Nick
Foundation!**

$\frac{2}{3}$ Field Trip

**Thank you Mudd Nick
Foundation**

4th Grade Clean Water Festival

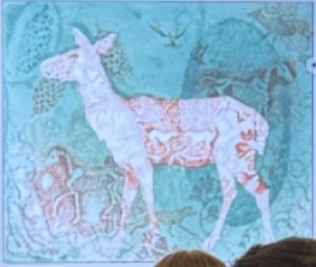

Art Literacy

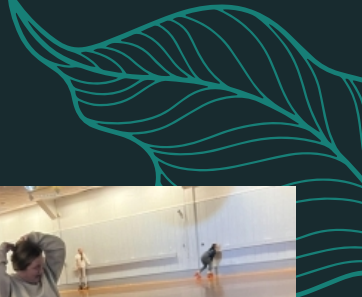

Composition of Visual Art

- Foreground is the area of most prominence, is closest to the viewer and is rich in detail. It draws the audience into the artwork.
- Middle ground is the space in between the grounds. It creates balance and transition between grounds.
- Background is the space in the distance. It is usually less detailed with softer and lighter colors.

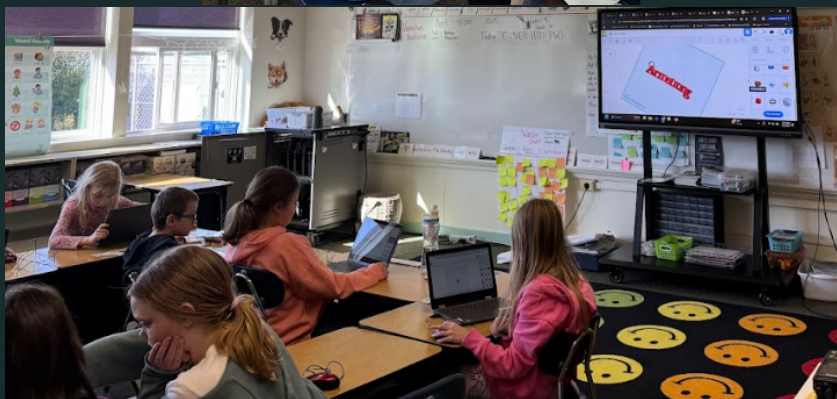

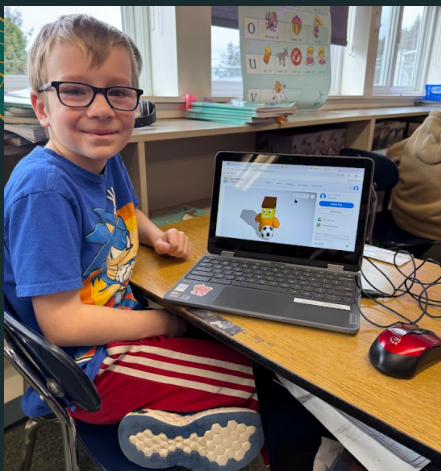

Family Skate Night

$\frac{2}{3}$ Armstrong's Class

Mrs. St. Laurent's Class
