## Comments from Nathan Field

Below is a description of the design services and cost of proposed services for Meridian Junior High School Innovation Lab. Your team will be an integral part of the design process. We will be using our Innovation Labs approach on your project, which incorporates our philosophy that an immersive environment is necessary for student learning and innovation.

### Meridian Junior High School Innovation Lab:

Phase 1: Artistic Consulting and Design: The work scope included in this quote consists of artistic consulting and design, concept modeling, space layout, and collaboration with your administrative team and teachers. These main elements of the work are:

A. Concept Proposal Package: Artistic consulting and design for the Innovation Lab. This phase includes sketches, decor suggestions to unify the themes in the spaces, and suggestions on how to incorporate the school mascot/theming.

B. Final Design Proposal Package: Final design work for the Innovation Lab, furniture recommendations, recommended furniture layout, equipment recommendations to suit designated spaces, and if needed 3D computer modeling. We will also provide selected samples and graphical images of items that could be incorporated into the design. We will also work with your staff to determine the highest and best use of any existing equipment and/or furniture.
