Quotes From Parents and Kids

“My daughter loves coming, and I can see improvements in her grades already.” from a dad of a 1st grader who signed up after the first six weeks.

“What I like most about our school community is that they care about the kids.” From a 5th grader’s mom.

“In the ACE Program, everything was well explained and the way parents interact with their children is awesome.” From a grandma of multiple siblings.

What are the kids saying????

“The Ace Program is a great opportunity to learn. My grades went up when I joined the program.”

“Ace is a good idea to come to because you can finish your missing work, and it’s fun! When you finish your work, you get to do enrichment.”

Cub Cafe:

our cooking club

So far, they've baked homemade cookies for our Fall Festival Parent Night, made macaroni and cheese, yogurt parfaits, and homemade pizzas!

There are many other things that our kids do. These kids are awesome, and they try really hard. I'm so happy to work with them and getting to know them. Our goal is to show improvement across the board and with the tutors that we have, I feel we can do it.
