section 121A.031.]

- F. In order to prevent or respond to bullying or other prohibited conduct committed by or directed against a child with a disability, the school district shall, when determined appropriate by the child's individualized education program (IEP) team or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in bullying or other prohibited conduct.

VI. RETALIATION OR REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged bullying or prohibited conduct, who provides information about bullying or prohibited conduct, who testifies, assists, or participates in an investigation of alleged bullying or prohibited conduct, or who testifies, assists, or participates in a proceeding or hearing relating to such bullying or prohibited conduct. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the prohibited conduct.

VII. TRAINING AND EDUCATION

- A. Consistent with its applicable policies and practices, the school district must discuss this policy with students, school personnel and volunteers and provide appropriate training for all school district personnel to prevent, identify, and respond to prohibited conduct. The school district must establish a training cycle for school personnel to occur during a period not to exceed every three school years. Newly employed school personnel must receive the training within the first year of their employment with the school district. The school district or a school administrator may accelerate the training cycle or provide additional training based on a particular need or circumstance. This policy shall be included in employee handbooks, training materials, and publications on school rules, procedures, and standards of conduct, which materials shall also be used to publicize this policy.
- B. The school district shall require ongoing professional development, consistent with Minnesota Statutes, section 122A.60, to build the skills of all school personnel who regularly interact with students to identify, prevent, and appropriately address bullying and other prohibited conduct. Such professional development includes, but is not limited to, the following:
 - 1. Developmentally appropriate strategies both to prevent and to immediately and effectively intervene to stop prohibited conduct;
 - 2. The complex dynamics affecting a perpetrator, target, and witnesses to prohibited conduct;
 - 3. Research on prohibited conduct, including specific categories of students at risk for perpetrating or being the target or victim of bullying or other prohibited

conduct in school;

4. The incidence and nature of cyberbullying; and
 5. Internet safety and cyberbullying.
- C. The school district annually will provide education and information to students regarding bullying, including information regarding this school district policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to prevent bullying and other prohibited conduct.
- D. The administration of the school district is directed to implement programs and other initiatives to prevent bullying, to respond to bullying in a manner that does not stigmatize the target or victim, and to make resources or referrals to resources available to targets or victims of bullying.
- E. The administration is encouraged to provide developmentally appropriate instruction and is directed to review programmatic instruction to determine if adjustments are necessary to help students identify and prevent or reduce bullying and other prohibited conduct, to value diversity in school and society, to develop and improve students' knowledge and skills for solving problems, managing conflict, engaging in civil discourse, and recognizing, responding to, and reporting bullying or other prohibited conduct, and to make effective prevention and intervention programs available to students.

The administration must establish strategies for creating a positive school climate and use evidence-based social-emotional learning to prevent and reduce discrimination and other improper conduct.

The administration is encouraged, to the extent practicable, to take such actions as it may deem appropriate to accomplish the following:

1. Engage all students in creating a safe and supportive school environment;
 2. Partner with parents and other community members to develop and implement prevention and intervention programs;
 3. Engage all students and adults in integrating education, intervention, and other remedial responses into the school environment;
 4. Train student bystanders to intervene in and report incidents of bullying and other prohibited conduct to the schools' primary contact person;
 5. Teach students to advocate for themselves and others;
 6. Prevent inappropriate referrals to special education of students who may engage in bullying or other prohibited conduct; and
 7. Foster student collaborations that, in turn, foster a safe and supportive school climate.
- F. The school district may implement violence prevention and character development education programs to prevent or reduce policy violations. Such programs may offer instruction on character education including, but not limited to, character qualities such as attentiveness, truthfulness, respect for authority, diligence, gratefulness, self-discipline, patience, forgiveness, respect for others, peacemaking, and resourcefulness.

- G. The school district shall inform affected students and their parents of rights they may have under state and federal data practices laws to obtain access to data related to an incident and their right to contest the accuracy or completeness of the data. The school district may accomplish this requirement by inclusion of all or applicable parts of its protection and privacy of pupil records policy (See MSBA/MASA Model Policy 515) in the student handbook.

VIII. NOTICE

- A. The school district will give annual notice of this policy to students, parents or guardians, and staff, and this policy shall appear in the student handbook.
- B. Article II, paragraph D, regarding malicious and sadistic conduct must be conspicuously posted throughout each school building.
- C. This policy shall be conspicuously posted in the administrative offices of the school and school district in summary form.

