

Special Programs

January, 2015

Special Education

The Special Education staff are working this month on completing the School Age: Individual Procedural Compliance Review of 12 ODE selected files. There are 46 areas that the state has you look at to make sure are in compliance on their selected files.

English Language Learners

ODE has our plan and is reviewing it at this time.

AVID- Advancement via Individual Determination

AVID tutors have been hired and are attending training on 1/12/16. We are hoping to get them in the Tutorial classes by the end of January.

We reapplied for the NIKE innovation Grant to support AVID. We will find out in April if we receive these funds.

Homeless

The Angel's Attic has helped several families before the holidays this year. The seniors are getting things built, organized and people are starting to access this.
