- 20% Data Meetings went well
- STEAM Night - March 12th

## **Parent Involvement**

- The Rotary grant has been awarded to PTO for the playground; the amount is unknown until after Porchfest in June.
- Movie night went well, not as much disruption with kids running around
- Kindness Week - Carly reports that she is working with Mr. Standley and his Leadership students. Each day during the week will have a different theme and be a different dress-up day to support that theme. She met with him yesterday and if the PTO is willing to vote funds to be spent on pins that could be awarded to students who take their kindness "above and beyond". Carly has researched pins and they cost about \$25-30 for 100 and we could save any additional pins until next year. Additional pins could go towards a special event for these students, such as 'ice cream social with a leader' or whatever is decided.
- Classified Staff Week - Krissy reports that she will be doing lunch on Monday 3/2. Book Fair - Carly has been communicating with Ms. Graham about the upcoming event. Will be arranging times for sign-ups and reaching out within the next month.
