

AGENDA

ITEM

SUBJECT: Consider action related to the repair of Newton Field Stadium

RATIONALE:

The district has received a cost estimate of \$1,850,805.00 to repair the stadium to pre-fire condition. This information has been shared with our insurance carrier. As of the packet preparation date, the insurance company has not provided the district with a settlement amount.

The district has been working with Southern Bleacher to develop an alternate plan should it be necessary to raze the middle sections. Details from this plan will be shared during the meeting.

RECOMMENDATION:

The administration will be prepared to make recommendation once settlement numbers are provided by the insurance carrier.
