

## **BP 7511 NAMING OF FACILITY**

The School Board believes it is appropriate for schools or individual buildings to be named:

1. In honor of individuals who have made outstanding contributions to the community, state or borough; or
2. In recognition of the geographic areas in which the school or building is located.

No school facility should be named for a commercial development unless the name existed in the area prior to the development.

The District shall implement a process to seek public input from the community in the naming of a school facility, and the School Board shall appoint an ad hoc committee to review all name suggestions for the School Board's consideration. The ad hoc committee shall consist of at least two members from each of the following groups:

- School Board
- District Administration
- Certificated Teaching Staff
- Classified Support Staff
- Students
- Parents
- Community, at large

The Board shall review and take action on the committee's recommendation(s) at a duly noticed public meeting.
