20th April 2021

To Whom it May Concern,

I am writing this letter to formally give my resignation from Browning Public School District. This decision comes with great remorse but it is my duty to be honest and forthright. This year my son was diagnosed with a brain tumor and it has changed my life outside of work in tremendous ways. I have found that it is now extremely difficult to balance my work and personal life. I realize that in order to fully dedicate myself to my son's care and needs I must take a break from working full time.

I have enjoyed being a teacher at Browning Public Schools for the past three years and would love a chance to be back on the team someday. My hope is that in the near future my son's health will get to a place of good standing and I will be able to return to work. I am very blessed with the opportunities I have been given as a teacher in our district, and the relationships I have built with my students, their families, and my colleagues. I will greatly miss my job as an educator and will look back on my years of teaching with nothing but positive regard. My heart is and will always be with Browning and the people of our community.

Sincerely,
