

*Tabitha Meyer Nominated as Neah-Kah-Nie Preschool Volunteer of the Month...*

Tabitha Meyer was a TA at the preschool during first trimester. As a TA, she demonstrated great patience and kindness and showed she has a heart for small children.

Because Tabitha completed her graduation requirement early, she decided to forgo classes at the high school in order to work. Since that time, Tabitha has continued her service at the preschool as a volunteer.

Each Monday, I can count on Tabitha to arrive with a smile on her face, ready to serve kids in whatever capacity she can. In addition to reading, playing, talking, and accepting countless hugs from kids all day long, Tabitha provides extra support to students with special needs during music time with Mr. Simpson. This support enables the students she works with to fully access and enjoy music, and has given me back the much needed planning time that was previously spent giving this support myself.

I am so appreciative of the work that Tabitha does to support me and my students.
