**Re: Innovative Courses**

In order to provide the opportunity for CISD students to earn an Associate of Arts degree from Dallas College while enrolled in our district, we request the addition of the course titled College Transition (PEIMS Code N1290050) to be approved as an Innovative Course at both CHS and NTH@C. This course is on the TEA list of approved Innovative Courses for 2022-2023 and we anticipate it being on the approved list for 2023-2024 when it is released by TEA.

By adding College Transition (also called EDUC 1300 at Dallas College), we will now offer Dual Credit courses to comprise an entire Associate of Arts degree for our students.

**RECOMMENDATION:**

**That the Coppel ISD Board of Trustees approves College Transition as an Innovative Course for the 2023-2024 school year.**
