

NEW POLICY - VOL. 26, NO. 1

**NONDISCRIMINATION BASED ON GENETIC INFORMATION
OF THE EMPLOYEE**

The Board of Education prohibits discrimination on the basis of genetic information in all aspects of employment, including hiring, firing, compensation, job assignments, promotions, layoffs, training, fringe benefits, or any other terms, conditions, or privileges of employment. The Board also does not limit, segregate, or classify employees in any way that would deprive or tend to deprive them of employment opportunities or otherwise adversely affect the status of an employee as an employee, based on genetic information. Harassment of a person because of his/her genetic information is also prohibited. Likewise, retaliation against an applicant or employee for engaging in protected activity is prohibited.

In accordance with the Genetic Information Act (GINA), the Board shall not request, require or purchase genetic information of employees, their family members or applicants for employment. Further, in compliance with this Act, employees are directed not to provide any genetic information, including the individual's family medical history, in response to necessary requests for medical information, with the exception that family medical history may be acquired as part of the certification process for FMLA leave, when an employee is asking for leave to care for an immediate family member with a serious health condition. Applicants for employment are directed not to provide any genetic information, including the individual's family medical history, in response to requests for medical information as part of the District's application process.

[] ~~The District recognizes that genetic information may be acquired through commercially and publicly available documents like newspapers, books, magazines, periodicals, television shows or the Internet. The District prohibits, however, its employees from searching such sources with the intent of finding or obtaining genetic information, or accessing sources from which they are likely to acquire genetic information.~~

"Genetic information," as defined by GINA, means information about: (a) an individual's genetic tests; (b) the genetic tests of that individual's family members; (c) the manifestation of disease or disorder in family members of the individual (i.e., family medical history); (d) an individual's request for, or receipt of, genetic services, or the participation in clinical research that includes genetic services by the individual or a family member of the individual; or (e) the genetic information of a fetus carried by an individual or a pregnant woman who is a family member of the individual and the genetic information of an embryo legally held by an individual or family member using assistive reproductive technology.

If the District either legally and/or inadvertently receives genetic information about an employee or applicant for employment from the employee, applicant for employment or a medical provider it shall be treated as a confidential medical record in accordance with law.

The Superintendent shall appoint a compliance officer who shall be responsible for overseeing the District's compliance with Federal regulations and promptly dealing with any inquiries or complaints. S/He shall also verify that proper notice of nondiscrimination for Title II of the Genetic Information Nondiscrimination Act of 2008 is provided to staff members, and that all District requests for health-related information (e.g., to support an employee's request for reasonable accommodation under the ADA or a request for sick leave) is accompanied by a written warning that directs the employee or health care provider not to collect or provide genetic information. The warning shall read as follows:

The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits employers and other entities covered by GINA Title II, including the Board of Education, from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by law. To comply with this law, do not provide any genetic information when responding to this request for medical information (unless the request pertains to a request for FMLA leave for purposes of caring for an immediate family member with a serious health condition). "Genetic information," as defined by GINA, includes an individual's family medical history, the results of an individual's or family member's genetic test, the fact that an individual or an individual's family member sought or received genetic services or participated in clinical research that includes genetic services, and genetic information of a fetus carried by an individual or an individual's family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services.

- [] ~~The District offers health services, () including a wellness program. Participation in the services/program is voluntary. Genetic information (such as family medical history) may be obtained as part of an individual's participation in the service/program. If that occurs, individual genetic information may be provided to the individual receiving the services and to his/her health services providers, but only genetic information in aggregate form will be provided to the Board.~~

NON-RENEWAL OF ADMINISTRATIVE CONTRACTS

If the Board of Education determines not to renew the contract of an administrator, it shall:

- A. notify the administrator in writing at least thirty (30) days prior to the date the Board will take action on non-renewal of its intent to non-renew, the reasons for non-renewal, and the right to meet with the Board, in open or closed session, to discuss the reasons prior to non-renewal.
- B. At least sixty (60) days prior to the termination date of the contract:
 1. vote on non-renewal at an open session;
 2. provide written notice of the non-renewal to the administrator.

The reasons for the non-renewal shall not be arbitrary or capricious.

NEW POLICY - VOL. 26, NO. 1

PHYSICAL EXAMINATION

The Board of Education or Superintendent reserves the right to require any employee or candidate, after a conditional offer of employment, to submit to an examination in order to determine the physical and/or mental capacity to perform assigned duties. Such examinations shall be done in accordance with the Superintendent's guidelines and/or the terms of the negotiated, collectively-bargained agreements.

All such requests for examination shall include the following notice to the examiner:

"The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits employers and other entities covered by GINA Title II from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. To comply with this law, do not provide any genetic information when responding to this request for medical information. 'Genetic information' as defined by GINA, includes an individual's family medical history, the results of an individual's or family member's genetic tests, the fact that an individual or an individual's family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual's family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services."

Reports of all such examinations or evaluations shall be delivered to the Superintendent, who shall protect their confidentiality. Reports will be discussed with the employee or candidate. Any and all reports of such examination will be maintained in a separate confidential personnel file in accordance with the Americans with Disabilities Act, as amended ("ADA") and the Genetic Information Nondiscrimination Act (GINA).

