From: Dr. Robert D. Petersen, Business Administrator

Subject: **BUDGET HEARING --- June 8, 2022**

Currently, we have a "draft" budget on file should any patron make a request to see our proposed budget. Included with your meeting packet is this "draft" budget. By Board meeting time, we will provide you with a "finalized" document.

For the current year (FY 22), expenses have been put at a level that matches revenue plus some fund balance. At the June 8th hearing, this will be our final time to approve the current year budget before the fiscal year ends on June 30, 2021. It is our practice to over budget expenses for the current year so that we can comply with budget rules from the State Auditor's Office. We are projecting surpluses in all funds.

For this budget hearing, we need the following two motions approved:

1. Approval of the final 2020-2021 budget.
2. Approval of the "working" 2021 -2022 budget.

State law mandates that school districts hold a budget hearing by June 21st.
