

COUGAR NATION

February 2023

Dear IVHS friends and families,

We are incredibly grateful for all of the support that we received in the form of donations over the holiday break for our students and families in need. I consider myself fortunate every day to have the opportunity to be a part of this community.

We are just finishing up the first semester of school and we are working hard to support all of our students both academically and emotionally. Report cards have been sent home, please reach out to your student's teacher/s through ParentSquare if you have any questions. Real time updates of student attendance and grades are also available with the ParentVue app. Instructions for downloading and using either service are available on the district website, or by reaching out to the school office.

The Oregon Department of Education has just released the 2021-22 Graduation Rates and IVHS achieved 90.91%. This is almost 10% higher than the state average of 81.3%! This is entirely due to the hard work of the students and staff, but wouldn't have been possible without the parents/guardians and community that support all of the students here in the valley.

We are coming into the final stretch of the Winter sports season and eagerly await the performance of our Basketball, Wrestling, Cheer, and Equestrian Teams in their respective league and state competitions. IVHS Mathletes are currently positioned as one of the top teams in Southern Oregon, and preparations for Academic Masters have already begun.

As always thank you for your continued support,

Sincerely,
Justin Wright

Academic Enhancement Program News

We are proud to announce that the Academic Enhancement Program has 3 early graduates and 5 students who have earned their GED credentials. We have 136.25 credits recovered and 276 classes completed so far this semester.

The students at our campus are doing great! We are very proud of their accomplishments and look forward to the rest of the school year.

We also have students working from home. Each week at home students receive a call from us to check in and answer any questions they may have. They too are helping our numbers climb. We are very excited for our students.