In the event of a report of a condition that could influence job performance, the Superintendent shall base a nonemployment recommendation to the Board upon a conference with a physician and substantiation that the condition is directly correlated to defined job responsibilities and reasonable accommodation will not allow the employee or prospective employee to adequately fulfill those responsibilities.

NEW POLICY - VOL. 26, NO. 1

UNREQUESTED LEAVES OF ABSENCE/FITNESS FOR DUTY

It is the policy of the Board of Education to protect students and employees from professional staff members who are unable to perform essential job functions with or without accommodation.

The Board may place a professional staff member on unrequested leave of absence when the staff member is unable to perform assigned duties in conformance with statute and the negotiated, collectively-bargained agreement with or without accommodation.

If the Superintendent believes the staff member is unable to perform essential job functions, the professional staff member will be offered the opportunity for a meeting to discuss these issues.

If a professional staff member refuses to attend the meeting, the Board may order the professional staff member to submit to an appropriate examination by:

a physician designated and compensated by the Board;

~~a physician or institution of the professional staff member's choice;~~

~~provided such physician or institution has been approved by the Board;~~

~~or both.~~

Where the physician designated by the Board disagrees with ~~the~~ a physician designated by the professional staff member, the two (2) physicians shall agree in good faith on a third impartial physician who shall examine the professional staff member and whose medical opinion shall be conclusive and binding on the issue of ability to perform assigned duties with or without accommodation. The expenses of a third examination shall be borne by the Board.

All such requests for examination shall include the following notice to the examiner:

"The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits employers and other entities covered by GINA Title II from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. To comply with this law, do not provide any genetic information when responding to this request for medical information. 'Genetic information' as defined by GINA, includes an individual's family medical history, the results of an individual's or family member's genetic tests, the fact that an individual or an individual's family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual's family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services.

If, as a result of such examination, the professional staff member is found to be unable to perform assigned duties with or without accommodation, the professional staff member may be placed on leave of absence for a reasonable time to heal or until the staff member is able to perform the essential job function, but only for a period not to exceed one (1) year.

Should a professional staff member refuse to submit to the examination requested by the Board and the professional staff member has exercised his/her rights under the provisions hereinabove set forth, such refusal shall subject the professional staff member to disciplinary action.

NEW POLICY - VOL. 26, NO. 1

**SECTION 504/ADA
PROHIBITION AGAINST DISABILITY DISCRIMINATION IN EMPLOYMENT**

The Board of Education prohibits discrimination against any employee or applicant based upon his/her disability. As such, the Board will not engage in employment practices or adopt policies that discriminate on the basis of disability, or otherwise discriminate against qualified individuals with disabilities in regard to job application procedures, the hiring, advancement or discharge of employees, employee compensation, job training, or other terms, conditions and privileges of employment. The Board further will not limit, segregate or classify applicants or employees in any way that adversely affects their opportunities or status because of disability. Additionally, the Board will not participate in any contractual or other relationships that have the effect of subjecting qualified individuals with disabilities who are applicants or employees to discrimination on the basis of disability.

"An individual with a disability" means a person who has, had a record of, or is regarded as having, a physical or mental impairment that substantially limits one or more major life activities. Major life activities are functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, eating, sleeping, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, sitting, reaching, interacting with others, and working.

Major life activities also include the operation of a major bodily function, including, but not limited to, functions of the immune system, special sense organs and skin, normal cell growth, and digestive, genitourinary, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, hemic, lymphatic, musculoskeletal and reproductive functions. The operation of a major bodily function includes the operation of an individual organ within a body system.

An impairment that is episodic in nature or in remission is considered a disability if it would substantially limit a major life activity when active.

The determination of whether an impairment substantially limits a major life activity must be made without regard to the ameliorative effects of mitigating measures such as medication, medical supplies, equipment or appliances, low-vision devices (defined as devices that magnify, enhance, or otherwise augment a visual image, but not including ordinary eyeglasses or contact lenses), prosthetics (including limbs and devices), hearing aid(s) and cochlear implant(s) or other implantable hearing devices, mobility devices, oxygen therapy equipment or supplies, use of assistive technology, reasonable accommodations or "auxiliary aides or services," learned behavioral or adaptive neurological modifications, psychotherapy, behavioral therapy, or physical therapy.

A qualified person with a disability means the individual satisfies the requisite skill, experience, education and other job-related requirements of the employment position such individual holds or desires and, with or without reasonable accommodation, can perform the essential functions of the job in question.

The Board will provide a reasonable accommodation to a qualified individual who has an actual disability or who has a record of a disability, unless the accommodation would impose an undue hardship on the operation of the District's program and/or activities. A reasonable accommodation is not necessarily required for an individual who is merely regarded as having a disability.

the Americans with Disabilities Act, as amended ("ADA"). A copy of Section 504 and the ADA, including copies of their implementing regulations, may be obtained from the District Compliance Officer.

