Social Communication Class (SCC) < 1%

Talented and Gifted Students (TAG) 40% (subset is summa - 27% of total student body)

White 43%

### **Goals/Efforts/Actions –**

Our current school wide efforts are centered on AVID implementation and Future Readiness. With goals being:

1. 100% staff applies AVID WICOR strategies in the classroom as measured by observations. This is ongoing.
2. 100% staff trained in AVID strategies by September 2018.
3. 10% AVID students as Student Leaders (POWER leaders) by February 2016
4. 100% AVID students enrolled in AGS1 by September 2017
5. 100% AVID students with a proficiency level 3 or better in the Humanities core class by June 2017
6. 100% certified staff using chromebooks to support students' self – directed learning, to increase student collaboration, and to shift more control for managing the learning to the learner - as measured by observations. This is ongoing.

## **Successes –**

Implementation of 1:1 chromebooks for all students.

## **Challenge –**

In collaboration with the school's staff leadership teams, plan sustainable and targeted professional development for staff to reframe learning by giving more of the control to the student. At the same time, provide opportunities for staff to move learning and instruction beyond the walls of the school building.

## **Other**

### **Demographic note:**

Incoming 6<sup>th</sup> grade students self reported that 80% speak more than one language and 60% have family members living in other countries.
