AGENDA ITEM:	Superintendent Teacher Advisory Council Feedback Discussion
AGENDA LOCATION:	Information Only ▾
PRESENTER TITLE & NAME:	Dr. Courtney Carpenter
DEPARTMENT:	Administration

BACKGROUND INFORMATION

The Superintendent Teacher Advisory Council commenced this fall. The purpose of the Superintendent Advisory Council is to provide a method to collect feedback and input on campus and district initiatives, events, and processes. The Council is comprised of two teachers from each campus. These teacher leaders have engaged their respective staffs in a variety of open-ended questions to collect feedback in several areas.

The most recent process included the advisory council representatives collecting feedback related to immediate staff needs for this spring and other retention ideas as we close out this school year.

This agenda item serves as an opportunity for the district administration to share with the Board of Trustees the feedback and ideas moving forward to ensure staff receives the support they need.