The District Compliance Officer(s) will oversee the investigation of any complaints of discrimination based on disability, which may be filed pursuant to the Board's adopted internal complaint procedure, and will attempt to resolve such complaints. The Board will provide for the prompt and equitable resolution of complaints alleging violations of Section 504/ADA.

Training

The District Compliance Officer(s) will also oversee the training of employees in the District so that all employees understand their rights and responsibilities under Section 504 and the ADA, and are informed of the Board's policies, administrative guidelines and practices with respect to fully implementing and complying with the requirements of Section 504/ADA.

The Board will provide in-service training and consultation to staff responsible for the education of persons with disabilities, as necessary and appropriate.

Facilities

No qualified person with a disability will, because the District's facilities are inaccessible to or unusable by persons with disabilities, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity to which Section 504/ADA applies.

For facilities constructed or altered after June 3, 1977, the District will comply with applicable accessibility standards. For those existing facilities constructed prior to June 3, 1977, the District is committed to operating its programs and activities so that they are readily accessible to persons with disabilities.

Notice

Notice of the Board's policy on nondiscrimination in employment practices and the identity of the District's Compliance Officer(s) will be posted throughout the District, and published in the District's recruitment statements or general information publications.

SECTION 504/ADA
PROHIBITION AGAINST DISCRIMINATION BASED ON DISABILITY

Pursuant to Section 504 of the Rehabilitation Act of 1973 (“Section 504”), ~~and the Americans with Disabilities Act of 1990, as amended (“ADA”) and the its~~ implementing regulations (collectively “Section 504/ADA”), no otherwise qualified individual with a disability shall, solely by reason of his/her disability, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance. The Board of Education does not discriminate in admission or access to, or participation in, or treatment, ~~or employment in,~~ in its programs or activities. As such, the Board's policies and practices will not discriminate against ~~employees and~~ students with disabilities, ~~will provide equal opportunity for employment,~~ and will make accessible to qualified individuals with disabilities its facilities, programs, and activities. No discrimination will be knowingly permitted against any individual with a disability on the sole basis of that disability in any of the programs, activities, policies, and/or practices in the District.

~~As used in this policy and the implementing administrative guidelines, “an~~ An individual with a disability” means a person who has, had a record of, or is regarded as having, a physical or mental impairment that substantially limits one or more major life activities. Major life activities are functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, eating, sleeping, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working.

Major life activities also include the operation of a major bodily function, including, but not limited to, functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions.

An impairment that is episodic in nature or in remission is considered a disability if it would substantially limit a major life activity when active.

The determination of whether an impairment substantially limits a major life activity must be made without regard to the ameliorative effects of mitigating measures such as medication, medical supplies, equipment or appliances, low-vision devices (not including ordinary eyeglasses or contact lenses), prosthetics (including limbs and devices), hearing aids and cochlear implants or other implantable hearing devices, mobility devices, oxygen therapy equipment or supplies, assistive technology, reasonable accommodations or auxiliary aids or services, or learned behavioral or adaptive neurological modifications.

~~With respect to employment, a qualified person with a disability means a disabled person who, with reasonable accommodation, can perform the essential functions of the job in question.~~

With respect to public preschool, elementary and secondary educational services, a qualified person with a disability means a disabled person:

- A. who is of an age during which nondisabled persons are provided educational services;
- B. who is of any age during which it is mandatory under Michigan law to provide educational services to disabled persons; or
- C. to whom the State is required to provide a free appropriate public education pursuant to the Individuals with Disabilities Education Improvement Act (IDEIA).

With respect to vocational education services, a qualified person with a disability means a disabled person who meets the academic and technical standards requisite to admission or participation in the vocational program or activity.

~~The Superintendent is the District Section 504 Compliance Officer/ADA Coordinator ("District Compliance Officer(s)"). The District Compliance Officer is responsible for coordinating the District's efforts to comply with and fulfill its responsibilities under Section 504 and Title II of the Americans with Disabilities Act ("ADA"). The District Compliance Officer will oversee the investigation of any complaints of discrimination based on disability, which may be filed pursuant to the Board's adopted internal complaint procedure, and will attempt to resolve such complaints.

The Board will provide for the prompt and equitable resolution of complaints alleging violations of Section 504/ADA. The Board will further establish and implement a system of procedural safeguards in accordance with Section 504, including the right to an impartial due process hearing.

Training

The District Compliance Officer will also oversee the training of employees in the District so that all employees understand their rights and responsibilities under Section 504 and the ADA, and are informed of the Board's policies, administrative guidelines and practices with respect to fully implementing and complying with the requirements of Section 504/ADA.

The Board will provide in-service training and consultation to staff responsible for the education of persons with disabilities, as necessary and appropriate.

~~Discrimination Prohibited~~

~~In accordance with Section 504/ADA, no qualified individual with a disability shall, on the basis of disability, be subjected to discrimination in employment under any of the District's programs or activities. Further, the Board will take positive steps to employ and advance in employment qualified individuals with disabilities. The Board will not limit, segregate or classify applicants or employees in any way that adversely affects their opportunities or status because of disability. Additionally, the Board will not participate in any contractual or other relationships that have the effect of subjecting qualified individuals with disabilities who are applicants or employees to discrimination on the basis of disability.~~

~~Reasonable Accommodation~~

~~The Board will provide reasonable accommodation to the known physical or mental limitations of an otherwise qualified individual with a disability who is an applicant or employee, unless the accommodation would impose an undue hardship on the operation of the District's program and/or activities.~~

Facilities

No qualified person with a disability will, because the District's facilities are inaccessible to or unusable by persons with disabilities, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity to which Section 504/ADA applies.

