Approval for Purchase of Istation License

Istation is used in grades K-8 for beginning of the year, middle of the year, and end of the year screening. The program is also used for Response to Intervention purposes and gives monthly reports on learner progress. Istation is provided in both Spanish and English. In addition, learners may use the web-based program at home for further intervention and acceleration.

Although the state paid for grades 3-5 in 2016-2017, we cannot guarantee their funding. Therefore, the costs listed below reflect the district paying for all licenses for elementary and middle school Istation.

The itemized costs are:

• TX-Istation Grades 6-8 (Reading, Math, and Home Use) at 3 campuses	\$7,980.00
• PK-2 Istation (Reading and Home Use – English and Spanish) at 2 campuses	\$21,760.00
• PK-2 Istation (Reading and Home Use – English) at 8 campuses	\$64,610.00
• Professional Development Onsite	<u>\$5,000.00</u>
Total Cost	\$99,350.00

Since the purchase is over \$50,000, Board approval is required for this expenditure.
