

All HS Fall Sport athletes have had team meetings on Tuesday Sept. 2 over the extracurricular handbook. All athletes have signed and returned the acknowledgement agreement forms. We will meet again as a staff this spring to further discuss any revisions/changes.

XC

The Brackett cross country teams have been hard at work since late summer, putting in the miles and showing steady improvement with each race.

The high school runners have already competed in two challenging meets this season—the *Run the Divide* race in Eldorado and the Richard Gallegos Run in Crystal City. With each outing, their times continue to drop as they prepare for the all-important district meet in October.

Meanwhile, the junior high Cub runners recently completed their first meet of the season in Crystal City. They gained valuable race experience and look forward to lowering their times at upcoming competitions.

Both the high school and junior high teams will lace up next in Del Rio, where they'll continue working toward stronger performances and a successful season.

Football

The Tiger Football team opened up their season with a loss on the road against a tough 3A Comfort team. We will look to rebound on the road again with another tough 3A opponent in the Cotulla Cowboys.

We were fortunate to add a JV game that same week against Cotullas freshman team, which will give our younger athletes an opportunity to get 4 quarters of action.

Our JH football team has been working hard preparing for their upcoming season but unfortunately do not have a game until September 25 due to Uvaldes lack of participation numbers this season. Coach Yeager is scrambling to find them an opponent to replace the two Uvalde games.

Volleyball

Tigerette Volleyball Report – September 11, 2025

Varsity

The Tigerettes had a busy start to the season. They defeated Comstock on the road in five sets, then fell to Center Point at home in three. At the Leahey Tournament, they placed 1st in the

Bronze Bracket, with seniors Angelina Waddell and Trinity Denman earning All-Tournament honors.

Back at home, they lost to Del Rio JV in two sets but bounced back with a four-set win over Comstock. At the Sonora Tournament, the girls faced tough competition and experimented with different rotations. While it wasn't their strongest showing, the team showed growth and potential.

The Tigerettes have 22 players this season. With continued teamwork and focus, they could be unstoppable. District play kicks off at home against Sabinal on September 23rd.

Junior Varsity

JV has made big improvements from talking to get the ball and attacking the ball from back and front row. The team has been working hard to learn, grow and have flexibility to learn the sport. They take responsibility and hold themselves and each other accountable.

They placed 2nd at the Leahey Tournament. They have defeated Comstock, Leahey, Charlotte and Iraan.

Junior High

A total of 28 girls are playing junior high volleyball this year. They opened their season in La Pryor, where the White team earned a victory, while the Black team lost in two sets and the Gold team fell in three. With limited practice before their first matches, the teams showed promise, and the season looks bright.