For facilities constructed or altered after June 3, 1977, the District will comply with applicable accessibility standards. For those existing facilities constructed prior to June 3, 1977, the District is committed to operating its programs and activities so that they are readily accessible to persons with disabilities. This includes, but is not limited to, providing accommodations to parents with disabilities who desire access to their child's educational program or meetings pertinent thereto. Programs and activities will be designed and scheduled so that the location and nature of the facility or area will not deny a student with a disability the opportunity to participate on the same basis as students without disabilities. ~~The District will meet its obligations through such means as redesign of equipment, reassignment of classes or other services to accessible buildings, assignment of aides to beneficiaries, alteration of existing facilities and/or construction of new facilities, or any other method that results in making its programs and activities accessible to persons with disabilities. In choosing among available methods for meeting its obligations, the District will give priority to those methods that serve persons with disabilities in the most integrated setting appropriate.~~

Education

The Board is committed to identifying, evaluating, and providing a free appropriate public education (FAPE) to students within its jurisdiction who are disabled within the definition of Section 504, regardless of the nature or severity of their disabilities.

If a student has a physical or mental impairment that significantly limits one or more major life activities, the Board will provide the student with a free appropriate public education. An appropriate education, may include regular or special education and related aids and services to accommodate the unique needs of students with disabilities. For disabled students who are not eligible for specially designed instruction under the IDEIA, the related aids and services (including accommodations/modifications/interventions) they need in order to have their needs met as adequately as the needs of nondisabled students are met, shall be delineated, along with their placement, in a Section 504 Plan (Form 2260.01A F13). Parents/guardians/custodians ("parents") are invited and encouraged to participate fully in the evaluation process and development of a Section 504 Plan.

Parent(s)/guardian(s)/custodian(s) ("parents") are invited and encouraged to participate fully in the evaluation process. If the parents disagree with the determination made by the District's professional staff, they may file an internal complaint, request a hearing with an impartial hearing officer, or file a complaint with the Office for Civil Rights.

The Board is committed to educating (or providing for the education of) each qualified person with a disability who resides within the District with persons who are not disabled to the maximum extent appropriate. Generally, the District will place a person with a disability in the regular educational environment unless it is demonstrated that the education of the person in the regular environment, even with the use of supplementary aids and services cannot be achieved satisfactorily. If the District places a person in a setting other than the regular educational environment, it shall take into account the proximity of the alternate setting to the person's home.

The District will provide non-academic extracurricular services and activities in such a manner as is necessary to afford qualified persons with disabilities an equal opportunity for participation in such services and activities. Nonacademic and extracurricular services and activities may include counseling services, physical recreational athletics, transportation, health services, recreational activities, special interests groups or clubs sponsored by the District, referrals to agencies that provide assistance to persons with disabilities, and employment of students. In providing or arranging for the provision of meals and recess periods, and nonacademic and extracurricular services and activities, including those listed above, the District will verify that persons with disabilities participate with persons without disabilities in such services and activities to the maximum extent appropriate.

Notice

Notice of the Board's policy on nondiscrimination in employment and education practices and the identity of the District's Compliance Officer(s) will be posted throughout the District, and published in the District's recruitment statements or general information publications.

~~The Board directs the Superintendent to prepare administrative guidelines for facilitating the prompt, fair and appropriate identification, referral, evaluation and placement of students with disabilities in accordance with Section 504.~~

~~The Board will provide in service training and consultation to staff on the education of persons with disabilities, as necessary and appropriate.~~

~~The Board will provide for the prompt and equitable resolution of complaints alleging violations of Section 504/ADA. The Board will further establish and implement a system of procedural safeguards in accordance with Section 504 including the right to an impartial due process hearing.~~

3122.02 - NONDISCRIMINATION BASED ON GENETIC INFORMATION OF THE EMPLOYEE

~~The Board of Education does not discriminate against any employee or applicant for employment with respect to hiring, compensation, terms, conditions, or privileges of employment based on genetic information. The Board also does not limit, segregate, or classify employees in any way that would deprive or tend to deprive them of employment opportunities or otherwise adversely affect the status of an employee as an employee, based on genetic information. Retaliation against an applicant or employee for engaging in protected activity is prohibited.~~

~~The Board shall only acquire and/or disclose genetic information of an employee or applicant for employment as provided by Federal law and regulation.~~

~~The Superintendent shall appoint a compliance officer whose responsibility it will be to ensure that Federal regulations are complied with and that any inquires or complaints are dealt with promptly in accordance with law. S/He shall also ensure that proper notice of nondiscrimination for Title II of the Genetic Information Nondiscrimination Act of 2008 is provided to staff members.~~

The Board of Education prohibits discrimination on the basis of genetic information in all aspects of employment, including hiring, firing, compensation, job assignments, promotions, layoffs, training, fringe benefits, or any other terms, conditions, or privileges of employment. The Board also does not limit, segregate, or classify employees in any way that would deprive or tend to deprive them of employment opportunities or otherwise adversely affect the status of an employee as an employee, based on genetic information. Harassment of a person because of his/her genetic information is also prohibited. Likewise, retaliation against an applicant or employee for engaging in protected activity is prohibited.

