No Bully Program

Process

- Staff member identifies someone who may be a bully or a victim.
- Staff member refers the student to a solution coach.
- Solution Coach then meets with the student and sets up a Solution Team
- The Solution Team – Includes Staff, Bully, Victim and other students
- The team meets three times – twice without the victim and the last time with the victim
- The team discusses what is going on and what they can do to help

Parent/Guardian Workshop

- This does not replace discipline consequences
- The goal of the solution team is to resolve the bullying/harassment issue
- Teach students to be an up-stander and interrupt it when they see it
- Teach empathy to students - how their behavior/words impact other people