Consequences for employees who permit, condone, or tolerate hazing or engage in an act of reprisal or intentional false reporting of hazing may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of hazing may include, but not be limited to, exclusion from school district property and events and/or termination of services and/or contracts.

- G. This policy applies to hazing that occurs during and after school hours, on or off school premises or property, at school functions or activities, or on school transportation.
- H. A person who engages in an act that violates school policy or law in order to be initiated into or affiliated with a student organization shall be subject to discipline for that act.
- I. The school district will act to investigate all complaints of hazing and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

III. DEFINITIONS

- A. "Hazing" means committing an act against a student, or coercing a student into

committing an act, that creates a substantial risk of harm to a person, in order for the student to be initiated into or affiliated with a student organization, or for any other school-related purpose. The term hazing includes, but is not limited to:

1. Any type of physical brutality such as whipping, beating, striking, branding, electronic shocking, or placing a harmful substance on the body.
 2. Any type of physical activity such as sleep deprivation, exposure to weather, confinement in a restricted area, calisthenics, or other activity that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student.
 3. Any activity involving the consumption of any alcoholic beverage, drug, tobacco product, or any other food, liquid, or substance that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student.
 4. Any activity that intimidates or threatens the student with ostracism, that subjects a student to extreme mental stress, embarrassment, shame, or humiliation, that adversely affects the mental health or dignity of the student or discourages the student from remaining in school.
 5. Any activity that causes or requires the student to perform a task that involves violation of state or federal law or of school district policies or regulations.
- B. "Immediately" means as soon as possible but in no event longer than 24 hours.
- C. "On school premises or school district property, or at school functions or activities, or on school transportation" means all school district buildings, school grounds, and school property or property immediately adjacent to school grounds, school bus stops, school buses, school vehicles, school contracted vehicles, or any other vehicles approved for school district purposes, the area of entrance or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events, or trips. School district property also may mean a student's walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting hazing at these locations and events, the school district does not represent that it will provide supervision or assume liability at these locations and events.
- D. "Remedial response" means a measure to stop and correct hazing, prevent hazing from recurring, and protect, support, and intervene on behalf of a student who is the target or victim of hazing.
- E. "Student" means a student enrolled in a public school or a charter school.
- F. "Student organization" means a group, club, or organization having students as its primary members or participants. It includes grade levels, classes, teams, activities, or particular school events. A student organization does not have to be an official school organization to come within the terms of this definition.

IV. REPORTING PROCEDURES

- A. Any person who believes he or she has been the target or victim of hazing or any person with knowledge or belief of conduct which may constitute hazing shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report hazing anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.

- B. The school district encourages the reporting party to use the report form available from the principal or building supervisor of each building or available from the school district office, but oral reports shall be considered complaints as well.

The building principal, the principal's designee, or the building supervisor (hereinafter the "building report taker") is the person responsible for receiving reports of hazing at the building level. Any adult school district personnel who receives a report of hazing prohibited by this policy shall inform the building report taker immediately. Any person may report hazing directly to a school district human rights officer or to the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as a primary contact on policy and procedural matters.

- C. A teacher, administrator, volunteer, contractor, and other school employees shall be particularly alert to possible situations, circumstances, or events which might include hazing. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct which may constitute hazing shall make reasonable efforts to address and resolve the hazing and shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute hazing or who fail to make reasonable efforts to address and resolve the hazing in a timely manner may be subject to disciplinary action.
- D. Submission of a good faith complaint or report of hazing will not affect the complainant or reporter's future employment, grades, work assignments, or educational or work environment.
- E. Reports of hazing are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of hazing and the record of any resulting investigation.
- F. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's legal obligations to investigate, to take appropriate action, and to comply with any discovery or disclosure obligations.

V. SCHOOL DISTRICT ACTION

- A. Within three (3) days of the receipt of a complaint or report of hazing, the school district shall undertake or authorize an investigation by school district officials or a third party designated by the school district.
- B. The building report taker or other appropriate school district officials may take immediate steps, at their discretion, to protect the target or victim of the hazing, the complainant, the reporter, and students or others pending completion of an investigation of alleged hazing prohibited by this policy.
- C. The alleged perpetrator of the hazing shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.