In accordance with the Genetic Information Act (GINA), the Board shall not request, require or purchase genetic information of employees, their family members or applicants for employment. Further, in compliance with this Act, employees are directed not to provide any genetic information, including the individual's family medical history, in response to necessary requests for medical information, with the exception that family medical history may be acquired as part of the certification process for FMLA leave, when an employee is asking for leave to care for an immediate family member with a serious health condition. Applicants for employment are directed not to provide any genetic information, including the individual's family medical history, in response to requests for medical information as part of the District's application process.

"Genetic information," as defined by GINA, means information about: (a) an individual's genetic tests; (b) the genetic tests of that individual's family members; (c) the manifestation of disease or disorder in family members of the individual (i.e., family medical history); (d) an individual's request for, or receipt of, genetic services, or the participation in clinical research that includes genetic services by the individual or a family member of the individual; or (e) the genetic information of a fetus carried by an individual or a pregnant woman who is a family member of the individual and the genetic information of an embryo legally held by an individual or family member using assistive reproductive technology.

If the District either legally and/or inadvertently receives genetic information about an employee or applicant for employment from the employee, applicant for employment or a medical provider it shall be treated as a confidential medical record in accordance with law.

The Superintendent shall appoint a compliance officer who shall be responsible for overseeing the District's compliance with Federal regulations and promptly dealing with any inquiries or complaints. S/He shall also verify that proper notice of nondiscrimination for Title II of the Genetic Information Nondiscrimination Act of 2008 is provided to staff members, and that all District requests for health-related information (e.g., to support an employee's request for reasonable accommodation under the ADA or a request for sick leave) is accompanied by a written warning that directs the employee or health care provider not to collect or provide genetic information. The warning shall read as follows:

The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits employers and other entities covered by GINA Title II, including the Board of Education, from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by law. To comply with this law, do not provide any genetic information when responding to this request for medical information (unless the request pertains to a request for FMLA leave for purposes of caring for an immediate family member with a serious health condition). "Genetic information," as defined by GINA, includes an individual's family medical history, the results of an individual's or family member's genetic test, the fact that an individual or an individual's family member sought or received genetic services or participated in clinical research that includes genetic services, and genetic information of a fetus carried by an individual or an individual's family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services.

The operation of a major bodily function includes the operation of an individual organ within a body system.

An impairment that is episodic in nature or in remission is considered a disability if it would substantially limit a major life activity when active.

The determination of whether an impairment substantially limits a major life activity must be made without regard to the ameliorative effects of mitigating measures such as medication, medical supplies, equipment or appliances, low-vision devices (defined as devices that magnify, enhance, or otherwise augment a visual image, but not including ordinary eyeglasses or contact lenses), prosthetics (including limbs and devices), hearing aid(s) and cochlear implant(s) or other implantable hearing devices, mobility devices, oxygen therapy equipment or supplies, use of assistive technology, reasonable accommodations or "auxiliary aides or services," learned behavioral or adaptive neurological modifications, psychotherapy, behavioral therapy, or physical therapy.

A qualified person with a disability means the individual satisfies the requisite skill, experience, education and other job-related requirements of the employment position such individual holds or desires and, with or without reasonable accommodation, can perform the essential functions of the job in question.

The Board will provide a reasonable accommodation to a qualified individual who has an actual disability or who has a record of a disability, unless the accommodation would impose an undue hardship on the operation of the District's program and/or activities. A reasonable accommodation is not necessarily required for an individual who is merely regarded as having a disability.

The District Compliance Officer~~(s)~~ ~~[is]~~ ~~[are]~~ responsible for coordinating the District's efforts to comply with and fulfill its responsibilities under Section 504 and Title II of the Americans with Disabilities Act, as amended ("ADA"). A copy of Section 504 and the ADA, including copies of their implementing regulations, may be obtained from the District Compliance Officer.

The District Compliance Officer(s) will oversee the investigation of any complaints of discrimination based on disability, which may be filed pursuant to the Board's adopted internal complaint procedure, and will attempt to resolve such complaints. The Board will provide for the prompt and equitable resolution of complaints alleging violations of Section 504/ADA.

Training

The District Compliance Officer(s) will also oversee the training of employees in the District so that all employees understand their rights and responsibilities under Section 504 and the ADA, and are informed of the Board's policies, administrative guidelines and practices with respect to fully implementing and complying with the requirements of Section 504/ADA.

The Board will provide in-service training and consultation to staff responsible for the education of persons with disabilities, as necessary and appropriate.

Facilities

No qualified person with a disability will, because the District's facilities are inaccessible to or unusable by persons with disabilities, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity to which Section 504/ADA applies.

