

Board of Trustees  
Aledo Independent School District  
Aledo, Texas

We have audited the financial statements of Aledo Independent School District as of and for the year ended August 31, 2025 and have issued our report thereon dated January 20, 2026. Professional standards require that we advise you of the following matters relating to our audit.

### **Our Responsibility in Relation to the Financial Statement Audit**

As communicated in our engagement letter dated May 12, 2025, our responsibility, as described by professional standards, is to form and express opinions about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of your respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of Aledo Independent School District solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

### **Planned Scope and Timing of the Audit**

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

### **Compliance with All Ethics Requirements Regarding Independence**

The engagement team, others in our firm, and, as appropriate, our firm have complied with all relevant ethical requirements regarding independence.

As a part of the engagement we assisted in preparing the financial statements, schedule of expenditures of federal awards, and related notes to the financial statements of Aledo Independent School District in conformity with U.S. generally accepted accounting principals and Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) based on information provided by management. These nonaudit services do not constitute an audit under *Government Auditing Standards* and such services were not conducted in accordance with *Government Auditing Standards*.

---

### **OFFICE LOCATIONS**

**TEXAS** | Waco | Temple | Hillsboro | Houston  
**NEW MEXICO** | Albuquerque

In order to reduce threats to our independence caused by these nonattest services to an acceptable level, we applied certain safeguards. These safeguards include a concurring review, which is a review of the financial statements and key audit areas which is performed by a partner or manager who has adequate experience in audits of local governments, but who was not involved in this audit engagement. The concurring reviewer serves as an evaluator of the performance of the engagement team and the nonattest services provided.

In addition, management assumed responsibility for the financial statements, schedule of expenditures of federal awards, related notes to the financial statements and any other nonaudit services we provided. Management acknowledged, in the management representation letter, our assistance with the preparation of the financial statements, schedule of expenditures of federal awards, related notes to the financial statements and that these items were reviewed and approved prior to their issuance and accepted responsibility for them. Further, the nonaudit services were overseen by an individual within management that has the suitable skill, knowledge, or experience; evaluated the adequacy and results of the services; and accepted responsibility for them.

### **Significant Risks Considered**

We have considered the following significant risks during the audit process, which required special audit consideration. None of the risks below have resulted in a significant matter, finding, or issue.

<b>Significant Risk Considered</b>	<b>Reasoning for Special Audit Consideration</b>
1. Management override of controls	Inherent fraud risk
2. Accuracy of foundation accrual	Determining accurate foundation revenue and receivable balances can be complex due to multiple factors being involved in TEA's foundation revenue calculation.

### **Qualitative Aspects of the Entity's Significant Accounting Practices**

#### *Significant Accounting Policies*

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by Aledo Independent School District is included in the notes to the financial statements. As described in the notes to the financial statements, during the year, the District changed its method of accounting and disclosures for compensated absences, by adopting Governmental Accounting Standards (GASB) Statement No. 101, *Compensated Absences*. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

#### *Significant Accounting Estimates*

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

The most sensitive accounting estimates affecting the financial statements are:

Management's estimate of the useful lives of capital assets is based on the expected lifespan of the asset in accordance with standard guidelines. We evaluated the key factors and assumptions used to develop the estimate of useful lives in determining that it is reasonable in relation to the financial statements taken as a whole and in relation to the applicable opinion units.

Management's estimate of compensated absences is based on accrued leave balances and anticipated payout rates. We evaluated the key factors and assumptions used to develop the estimate for compensated absences and determined that it is reasonable in relation to the financial statements taken as a whole and in relation to the applicable opinion units.

Management's estimate of the allowance for uncollectible property taxes is based on historical collections and is 54% of outstanding property taxes as of August 31, 2025. We evaluated the key factors and assumptions used to develop the allowance for uncollectible property taxes in determining that it is reasonable in relation to the financial statements taken as a whole and in relation to the applicable opinion units.

