

## MEMO

---

**TO:** Superintendent Jeff Stephens, Board President Jon Ritchie, WSD Board Members

**FROM:** Sheri Heiter

**DATE:** October 23, 2020

**SUBJECT:** Panorama Board Presentation

Weber School District recently adopted the *Panorama Student Success Platform* and the Social-Emotional Learning Survey in grades three through 12 to help us better serve our students and be immediately responsive to their needs. This data management tool brings together social-emotional learning, multi-tiered systems of support, response to intervention, college and career readiness tracking and school climate in one streamlined platform.

The Panorama team will provide a virtual presentation of the dashboard and will demonstrate the powerful capabilities of the system. Using this tool, teachers, administrators and counselors will have immediate access to real-time data about each student in the school. This data includes state-required testing (Acadience, RISE, Utah Aspire Plus and ACT), grades, attendance and discipline records. The multiple data sources displayed allow educators to capture a holistic picture of each student with ease. The dashboard simplifies data collection to facilitate data interpretation that leads to immediate action and improved student outcomes.

We are pleased to share this powerful resource with the Board and look forward to the positive impact it will have on students across the District.
