

**Denton Independent School District**  
**Braswell High School Construction Technology Purchase**  
March 28, 2023

**SUMMARY:**

This item requests approval of the quotes from Netsync Network Solutions in the amount of \$254,185.60 for the purchase of technology equipment for Braswell High School.

**BOARD GOAL:**

Growth & Management - Demonstrate effective and efficient management of district resources

**PREVIOUS BOARD ACTION:**

The Board called for the 2018 bond election with the recommendation of the Bond Committee. On May 5, 2018, the bond was approved by the voters of Denton ISD. On May 10, 2022, the Board of Trustees approved the first phase of Braswell High School New Wing Technology.

**BACKGROUND INFORMATION:**

Due to significant delays in technology hardware fulfillment and the pending release of a new line of hardware standards, the decision was made to delay the technology construction orders for opening these areas. In the interim, older equipment was used as a stop-gap measure to bring the site online.

**SIGNIFICANT ISSUES:**

Now that product lead time challenges have been overcome, the intent is to purchase and install this new line of hardware in place of the aged and temporary solutions used. This purchase will be made using a State of Texas DIR Contract—DIR-CPO-4430. This purchase is being brought for approval in accordance with the District's CH (local) policy.

**FISCAL IMPLICATIONS:**

The cost will be borne through the 2018 Bond Authorization, Project 04 – Braswell High School.

**BENEFIT OF ACTION:**

Passage of this purchase will allow the install of the new technology equipment. This purchase will replace the temporary equipment and fill wireless connectivity and physical security gaps of coverage.

**SUPERINTENDENT'S RECOMMENDATION:**

It is recommended that the quote from Netsync Network Solutions in the amount of \$254,185.60 for the purchase of technology equipment for Braswell High School be approved.

**STAFF PERSONS RESPONSIBLE:**

Robert Pierce, Chief Technology Officer  
Graham Walden, Senior Network Infrastructure Architect  
Cindy Willis, Director of Purchasing
