

February 2025

Shannon Carroll

We are preparing the Annual Performance Report for our Title III grant. The APR should have opened on February 3rd with a due date of April 6th, but we were notified by the Department of Education that it has not been opened due to the situation at hand. We will be prepared when it does open.

We received notification of a re-allocation on our Perkins grant of \$10,714.00. Part of these funds will be used to purchase additional chairs for the barber program in Borger.

We are investigating optional modules and upgrades with Anthology that can be purchased through carryover funds in the Title III grant. The application upgrade will automate some of the steps and help us process applications more efficiently. We are also looking at some possibilities to help in Human Resources and alleviate much of the work Jody Nolan is doing by hand.

We are working on the fast-track business degree and are almost ready to recruit faculty and begin a marketing campaign.

Because we have been approved to provide courses at the Dalhart prison, I will begin preparing the applications for approval with THECB, SACSCOC, and the Department of Education with a close eye on changes coming from the federal government.