For facilities constructed or altered after June 3, 1977, the District will comply with applicable accessibility standards. For those existing facilities constructed prior to June 3, 1977, the District is committed to operating its programs and activities so that they are readily accessible to persons with disabilities.

Notice

Notice of the Board's policy on nondiscrimination in employment practices and the identity of the District's Compliance Officer(s) will be posted throughout the District, and published in the District's recruitment statements or general information publications.

REPLACEMENT POLICY - VOL. 26, NO. 1

STAFF REDUCTIONS/RECALLS

It is the policy of this Board that all personnel decisions shall be based on retaining effective teachers in situations involving a staffing or program reduction or any other personnel decision resulting in the elimination of a position, as well as for hiring after such reductions/position eliminations or recall to vacant positions. Length of service or tenure status may only be considered by the administration when all other factors, as listed below, are considered equal amongst the potentially affected teachers.

The effectiveness of teachers shall be measured in accordance with the District's performance evaluation system developed under Section 1249 of the School Code, and the personnel decisions shall be based on the following factors:

- A. Individual performance shall be the majority factor in making the decision, and shall consist of but is not limited to all of the following:
 1. Evidence of student growth, which shall be the predominant factor in assessing an employee's individual performance.
 2. The teacher's demonstrated pedagogical skills, including at least a special determination concerning the teacher's knowledge of his or her subject area and the ability to impart that knowledge through planning, delivering rigorous content, checking for and building higher-level understanding, differentiating, and managing a classroom; and consistent preparation to maximize instructional time.
 3. The teacher's management of the classroom, manner and efficacy of disciplining students, rapport with parents and other teachers, and ability to withstand the strain of teaching.
 4. The teacher's attendance and disciplinary record, if any.

- B. Significant, relevant accomplishments and contributions. This factor shall be based on whether the individual contributes to the overall performance of the school by making clear, significant, relevant contributions above the normal expectations for an individual in his or her peer group and having demonstrated a record of exceptional performance.
- C. Relevant special training. This factor shall be based on completion of relevant training other than the professional development or continuing education that is required by the employer or by state law, and integration of that training into instruction in a meaningful way.

PHYSICAL EXAMINATION

The Board of Education or Superintendent reserves the right to require any employee or candidate, after a conditional offer of employment, to submit to an examination in order to determine the physical and/or mental capacity to perform assigned duties. Such examinations shall be done in accordance with the Superintendent's guidelines and/or the terms of the negotiated, collectively-bargained agreements.

All such requests for examination shall include the following notice to the examiner:

"The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits employers and other entities covered by GINA Title II from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. To comply with this law, do not provide any genetic information when responding to this request for medical information. 'Genetic information' as defined by GINA, includes an individual's family medical history, the results of an individual's or family member's genetic tests, the fact that an individual or an individual's family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual's family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services."

Reports of all such examinations or evaluations shall be delivered to the Superintendent, who shall protect their confidentiality. Reports will be discussed with the employee or candidate. Any and all reports of such examination will be maintained in a separate confidential personnel file in accordance with the Americans with Disabilities Act, as amended ("ADA") and the Genetic Information Nondiscrimination Act (GINA). ~~In the event of a report of a condition that could influence job performance, the Superintendent shall base a nonemployment recommendation to the Board upon a conference with a physician and substantiation that the condition is directly correlated to defined job responsibilities and reasonable accommodation will not allow the employee or prospective employee to adequately fulfill those responsibilities.~~

In the event of a report of a condition that could influence job performance, the Superintendent shall base a nonemployment recommendation to the Board upon a conference with a physician and substantiation that the condition is directly correlated to defined job responsibilities and reasonable accommodation will not allow the employee or prospective employee to adequately fulfill those responsibilities.

3161 - UNREQUESTED LEAVES OF ABSENCE/FITNESS FOR DUTY

It is the policy of the Board of Education to protect the students of this District from the influence of unwell professional staff members.

The Board reserves the right to place a professional staff member on unrequested leave of absence for physical or mental inability to perform assigned duties.

In the case of a professional staff member who, in the opinion of the Superintendent, is unable to function properly in this District by reason of physical or mental condition, the professional staff member will be offered the opportunity for a hearing which shall be conducted in accordance with the Teacher Tenure Act or law governing termination hearings, whichever is applicable.

If a professional staff member fails to comply with the Superintendent's recommendation or fails to request an appearance before the Board within the time allowed, the Board may order the professional staff member to submit to an appropriate examination by a physician designated and compensated by the Board.

Where the physician designated by the Board disagrees with a physician designated by the professional staff member, the two (2) physicians shall agree in good faith on a third impartial physician who shall examine the professional staff member and whose medical opinion shall be conclusive and binding on the issue of ability to perform assigned duties with or without accommodation. The expenses of a third examination shall be borne by the Board.

All such requests for examination shall include the following notice to the examiner:

"The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits employers and other entities covered by GINA Title II from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. To comply with this law, do not provide any genetic information when responding to this request for medical information. If, as a result of such examination, the professional staff member is found to be unable to perform assigned duties, the professional staff member shall be placed on leave of absence until proof of recovery, satisfactory to the Board, is furnished or for a period not to exceed one (1) year.

