

**Richard Johnson Elementary School Board Report
November, 2025
Shannon Hudson, Principal**

Attendance

We are now above 90% for our attendance! 90.5!

Attendance Rate by Grade Level

| Grade Level | Attendance Rate |
|-------------|-----------------|
| -1 | 96.06% |
| 0 | 85.77% |
| 1 | 89.95% |
| 2 | 88.28% |
| 3 | 92.91% |
| 4 | 90.84% |
| 5 | 90.52% |

Conferences

Parent Teacher Conferences were great.. Our attendance was 88%.

Veterans' Breakfast

We had 15 Veterans come to breakfast on November 11th. The kids made decorations to hang in the gym and handed out flags. 5th grade students served our guest biscuits and gravy prepared by our kitchen staff. It was a nice intimate time for the kids to interact and the veterans to have a chance to chat with each other.

Literacy Night

Candyland Theme was a hit! We have about 160 people attend. The feedback was really positive, and families were really engaged in the reading activities. A big thank

you to Jeannie for organizing the event and to all the teachers for getting activities ready for the event.

Upcoming Events

- Winter Concert December 9th
- MAP Testing, Dibble December 8-12th

Arts & Curriculum

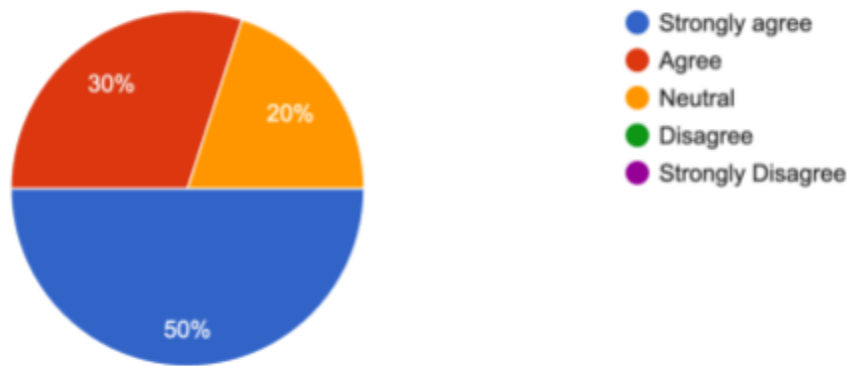

It has now been 5 years since we started our arts initiative and joined the New Visions Network. As I worked on this year's grant, I realized how much we have grown in this area. Here are some things to note:

- Continued growth of our PreK-12th grade music programs
- Theater Productions two times a year
- Professional Concerts with our partnership with Island Music
- 5 Artist in Residencies that included theater, music, illustration and drama
- Growth and engagement of art in the Middle School-Friday art focus
- Increased engagement in singing, dancing and cultural arts
- Integration of art in the CTE setting
- Access to material and overall willingness to engage students in creative endeavors

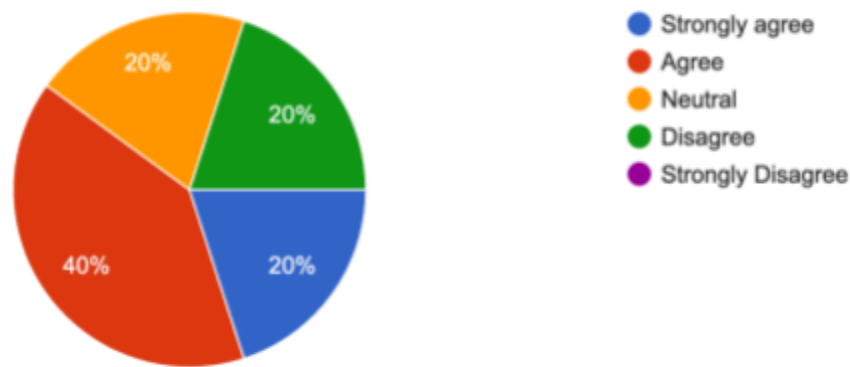

Curriculum-Several weeks ago, we started our district wide collaboration. This happens every two weeks on Monday afternoons and is possible due to the common start time. Teachers are working in content area teams and are revisiting the work we started seven years ago with our Priority Standards. These conversations will help to look at our vertical alignment and our students' success as they transition through each grade level at AISD.

STAFF Survey

Fridays are helpful in providing students with interventions we can't cover during a regular day.
10 responses

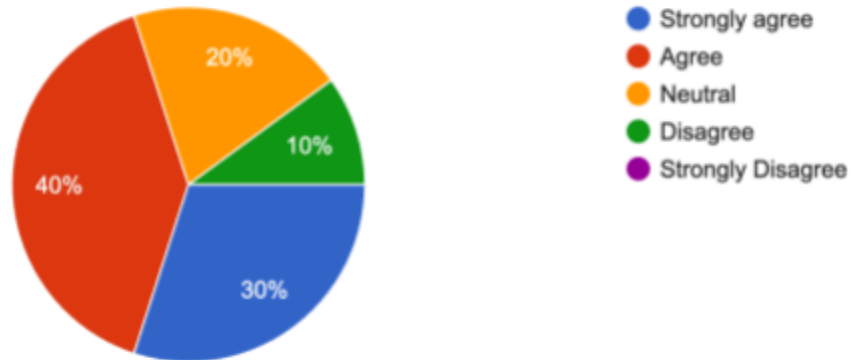

Growing Leaders is a program that helps us have meaningful conversations about social emotional learning.
10 responses

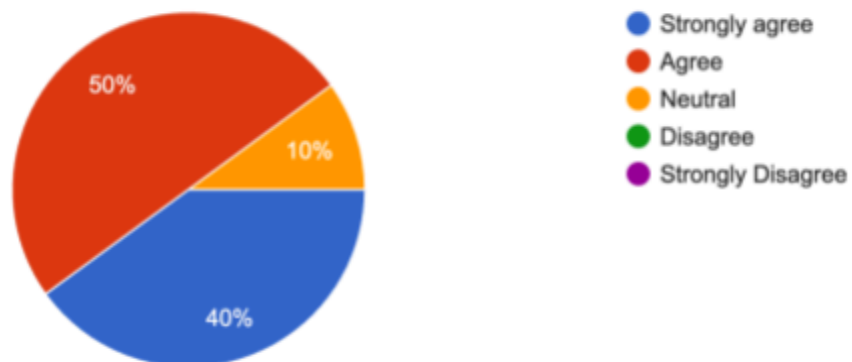

The assemblies on Fridays have had a positive impact on students and staff.

10 responses

The Friday schedule is good for staff.

10 responses

Some things to consider about the schedule. We have added a weekly assembly that has been extremely productive and enjoyed by students and staff. During our Fridays we also do many interventions. We have our time for iReady, reading groups and targeted math interventions. We also have time extension activities, art, and fun.

Additionally, Fridays have given us a time each week to meet as a whole staff, paras & teachers. It has also provided us with fewer interruptions to our core schedule.

CLMS Intervention Schedule
MS-MTSS Schedule
