Background Information

The number and length of board meetings, board workshops, and committee meetings are problematic. To streamline decision-making, the Superintendent suggests revamping the entire meeting schedule instead of making incremental changes.

- On the 2nd and 4th Mondays of each month, conduct a workshop at 5:30 pm and a regular meeting at 7:00 pm. The goal would be to finish by 8:00 or 8:30 each night. Workshops would focus on issues to be discussed in-depth as well as operational issues such as finance, personnel, and operations. Regular meetings would include items that require board action.
- Agenda Committee meetings would be held on a day shortly after a regular meeting so there could be additional time between the Agenda Committee and the next board meeting.
- The Negotiations Committee would still meet with certified bargaining groups or a staff team could negotiate within parameters set by the board.
- Other committees would be disbanded.
