

ESSER Inventory Control Project

ESSER Inventory Control Project

Primary Project Goal:

Develop procedures for better internal controls of...

...Technology Mobile Commodity (TMC)

...Fixed Assets

ESSER Inventory Control Project

Potential Secondary Goals:

Hire Financial Coordinator

Purchase and/or enhance software

Utilization of barcode tagging system

ESSER Inventory Control Project

Potential Secondary Goals:

Hire Financial Coordinator

Completed March 1, 2023

19 years with FSPS

ESSER Inventory Control Project

Current progress report:

Investigating peer district approaches

Extensively researching Destiny Resource Manager
(Destiny)

ESSER Inventory Control Project

Current conclusions:

- 1) There is no one software to manage TMCs and Fixed Assets effectively.
- 2) There are no “work groups” or industry training sites. All learning appears to be software specific.
- 3) We will focus on Destiny internal controls first, then move our focus to Fixed Asset solutions
