

## TOGETHER, WE CAN BUILD A BETTER OREGON.

Holding the world's largest corporations accountable is a big task. That's why parents, teachers and small businesses are coming together to make sure we get the schools and services our communities need by making out-of-state corporations pay their fair share.

A Better Oregon is circulating a petition for a 2016 ballot measure that would fund the things we care about most – education, health care and senior services – by increasing the corporate minimum tax *only* for corporations whose Oregon sales exceed \$25 million each year.

### HERE ARE FOUR WAYS YOU CAN HELP:

**SIGN THE PETITION** Find a volunteer or download the petition at [www.abetteroregon.org](http://www.abetteroregon.org)

**SHOW YOUR SUPPORT** Once you've signed, get our graphics and change your online profile picture

**VOLUNTEER YOUR TIME** Circulate the petition to your family, friends, and coworkers

**SPREAD THE WORD** Invite a coalition member to speak to your group or host an event in your home

# OREGON FAMILIES PAY. OUT-OF-STATE CORPORATIONS DON'T. LET'S CHANGE THIS.

Corporate profits are skyrocketing at a time when the majority of Oregon workers' incomes are declining.

**IN THE LAST DECADE,  
CORPORATE PROFITS  
ROSE 170%**

**AT THE SAME TIME, THE  
AVERAGE EARNINGS FOR  
WORKING FAMILIES IN OREGON  
DROPPED BY MORE THAN \$2,000**

Sources: Federal Reserve Bank of St. Louis; Analysis based on data from Oregon Department of Revenue

Oregonians work hard and pay their fair share, but our kids, seniors and communities don't have the schools and services they deserve. Why? Because while many large and out-of-state corporations are making millions of dollars here in Oregon, they are paying very low taxes. In fact, we have the lowest corporate taxes in the country, and those record-low taxes mean our schools and services get left behind. We can change this!

**Oregon needs strong schools  
and reliable services.  
And out-of-state corporations  
need to pay their fair share.**
