TOTAL—424

Imagine, Explore, and Discover was this year's theme for Texas Public Schools Week. Our celebration was a huge success. We served 138 Moms on Tuesday, 128 Dads on Wednesday, and 125 Grandparents on Wednesday. Mrs. Vargas and her staff did a great job. The community-wide open house event concluded with a celebration of reading: A musical, Dr. Seuss-style. As always, Ms. Saunders and the Second Graders performed a great show.

Afternoon tutorials are continuing with consistent participation from our students. STAAR benchmarks and progress monitoring are still being conducted by grade levels. Groups are meeting every Friday to collaborate and share suggestions of successful learning strategies.

Testing season is upon us! The end of this month finds our Fourth and Fifth graders participating in the first round of STAAR testing beginning with 4th grade taking their Writing sections on March 27th and the 29th; while the 5th graders participate in Math on the 28th and Reading on the 29th. TELPAS testing for our LEP students is scheduled for March 29th and March 30th. The final round of testing will be during the week of April 24th. This will involve all 3rd, 4th, and 5th graders.