Should a professional staff member refuse to submit to the examination requested by the Board and the professional staff member has exercised his/her rights under the provisions hereinabove set forth, such refusal shall subject the professional staff member to disciplinary action. The action may include the institution of procedures for the termination of contract.

NEW POLICY - VOL. 26, NO. 1

SECTION 504/ADA
PROHIBITION AGAINST DISABILITY DISCRIMINATION IN EMPLOYMENT

The Board of Education prohibits discrimination against any employee or applicant based upon his/her disability. As such, the Board will not engage in employment practices or adopt policies that discriminate on the basis of disability, or otherwise discriminate against qualified individuals with disabilities in regard to job application procedures, the hiring, advancement or discharge of employees, employee compensation, job training, or other terms, conditions and privileges of employment. The Board further will not limit, segregate or classify applicants or employees in any way that adversely affects their opportunities or status because of disability. Additionally, the Board will not participate in any contractual or other relationships that have the effect of subjecting qualified individuals with disabilities who are applicants or employees to discrimination on the basis of disability.

"An individual with a disability" means a person who has, had a record of, or is regarded as having, a physical or mental impairment that substantially limits one or more major life activities. Major life activities are functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, eating, sleeping, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, sitting, reaching, interacting with others, and working.

Major life activities also include the operation of a major bodily function, including, but not limited to, functions of the immune system, special sense organs and skin, normal cell growth, and digestive, genitourinary, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, hemic, lymphatic, musculoskeletal and reproductive functions. The operation of a major bodily function includes the operation of an individual organ within a body system.

An impairment that is episodic in nature or in remission is considered a disability if it would substantially limit a major life activity when active.

The determination of whether an impairment substantially limits a major life activity must be made without regard to the ameliorative effects of mitigating measures such as medication, medical supplies, equipment or appliances, low-vision devices (defined as devices that magnify, enhance, or otherwise augment a visual image, but not including ordinary eyeglasses or contact lenses), prosthetics (including limbs and devices), hearing aid(s) and cochlear implant(s) or other implantable hearing devices, mobility devices, oxygen therapy equipment or supplies, use of assistive technology, reasonable accommodations or "auxiliary aides or services," learned behavioral or adaptive neurological modifications, psychotherapy, behavioral therapy, or physical therapy.

A qualified person with a disability means the individual satisfies the requisite skill, experience, education and other job-related requirements of the employment position such individual holds or desires and, with or without reasonable accommodation, can perform the essential functions of the job in question.

The Board will provide a reasonable accommodation to a qualified individual who has an actual disability or who has a record of a disability, unless the accommodation would impose an undue hardship on the operation of the District's program and/or activities. A reasonable accommodation is not necessarily required for an individual who is merely regarded as having a disability.

4160 - PHYSICAL EXAMINATION

The Board of Education or Superintendent reserves the right to require any employee or candidate to submit to an examination in order to determine the physical and/or mental capacity to perform assigned duties. Such examinations shall be done in accordance with the Superintendent's guidelines and/or the terms of currently-valid negotiated agreements.

All such requests shall include the following notice to the examiner:

"The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits employers and other entities covered by GINA Title II from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. A required examination may also include a physician's survey, as permitted and defined under State law, for bus drivers with diabetes.

Examinations requested after the initial post-offer/pre-hire phase shall be based on a reasonable basis to believe that the employee has a condition which impairs his/her ability to perform the essential functions of the job. The medical results delivered to the District shall be confined to the particular condition which triggered the referral.

Reports of all such examinations or evaluations shall be delivered to the Superintendent, who shall protect their confidentiality. Reports will be discussed with the employee or candidate. UNREQUESTED LEAVES OF ABSENCE/FITNESS FOR DUTY

It is the policy of the Board of Education to protect the students of this District from the influence of unfit support staff.

The Board reserves the right to place a support employee on sick leave or suspend a support employee for physical or mental disability to perform assigned duties.

In the case of a support employee who, in the opinion of a supervisor, is unfit to work in this District by reason of physical or mental condition, the support employee will be offered the opportunity for a hearing which shall be conducted in accordance with law governing termination hearings.

If a support employee fails to overcome the Assistant Superintendent's recommendation or fails to request an appearance before the Board within the time allowed, the Board shall order the support employee to submit to an appropriate examination by a physician designated by the Board and compensated by the Board.

Where the physician designated by the Board disagrees with a physician designated by the support staff member, the two (2) physicians shall agree in good faith on a third impartial physician who shall examine the support staff member and whose medical opinion shall be conclusive and binding on the issue of ability to perform assigned duties with or without accommodation. The expenses of a third examination shall be borne by the Board.

All such requests for examination shall include the following notice to the examiner:

SEARCH AND SEIZURE

The Board of Education has charged school authorities with the responsibility of safeguarding the safety and well-being of the students in their care. In the discharge of that responsibility, school authorities may search school property such as lockers used by students or the person or property, including vehicles, of a student, in accordance with the following policy.

