## **Boys Track**

Our boys track team had a very productive year as it was cut short due to the COVID-19 virus. The boys track team consisted of 56 members that competed in track meets. The overall success of this year's track program was the fact that every boy began speed training starting in the month of January. We saw results at the meets from every individual as we improved times each week. We competed in 4 meets before we were not allowed to come back to school. Within those meets, we medaled in the 4x1 and the 4x2 at every meet. We also finished in the top 3 as an overall team in 3 of the meets and won the JV division in 2 of them. We were never able to get our full track team together to compete as one because of basketball postseason and baseball tournament season. I believe that we built a good foundation for our track program in the upcoming years as we look to continue to raise the bar for our program.

## **Girls Track**

With a season cut short abruptly due to COVID we were unable to compete in district and beyond. However, with that being said we showed to be headed towards a very successful season. In the 4 meets we competed in we were 2<sup>nd</sup> at both the Godley Invitational and the Brock Invitational while winning both the Bluebonnet Relays and the Lampasas Invitational. We came home every meet with a bag complete of medals with many top finishes in multiple events each time the Lady Lions competed. Graduating seniors include Trinity Jackson, Aleyia Cotton, Kenya Barnes, Alyssa Couey, Aleia Burkett, and Alyssa Preston. These seniors have made a lasting impression on the program and were doing a very great job at leading the Lady Lions this year. Alyssa Couey has been nominated for TGCA Academic All-State and recipients will be announced mid June.
