Bullying	1

Staff Development (October 1, 2012 to October 31, 2012)

Yolanda Rueda - Food safety for Science	10/31/2012 - 10/31/2012

Principal's General Narrative:

October has been a great month to be a Brackett ISD Tiger. Our academics and extracurricular activities have been outstanding. Our tutorial program has on track and running at full capacity every Monday and Thursday evening in the library. It is amazing to watch the teachers work with students and see the passion held by our teachers pushing students to be their best. Our Volleyball teams made it to the area round of the playoffs and lost to a fierce Burton team but gained some valuable experience for those young returning players in the years to come. Ten and Zero is a phenomenal district record that is almost unheard of in volleyball seasons. Our cross-country girls made a strong second place showing at district and qualified for the area competition with Jaclyn Abbey gaining another trip to the state contest for her second place area finish. This is incredible success for our always successful cross-country team. Our FFA Leadership Teams competed at the Texas State Invitational contest at San Marcos and have three new banners to hang in the trophy case this year. Wins in creed speaking and Radio Team were brought home by Jeyson Price, Tyler Schuster, Cooper Newsom and Shelby Schuster. The District FFA Leadership Competition is this week in Hondo and we wish those students well. Our Brackett Tiger Football team is nearing the end of the season with one game left and has a 7-2 record going into the final game of the season. The tigers should make a strong run in the playoffs and the community support behind the Tigers has been unreal. There are a number of great school-community related activities including the Frontier Christmas activities that students will be involved in this month, that are great school projects for students to be very visible in the community and build on those relationships. It is great to be part of this great school and work to see the vision of our students, faculty and staff as that vision becomes reality.

Kevin W. Newsom – High School Principal