School Property

The Board acknowledges the need for in-school storage of student possessions and shall provide storage places, including desks and lockers, for that purpose. Where locks are provided for such places, students may lock them against incursion by other students, but in no such places shall students have an expectation of privacy as to prevent examination by a school official. The Board directs the school principals to conduct a routine inspection at least annually of all such storage places. In the course of any search, student's privacy rights will be respected regarding any items that are not illegal or against Board policy.

The Board also authorizes the use of canines, trained in detecting the presence of drugs or devices, when the Superintendent has reasonable suspicion that illegal drugs or devices may be present in a school. This means of detection shall be used only to determine the presence of drugs in locker areas and other places in the school where such substances could be concealed. Canine detection must be conducted in collaboration with law enforcement authorities or other certified organizations and is not to be used to search students unless either a warrant or parental permission has been obtained prior to the search.

Student Person and Possessions

The Board recognizes that the privacy of students or his/her belongings may not be violated by unreasonable search and seizure and directs that no student be searched without reasonable suspicion or in an unreasonable manner. The extent of the search will be governed by the seriousness of the alleged infraction, the student's age, and the student's disciplinary history.

This authorization to search shall also apply to all situations in which the student is under the jurisdiction of the Board.

Reasonable suspicion that a communication device has been used to violate District policies or administrative guidelines shall be subject to disciplinary action and may result in the communication device being confiscated.

Administrators are authorized to arrange for a breath-test instrument, according to the Superintendent's guidelines, for the purpose of determining if a student has consumed an alcoholic beverage. It is not necessary for the test to determine blood-alcohol level, since the Board has established a zero tolerance for alcohol use.

Except as provided below, a request for the search of a student or a student's possessions will be directed to the principal. S/He shall attempt to obtain the freely-offered consent of the student to the inspection; however, provided there is reasonable suspicion, s/he may conduct the search without such consent. Whenever possible, a search will be conducted by the principal in the presence of the student and a staff member other than the principal. A search prompted by the reasonable belief that health and safety are immediately threatened will be conducted with as much speed and dispatch as may be required to protect persons and property.

Search of a student's person or intimate personal belongings shall be conducted by a person of the student's gender, in the presence of another staff member of the same gender, and only in exceptional circumstances when the health or safety of the student or of others is immediately threatened.

The principal shall be responsible for the prompt recording in writing of each student search, including the reasons for the search; information received that established the need for the search and the name of informant, if any; the persons present when the search was conducted; any substances or objects found and the disposition made of them; and any subsequent action taken. The principal shall be responsible for the custody, control, and disposition of any illegal or dangerous substance or object taken from a student.

The Superintendent shall prepare administrative guidelines to implement this policy.

9160 - PUBLIC ATTENDANCE AT SCHOOL EVENTS

The Board of Education welcomes the attendance of members of the community at athletic and other public events held by the schools in the District, but the Board also acknowledges its duty to maintain order and preserve the facilities of the District during the conduct of such events.

No qualified person with a disability will, because the District's facilities are inaccessible to or unusable by persons with disabilities, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity to which Section 504/ADA applies.

For facilities constructed or altered after June 3, 1977, the District will comply with applicable accessibility standards. For those existing facilities constructed prior to June 3, 1977, the District is committed to operating its programs and activities so that they are readily accessible to persons with disabilities. This includes, but is not limited to, providing accommodations to parents with disabilities who desire access to their child's educational program or meetings pertinent thereto.

The Board holds the legal authority to bar the attendance of or remove any person whose conduct may constitute a disruption at a school event.

The Board directs that no alcoholic beverage or other controlled substances be possessed, consumed, or distributed, nor any betting occur, at any function sponsored by the District or at any function occurring on District premises.

If a student or adult is asked to leave or is removed from a school event, no admission fees shall be refunded.

Service animals used by persons requiring this type of assistance shall be permitted in all District facilities and at all school events. The person may be asked to provide evidence of the animal's certification for that purpose. Certain restrictions may be applied when necessary due to allergies, health, safety, disability other issues of those attending the event. The goal shall be to provide all attendees with the same access and participation provided to other members of the public. Confirmation of disability, need for a service animal to access/participate in the school event, and current certification/training of the service animal may be required.

The Board is aware of the increasing desire of many parents and other members of an audience to make audion and/or video recordings of school events.

Such recordings can be made by parents or other members of the audience without restriction if the performance is not of copyrighted material. However, if the performance is of copyrighted material, recording can be made if the appropriate license authorizing such recordings has been secured in advance by the District. If the performance is of copyrighted material and the necessary license has not been secured in advance by the District, the audience shall be advised before the performance begins

that audio and/or video recordings that will be re-broadcast or distributed in any way, such as posting on the internet, are prohibited.

The Board authorizes the Superintendent to establish rules and procedures governing the use of nondistrict audio/visual recording equipment at any District-sponsored event or activity. Such rules are to be distributed in such a manner that members of the audience who wish to record the event are aware of the rules early enough to make proper arrangements to obtain their recordings without causing delay or disruption to an activity.

Any person or organization seeking to film students or a school activity which is not a public event shall obtain prior permission from the Superintendent.
