Charter Schools	We need more detail as to how waivers will be used to enhance innovative practice and opportunity for students as related to teacher licensure.	Please discuss the qualifications/background of new hires to explain how they will provide a quality educational opportunity for all students.

Career coaches and contracted counseling services are common supports that districts use.</p>	<p>Will the contracted services be on campus every day and serve all students?</p> <p>Who will develop the comprehensive school counseling plan, set the goals, and report the data?</p> <p>Will the district try to hire a certified school counselor? GT & AP	<p>Continuing GT waivers.</p> <p>-Note- Licensure waivers will not waive the training requirements for AP teachers. Please ensure that AP teachers meet training requirements from Chapter 6 of DESE Grading and Course Credit Rules.</p>	<p>- 10 year renewal?</p> <p>No questions at this time.</p>

CTE	No concerns at this time.	<p>Question: New Goals, Goal 1: The statement reads as though 100% of PHS-Little Rock students will apply and be accepted to a post-secondary education school, military, or vocational program (would prefer the use of "Career and Technical" vs. vocational). If I read it correctly, I'm concerned 100% isn't a realistic goal. This statement commits all students to one of the listed post-secondary options. A student may have the opportunity to leave PHS-Little Rock and go directly into the workforce.</p>
Curriculum	<p>#3 - given the type of student this charter is targeting, there should not be large classes.</p> <p>#18 - The justification for why waiver is needed can still be done without granting this waiver for required instruction 9-12.</p>	<p>Why 10 years? If community service learning is a reason to not offer required instruction for grades 9-12, Credit by Demonstrated mastery plans should be submitted. The additional courses should also be submitted through CAS.</p>
