- ~~4. The enrolling district must designate a contact person to help facilitate and monitor the student's academic progress and accumulated credits toward graduation.~~

~~B. Student Enrollment~~

- ~~1. A student may apply for full-time enrollment in an approved online learning program. The student must have the written consent of a parent or guardian to do so if the student is under eighteen (18) years of age.~~
- ~~2. The student and the student's parents must submit an application to the online learning provider and identify the student's reason for enrolling. An online learning provider that accepts a student under this section must notify the student and the enrolling district in writing within ten days if the enrolling district is not the online learning provider. The student and the student's parent must notify the online learning provider of the student's intent to enroll in online learning within ten days of being accepted, at which time the student and the student's parent must sign a statement indicating that they have reviewed the online course or program and understand the expectations of enrolling in online learning. An online learning provider must make available the supplemental online learning course syllabus to the enrolling district. Within 15 days after the online learning provider makes information in this paragraph available to the enrolling district, the enrolling district must notify the online learning provider whether the student, the student's parent, and the enrolling district agree or disagree that the course meets the enrolling district's graduation requirements. A student may enroll in a supplemental online learning course up to the midpoint of the school district's term. The school district may waive this requirement for special circumstances with the agreement of the online learning provider.~~
- ~~4. An online learning course or program that meets or exceeds a graduation standard or the grade progression requirement of the enrolling district as described in the provider's online learning course syllabus meets the~~

~~corresponding graduation requirements applicable to the student in the enrolling district. If the enrolling district does not agree that the course or program meets its graduation requirements, then the enrolling district must make available an explanation of its decision to the student, the student's parent, and the online learning provider; and the online learning provider may make available a response to the enrolling district, showing how the course or program meets the graduation requirements of the enrolling district.~~

- ~~5. An online learning student may enroll in supplemental online learning courses equal to a maximum of 50 percent of the student's full schedule of courses per term during a single school year, and the student may exceed the supplemental online learning registration limit if the enrolling district permits for supplemental online learning enrollment above the limit or if the enrolling district and the online learning provider agree to the instructional services. To enroll in more than 50 percent of the student's full schedule or courses per term in online learning, the student must qualify to exceed the supplemental online learning registration limit or apply to enroll in an approved full-time online learning program consistent with Paragraph IV.B.2. above. Full-time online learning students may enroll in classes at a local school under a contract for instructional services between the online learning provider and the school district.~~
- ~~6. An online learning student may complete course work at a grade level that is different from the student's current grade level.~~

- ~~2. The school district may reduce the course schedule of an online learning student in proportion to the number of online learning courses the student takes from an online learning provider other than the school district.~~
- ~~3. A teacher with a Minnesota license must assemble and deliver instruction to enrolled students receiving online learning from an enrolling district. The delivery of instruction occurs when the student interacts with the computer or the teacher and receives ongoing assistance and assessment of learning. The instruction may include curriculum developed by persons other than a teacher holding a Minnesota license.~~

- ~~4. The online learning provider, other than a digital learning provider offering digital learning to its enrolled students only under Minnesota Statutes section 124D.095, subdivision 4(d), must give the Commissioner written assurance that all courses meet state academic standards and the online learning curriculum, instruction, and assessment expectations for actual teacher contact time or other student teacher communications and academic support meet nationally recognized standards and are described as such in an online learning course syllabus that meets the Commissioner's requirements.~~

~~D. Academic Credit; Graduation Standards or Requirements~~

- ~~1. The school district shall apply the same graduation requirements to all students, including online learning students.~~
- ~~2. The school district shall use the same criteria for accepting online learning credits or courses as it does for accepting credits or courses for nonresident transfer students under Minnesota law.~~

- ~~4. The school district shall count secondary credits granted to an online learning student toward its graduation and credit requirements.~~
- ~~5. If a student completes an online learning course or program that meets or exceeds a graduation standard or grade progression requirement at the school district, that standard or requirement will be met.~~
- ~~6. Weighted grades will also be applicable if the school district has adopted a policy to offer weighted grades.~~