- D. Upon completion of an investigation that determines hazing has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited behavior. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; and applicable school district policies and regulations.
- E. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students who are targets or victims of hazing and the parent(s) or guardian(s) of alleged perpetrators of hazing who have been involved in a reported and confirmed hazing incident of the remedial or disciplinary action taken, to the extent permitted by law.
- F. In order to prevent or to respond to hazing committed by or directed against a child with a disability, the school district shall, where determined appropriate by the child's individualized education program (IEP) team or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in hazing.

VI. RETALIATION OR REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged hazing, who provides information about hazing, who testifies, assists, or participates in an investigation of alleged hazing, or who testifies, assists, or participates in a proceeding or hearing relating to such hazing. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the prohibited conduct. Remedial responses to the prohibited conduct shall be tailored to the particular incident and nature of the conduct.

14. Parent/Guardian Refusal for Student Participation in Statewide Assessments

Statewide Assessments: Parent/Guardian Participation Guide and Refusal Information

Your student's participation in statewide assessments is important as it allows your school and district to ensure all students have access to a high-quality education. In the past, students with disabilities and English learners were often excluded from statewide assessments. By requiring that all students take statewide assessments, schools and teachers have more information to see how all students are doing. This helps schools to continuously improve the education they provide and to identify groups, grades, or subjects that may need additional support.

Assessments Connect to Standards

Statewide assessments are based on the [Minnesota Academic Standards](#) or the [WIDA English Language Development Standards](#). These standards define the knowledge and skills students should be learning in K–12 public and charter schools. Minnesota prioritizes high-quality education, and statewide assessments gives educators and leaders an opportunity to evaluate student and school success.

Minnesota Comprehensive Assessments (MCA) and Minnesota Test of Academic Skills (MTAS)

MCA and MTAS are the annual assessments in reading, mathematics and science that measure a snapshot of student learning of the Minnesota K–12 Academic Standards.

ACCESS and Alternate ACCESS for English Learners

The ACCESS and Alternate ACCESS are the annual assessments for English learners that provide information about their progress in learning academic English based on the WIDA English Language Development Standards.

Statewide Assessments Help Families and Students

Participating in statewide assessments helps families see a snapshot of their student's learning so they can advocate for their success in school. High school students can use MCA results:

- For course placement at a Minnesota State college or university. If students receive a college-ready score, they may not need to take a remedial, noncredit course for that subject.
- For Postsecondary Enrollment Options (PSEO) and College in the Schools programs.

English learners who take the ACCESS or Alternate ACCESS and meet certain requirements have the opportunity to exit from English learner programs.

Taking Statewide Assessments Helps Your Student's School

Statewide assessments provide information to your school and district about how all students are engaging with the content they learn in school. This information helps:

- Educators evaluate their instructional materials.
- Schools and districts identify inequities between groups, explore root causes and implement supports.
- School and district leaders make decisions about how to use money and resources to support all students.

Student Participation in Statewide Assessments

Student participation in state and locally required assessments is a parent/guardian choice. If you choose to have your student not participate in a statewide assessment, please provide a reason for your decision on the form. Contact your student's school to learn more about locally required assessments.

Updated April 21, 2022 - Page 1 of 2

Consequences of Not Participating in Statewide Assessments

- The student will not receive an individual score. For ACCESS and Alternate ACCESS, the student would not have the opportunity to exit their English learner program.
- School and district assessment results will be incomplete, making it more difficult to have an accurate picture of student learning.
- Since all eligible students are included in some calculations even when they do not participate, school and district accountability results are impacted. This may affect the school's ability to be identified for support or recognized for success.

Check with your local school or district to see if there are any other consequences for not participating.

Additional Information

- On average, students spend less than 1 percent of instructional time taking statewide assessments each year.
- Minnesota statutes limit the total amount of time students can spend taking other district- or school-wide assessments to 11 hours or less each school year, depending on the grade.
- School districts and charter schools are required to publish an assessment calendar on their website by the beginning of each school year. Refer to your district or charter school's website for more information on assessments.

(Note: This form is only applicable for the 20__ to 20__ school year.)

Statewide Assessment: Parent/Guardian Decision Not to Participate