Management's estimates of the net pension liability and pension expense are based on actuarial assumptions which are determined by the demographics of the plan and future projections that the actuary makes based on historical information of the plan and the investment market. We evaluated the key factors and assumptions used to develop the net pension liability and pension expense and determined that it is reasonable in relation to the basic financial statements taken as a whole and in relation to the applicable opinion units.

Management's estimates of the net OPEB liability and OPEB expense are based on actuarial assumptions which are determined by the demographics of the plan and future projections that the actuary makes based on historical information of the plan and the investment market. We evaluated the key factors and assumptions used to develop the net OPEB liability and OPEB expense and determined that it is reasonable in relation to the basic financial statements taken as a whole and in relation to the applicable opinion units.

#### *Financial Statement Disclosures*

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting Aledo Independent School District's financial statements relate to the net pension liability, pension expense, total OPEB liability, and OPEB expense.

#### **Significant Difficulties Encountered during the Audit**

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

#### **Uncorrected and Corrected Misstatements**

For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole and each applicable opinion unit. Management has corrected all identified misstatements.

In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. None of the misstatements identified by us as a result of our audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole or applicable opinion units.

#### **Disagreements with Management**

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to Aledo Independent School District's financial statements or the auditor's report. No such disagreements arose during the course of the audit.

## **Representations Requested from Management**

We have requested certain written representations from management, which are included in the attached letter dated January 20, 2026.

## **Management's Consultations with Other Accountants**

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

## **Other Significant Matters, Findings, or Issues**

In the normal course of our professional association with Aledo Independent School District, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, operating and regulatory conditions affecting the entity, and operational plans and strategies that may affect the risks of material missstatement. None of the matters discussed resulted in a condition to our retention and Aledo Indpendent School District's auditors.

## **New Accounting Pronouncements**

Significant new accounting standards issued by the Governmental Accounting Standards Board (GASB) not yet implemented by the entity include the following:

GASB Statement No. 103, *Financial Reporting Model Improvements* – The objective of this Statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. This Statement also addresses certain application issues. This Statement will become effective for reporting periods beginning after June 15, 2025, and the impact has not yet been determined.

GASB Statement No. 104, *Disclosure of Certain Capital Assets* – This statement requires certain types of capital assets to be disclosed separately in the capital assets note disclosures. Lease assets recognized in accordance with Statement No. 87, *Leases*, and intangible right-to-use assets recognized in accordance with Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, should be disclosed separately by major class of underlying asset in the capital assets note disclosures. Subscription assets recognized in accordance with Statement No. 96, *Subscription-Based Information Technology Arrangements*, also should be separately disclosed. In addition, this statement requires intangible assets other than those three types to be disclosed separately by major class.

This statement also requires additional disclosures for capital assets held for sale. A capital asset is a capital asset held for sale if (a) the government has decided to pursue the sale of the capital asset and (b) it is probable that the sale will be finalized within one year of the financial statement date. Governments should consider relevant factors to evaluate the likelihood of the capital asset being sold within the established time frame. This Statement requires that capital assets held for sale be evaluated each reporting period. Governments should disclose (1) the ending balance of capital assets held for sale, with separate disclosure for historical cost and accumulated depreciation by major class of asset, and (2) the carrying amount of debt for which the capital assets held for sale are pledged as collateral for each major class of asset.

## **Other Information Included in the Annual Report**

Pursuant to professional standards, our responsibility as auditors for other information, whether financial or nonfinancial, included in the District's Annual Financial Report, does not extend beyond the information identified in the audit report, and we are not required to perform any procedures to corroborate such other information. However, in accordance with such standards, we have read the other information and considered whether a material inconsistency exists between the other information and the financial statements, or if the other information otherwise appears to be materially misstated.

Our responsibility also includes communicating to you any information which we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

**Restriction on Use**

This report is intended solely for the information and use of the Board of Trustees and management of Aledo Independent School District and is not intended to be and should not be used by anyone other than these specified parties.
