The superintendent will ensure all Section 504-qualified students with disabilities are identified annually. Students will be evaluated by a team of individuals knowledgeable about the student, the meaning of the evaluation data and placement options. Services will be provided as required by law.

The superintendent will develop administrative regulations as needed for the implementation of this policy and to meet the requirements of state and federal law. Regulations will include provisions to ensure notice of the district’s responsibilities are provided as required and that procedures are established for students, parents and staff with complaints concerning district compliance with the provisions of law.
