Re: Superintendent Report
Date: April 2025

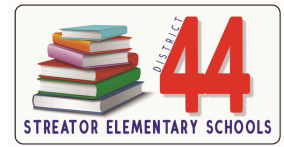

Included is a deeper dive of the discipline information that was given in the March Board Report. This is a breakdown of each schools' office referrals by federal civil rights categories which were surfaced through School Dashboard. These are the current totals for the 2025-2025 school year.

The chart below is the number of individual students receiving an official referral. If a student received multiple referrals they were only counted 1 time.

Streator Elementary School District #44

The chart below is the % of students in that category that received an office referral. For instance: 17% of all black students at Centennial have received an office referral.
