Recommendation(s): Approval of the general fee schedule for the School District of Shorewood.

Purpose: The business office has reviewed the school fees for the district schools. Consideration was given as to the amount of the fees and purpose for each fee with regards to the Wisconsin State statutes on allowable fees for public schools. Fees should be reviewed and approved by the board of education on an annual basis for the upcoming year.

Background: The board of education recognizes its legal responsibility to provide a public education for all students in the district. The board also recognizes that certain educational programs, activities and materials may require specific additional funding. Therefore, reasonable student fees may be charges for activities, materials, and textbook rental. A student fee schedule shall be reviewed and adopted annually by the board. The fee schedule shall include fees to be charged.

Attachment: Proposed fees schedule for Atwater, Lake Bluff, SIS and SHS.
