Subject: October Board Report

October 2025 Board Report

First Quarter Wrap Up:

- Teachers are utilizing student data to determine What I Need (WIN) groups. WIN is an opportunity for students to receive a second dose of specialized instruction based on their needs and data.
- Problem Solving Teams (PST) at each elementary building are working hard to support students. The teams focus on student needs and data while collaborating with the student's team of adults to ensure support.
- ELA teams at each grade level have been diligently collaborating to plan the CKLA Amplify Knowledge units for their students. During these planning sessions, the teams preview the assessments while working through each lesson to ensure alignment and effective instruction. Students are soaking up lots of knowledge while increasing their language comprehension skills as they continue on their path to becoming a skilled reader.
